\*NAVY MOVES:

The access code for part 2 is-"786169"

PART 1: Move back slightly when you encounter a mine. They're much less sensitive from the rear. Avoid jetski bullets by jumping or ducking. When approaching sharks, move the up and down nut left and right. Octopi and sea monsters are easily thwarted by holding down fire until both missiles are ignited and then releasing. Struggle to dock with a submarine? Put a mini-sub in the gap between the tailfin and the hull, face the left of the screen and move upwards slowly, the computer takes over the docking procedure for you.

PART 2: The code is 948411.

Arrows indicate the direction of the lifts. Kill white marines and flamethrower troops to get more ammo. Stand over the body and search thoroughly. To get the code of an official, you must shoot him with a gun, not a flamethrower. To enter computer codes, stand by a terminal, push up and

---

you'll be asked for a code. Two of the codes are: transmit message: 1st or 2nd transmission official open door: 1st or 2nd machine official to open the reactor door, use the terminal next to the reactor. The computer confirms the bomb is planted. Go out, use the same terminal you used to open the door and transmit the following: "OABERYAMD". Now type "END" at the ready prompt and run like hell to the conning tower.

\*NEW ZEALAND STORY:

On the title screen, type "FLUFFYKIWIS" for unlimited lives. Press the 'HELP' key to skip levels.

On other versions pause the game, and press 'M'. You should hear a laser gun sound. Type "MOTHERFUCKENKIWIBASTARDS". Unlimited lives are yours.

Near the end of level 1-1 there are three large steps that you must climb to reach your brother (sister?), who is in a cage. Stand at the left edge of the top step, facing left and jump. But as you jump, fire. If your current weapon is arrows, fire halfway up, but if your weapon is bombs, fire at the top of your jump. A whirl-wind should appear after four hits, and it will take you to level 1-4.

On level 1-2 shoot the baddies and collect the blue E on the floor to the right. Now hop back to the point you started at and stand on the last two blocks on the left side of the second floor. Shoot towards the left wall while doing tiny hops, and the warp will appear. This will bring you to level 1-2 where there are 2 Extend Life Pills

On level 1-3 from the starting position there are 12 ledges and a wall to the right. Go to the other side of the wall and fire to the left towards the second ledge from the bottom. Ship required. This will bring you to level 2-1 near the end of the round.

In 1-4, you will be in a little box under some water. Go up and to the right, and you come out in a small room with three boxes on the right hand side. Go up these, and you will see 4 long spaces, the top one having an {N} and a {D} in it. Go up to the top one, get the letters, stand in the centre of the space, facing left, and fire. yep, you guessed it, another whirl-wind. This one takes you to level 2-4.

On level 2-1 above your kiwi friend is a small tunnel which takes you to some stair-like ledges leading to a small cavern where there are two fruits. Fire at the fruit on the right. Ship needed to reach tunnel. This brings you to level 3-4.

On level 2-2 find a balloon and float up to where the bears on balloons emerge. Stand to the right of the green left-pointing arrow and shoot the bears balloons away. Repeat this until the warp appears. This brings you to the end of level 2-2.

On level 2-2 there is a ledge with a green arrow pointing right. Jump up into the water. This takes you to level 2-2 halfway through the level.

---

On level 2-3 follow the first water you come to. At the end are two ledges with spikes below. Stand on one ledge and fire at the other. This takes you to level 2-3 takes you halfway through the level.

On level 2-4 , stand at the entrance to the room where the giant octopus is located and fire to the right several times. A warp will appear that will take you to the beginning of level 3-1.

On level 4-1 above the Extend Life Pills is a tunnel. Fire above the 2nd letter from the right. You must be on a duck ship for it to work. This brings you to level 4-2.

On level 4-4 below the kiwi to the left are some spikes. Stand on the left hand side of them and using small jumps fire to the right. This brings you to level 5-1.

When you reach the ice whale, move to the right-hand side of the spikes, avoid the crystals, and wait until he picks you up. Once inside the whale, you can start shooting, but avoid the ice drops.

Meeting the rock monster without bombs makes him difficult to pass. So collect bombs, go to the highest platform and shoot him. Kill it by either dodging the bullets and hitting it when the doors open, or by fireballs.

The last boss you encounter is the balloon seal. He cant be killed, by blows to the body, so you must hit the balloon. Be careful for the balloon seal is armed with a cannon and shoots cannon balls at Tiki.
