

nthacity, that's right, another Shareware font from MADtype, Matthew Aaron Desmond. This font emulates the raw handwriting of an inner city graffiti artist, this font represents.

there are two extra characters at option-shift-1 and
option-shift-m

You may use this font for 30 days and If you like it, just send me a check in the mail. Please encourage me to make more cool fonts by registering this one!! Half of the money I get from this font will go towards an inner city charity fund.
