ClipDragon Menus

ABOUT MENU

About ClipDragon
    This menu item will display a window telling your just about everything you want to know about
    ClipDragon and its makers.

FILE MENU

Convert…   âŒ˜O
    This menu option will present a dialog to select a document to be converted. The resulting
    document will replace the original if the original is a ClipDragon supported document. If the
    document is supported by the Translation Manager it will be treated as a "Convert As…"
    selection.

Convert As…   âŒ˜S
    This menu option works much as the standard Convert menu item, except that a second dialog is
    presented to select a new name and/or location for the converted file.

Preferences… âŒ˜;
    This menu option will present the Preferences Dialog previously discussed.

Quit   âŒ˜Q
    This menu option will exit ClipDragon.

EDIT MENU

    This menu is available only when using the text fields of the Preferences dialog.
