Special Thanks to...

I would like to thank all of the registered users for supporting the development of the Label Printer Pro series over the last two years. It took a long time to develop version 5.1.2, and I am very grateful for the support of the Mac community.

I would also like to thank the following programmers, testers, and artists for their invaluable help:

All of my beta testers for their time and patience.

[Aaron Dietrich](#), for programming and design feedback.

[Kevin J. Bricknell](#), for maintaining the excellent Macintosh C Online Programming Guide - <http://cafe.AmbrosiaSW.com/macintosh-c/macconlinehtml.html>

[Alessandro Levi Montalcini](#), author of the SimpleText Color Menu, for helping with the color menu code.

[Harvey Lubin](#), of AGRAPHA Design (www.agrapha.com) for providing the Zip and Jaz Plug-In "platinum" icons.

[William Edward Woody](#), for general development support.

[Apple Developer Technical Support](#), who posted many very good USENET messages on Mac OS programming.

and finally, [Metrowerks](#), for making CodeWarrior Pro such a good product.

Libraries...

The following freeware libraries are used by the Ultimate Label Printer Pro.

[BitMap.c 2.0](#) © 1996 by John Montbriand. All rights reserved.
