

Welcome to the Shareware Version of Reminder™, from ***Springtime Software***

This program keeps track of reminder messages, and nags you whenever you wish. This program runs when you start up windows or at any other time for creating or modifying reminders.

To install, and for hints to get you started, just read the file `README.TXT` enclosed. Reminder and its accompanying files are provided in a compressed archive file, `REMINDER.ZIP`. Use `UNZIP.EXE` or `PKUNZIP.EXE` to extract the component files.

This is Shareware! Please help keep the Shareware concept alive. If you use this program regularly, please send your name, address, phone number, and \$10 to:
