rint}

riables for PrintDialog and ViewDialog
If "Yes", print or display thekeyboard layout table
If "Yes", print or display the portrait character set/
If "Yes", print or display the landscape character set.
If "Yes", print or display the sample text strings.
Result of dialog boxes PrintDialog & ViewDialog, 0=Cancel, 1=Go

Calc - Fix headings (see @Property in Help)

On the text page, set the printed area to the same
   same typeface as the "Keyboard" style.
Select the base text lines (No bold etc.)
   and make the other atrributes thesame as
   the Keyboard base style.

Properties of the "Keyboard" style.

Change the parts of the style and these

will change to match after your press F9 (Calc).
