KEY_WORDS,C,128

dBase III, dBase II, Programing, Guide, Examples, Work-arounds

Data Base, Programability, Relational, dBase III+, Review

dBase III, R:Base, Informa, Comparisons, Review, Programability

dbase III, dBase III+, Review, Compiler, dBRun, Clipper, Test Results, Comparisons

dBASE III, dBASE III+, Compiler, Clipper, dB-Compiler, FoxBase, Test Results, Comparisons

Sheet1

COMMENT,C,192

Excellent technical reference on dBase language, programming, details of handling.

One of several good references on database operations. Note - abstract with this reference has some general information.

A comparison of dBase with other programs.

This is one of a series of useful articles which appeared in the 1986-1987 period, and which provided a background on several
