The price is USD 10 for the first two licenses, additional copies are USD 5.

If you wish to receive the registered version on floppy disk, there will be an extra charge of USD 10, to cover shipping and handling.

Upon reception of order and payment, you will be mailed an URL where you can retrieve the latest registered version. Be sure to include a valid email address when you place your order.

Please note that there will be no refunds.

Unfortunately, I will not accept any credit card orders at this time. The safest, fastest and easiest way to pay your order is using the so-called SWIFT-system, a service that's available in banks all over the world. Go to your local bank and ask them to transfer the total amount of your order to:

SWIFT-ID: sprono22

Bank's name: Sparebanken Rogaland (NORWAY)

Account no.: 3201.1228.673

Account holder's name: Jarle Aasland

Be sure to include a valid e-mail address and specify the number of licenses you are ordering. If you for some reason don't use this method, you should send the order form along with a check or international money order payable to

**Jarle Aasland
Dusavikkroken 7**

**4029 Stavanger
NORWAY**

If you are located in Norway, simply transfer the money directly to the bank account above.

The final option is to send me the registration form and include the total amount in cash. This is entirely at your own risk, but with the small amount involved it shouldn't be a problem.
