# Chapter 1

## Kat-Trap

### 1.1 SPECCY POKES - K - Kat-Trap

ZX SPECTRUM (SPECCY heheh) POKES - K

=====

Kat-Trap

=====

| DESCRIPTION    | POKE               |
|----------------|--------------------|
| =====          | =====              |
| Multi-POKE     | 31039,45           |
| Lives = x      | 29362,x (x= 1-128) |
| See End Screen | 31040,0            |

Change x to whatever value you wish, using the POKE option on the ZXAM GUI. Simply click the button to get the maximum value x can be (usually 255).

The "Multi-POKE" gives you Infinite Lives and Grenades.  
(Pity it doesn't make the game any better!)

This is one of my POKES. Enjoy!

Rastan.
