Note that the Immunity POKE does not always work when you are in the chopper (like when fighting the Russian chopper).

One slightly alarming thing was that the game crashed once I had managed to destroy the Russian chopper. I don't know if this is a bugged copy I have (from Speccy Sensations 2), or the game is incompatible with the emulator at that stage, or even if maybe the game's programmer(s) have been clever and makes the game reset if it detects a cheat at that stage (a fairly simple check routine is all that would be needed)..

Oh, and was I the only one in the world who was crap at this game?

Rastan.
