

Format

Format

A word about inspector panels: The Format Menu introduces two inspector panels that let you apply certain options to your cell and sheet formats. Inspector Panels can remain open on your screen (active or inactive) while you continue your work.

The selections on the Format Menu are described below.

| | |
|----------------------|-----------------------|
| cellFormat↵ | globalFormat↵ |
| Cell Style Inspector | Sheet Inspector |
| CellFormat↵ | DisplayFormat↵ |
| Cell Format | Display Format |
| Border↵ | Row&ColumnSize↵ |
| Border | Row and Column Size |
| BaseStyle↵ | reportSetup↵ |
| Base Style | Report Layout |
| pageSetup↵ | orderFrontColorPanel↵ |
| Page Layout | Colors |
| toolBar↵ | fontPanel↵ |
