(If you haven't already, launch Explorer.app)
;Explorer.app/Explorer.rtfd;;¬

Navigate around the CDROM:
When you see a **"**;Welcome.rtfd;;¬", *click on it to jump to that file*

Stone_Apps ± this directory contains demo versions of our software. We recommend that you install them on your hard disk before launching to get a true sense of their speed.

Stone_Packages ± this directory contains the actual software packages for installation onto your hard drive. If you haven't bought a license yet, no problem ± they'll run in demo mode.
And ordering is easy - just try the Stone_Order.app
;Stone_Apps/README.rtf;stoneOrder;¬

Stone_Stuff ± this directory contains tutorials, sample files for all of our software, specifications, etc.

Stone_Friends ± this directory contains interesting efforts by friends of Stone Design - either shareware or public domain.
