Playing the Game

The game of Flag Hunt consists of locating a matching pairs of symbols. The player begins the game and can compete against the timer or tries. When all items are paired up the game is complete.

Rules of the Game

The rules consist of choosing one item then choosing another. If the symbols match the boxes will remain open. If there is not a match the boxes will close and the player may continue. At no given time will there be more than 2 boxes open. Once all of the symbols are matched up the game is complete. The time will keep track of running time of the game. The tries will keep track of each time a box is opened or closed by the player. This does not include when a mismatch occurs and the boxes are closed.

Game Beginner

The Beginner level of Flag Hunt consists of a 4X4 matrix with 8 different symbols to be matched up.

Game Intermediate

The Intermediate level of Flag Hunt consists of a 6X6 matrix with 18 symbols to be matched up.

Game Advanced

The Advanced level of Flag Hunt consists of a 6X10 matrix with 30 symbols to be matched up.
