Icon Cleaner

January, 1994

General

If you are like me you have directories full of icons using up disk space on your system. The Icon Cleaner can help you keep things better organized and help keep the "junk cleaned up". This is the second release of the program. The original (August, 1993) was released as part of a package called The Cleaners. Many Thanks to the following individuals that registered the original version. They are free to use this copy at no additional charge.

Honest Persons List:

Ralph Burris	Studio City, CA
Terence McChrystal	Cathedral City, CA
William Fells	N. Lauderdale, FL
Harry Bystroem	N-3360 Geithus, NORWAY

Setup

1. Copy the file THREED.VBX (supplied) to your Windows\System directory. This will allow the program to find it when it is run.

2. Make sure you have a copy of VBRUN300.DLL in your Windows\System directory. Icon Cleaner was written in VB 3.0 and requires this file to run. I have not supplied this file due to its size. A copy can be downloaded from most bulletin boards.

3. Copy ICONCLEN.EXE and ICONCLEN.HLP to the directory of your choice. Note that both files must be in the same directory for the On-Line help to work properly.

4. Install ICONCLEN.EXE in the Program Manager Group of your choice. Refer to the Windows Manual for details.

5. Double click the program icon to start the program.

Program Operations

ICONCLEN.EXE - This program allows you to view icon files one at a time (*.ico), but in addition it allows you to copy, delete and move files as you are viewing them. A special feature allows you to save any icon as a BMP file if you desire. The program will accept a command line, therefore, you may associate it with the *.ico extension in File Manager if you wish.

This new version includes two new features.
   1. On-Line Help has been added.
   2. X-Dups has been added. This feature allows you to eliminate duplicate icon pictures from any directory. X-Dups can run in the background while you do other tasks.

Please see the On-Line Help for details of all the program features.

Warranties

The author (me) assumes no liability for any loss you may associate with the use of this program. I have tested the program on my computer and have experienced no problems, however I do not know what your system is like. If you have a particular problem or question you can contact me on Compuserve (see info below). I will be glad to try to help.

ShareWare

This program is NOT FREE. If you plan to use it after 30 days of receipt then please mail $5.00

Salisbury, NC 28147

I appreciate your evaluation, however, I appreciate being paid for my work if you continue use of the programs. Honesty is the best policy (believe it or not).

Distribution
If you upload this program on to other BBS's or give it away, please make sure that you include the following files:

THREED.VBX
ICONCLEN.EXE
ICONCLEN.HLP
ICONCLEN.WRI

Thanks,
