

~Alrighty, this is the first MAC DOOM FAQ! I didn't write it, I copied it from the IBM format! Some chapters, you will notice, are missing...this because they were about things we don't have to worry about (Sound Cards for example). You shouldn't have trouble with this new STAND ALONE FAQ, but if you do, you can contact me at BiggyGeek...GOOD! Some of the info in here is a little bit hard to understand...I can't help it, it was made on an IBM, the info is a lot more technical. This IS like the encyclopedia of DOOM though. There is more info in this FAQ than anywhere else about this game, unless you buy a book, but even then you won't find some of this...Happy Fragging!!!!!!~
