"I realized I made the right choice when other media specialists in my county who had bought another automation system found that they could not load their software by themselves."

Carolyn Asbell, Librarian
Mathews Elementary, Midland, GA.

"I realized Alexandria was the right choice when I had a problem and I called for help. I *immediately* got an answer. No voice mail, no holding, no MUSAK, but a real nice helpful human being! Thanks."

Karen Fleming, Learning Resources Director
Brentwood High School, St. Louis, MO.

"I went into the program and was very pleased to discover just how easy it was to use. All the fears I had of failure and of a confusing program went away. I was left with a feeling of power and accomplishment. . . . Alexandria made it so easy and made me look like a pro. Thanks!"

JoAnn Bjork
Wick Elementary, Romulus, MI

"Alexandria was the catalyst for overhauling my entire program! I can now be with the students instead of being chained to a never-ending cycle of paperwork. . . . The extra time left me with the often-wished-for opportunity of teaching library skills in depth to all my students."

J. Scott Hay, Librarian
Valley Institute, Bristol, VA

"When first graders could easily check out their own books, I knew Alexandria was the right choice."

Tinye Harding, Librarian
Dearing Elementary School, Dearing, GA

“When I needed to check for subject references for a student at the checkout, I was able to switch to the catalog – without having to go to another station or take 5 minutes to exit out of circulation – and locate some sources! That flexibility counts.”

Carey Bacon, Librarian
Blaine High School, Blaine., WA

“After previewing and comparing the top automation programs, I knew before purchasing Alexandria that it was the best software program. I am re-convinced every single day! ”

Kim Brown, Media Specialist
Air Line Elementary School, Bowersville, GA

“I knew when I called COMPanion Support at 2 a.m. on Sunday morning and talked to Phil that I had the right company. I have never been placed on hold.”

Rebecca Perkins, Librarian
Belle Plaine Senior High, Belle Plaine MN

“I was glad I purchased Alexandria sometime in August when I realized that we were going to make it – that the media center would be ready to open in September even though we didn’t start the process or even have Alexandria approved until mid-May.”

LeRoy G. Mackove, Superintendent
Osakis Public Schools, Osakis, MN

“I was glad to purchase Alexandria when the library volunteers said, “Oh, this is so simple!”

Cathy Leverkus, Tech Coordinator
Willows Communities School, Culver City, CA

“I’m glad I have Alexandria when I need support. I have heard horror stories from librarians with other systems who wait hours or days to get answers to questions. I love it that I can call and talk to someone immediately.”

Marilyn Tuohy, Librarian
Annie Wright School
Tacoma, WA

“The technical support has been fantastic from your company. One Saturday morning , our tech person and I were running the reorganize and optimize utility program and needed help. We called and got the answer right away.”
