July 26, 1994

Dear Open Systems Environment Implementors' Workshop (OIW) Participant:

Plan to join us for the September 12-16, 1994 Workshop. The cutoff date for advance registration is August 19.

New and special activities planned for the September 1994 OIW include:

- A tutorial is planned for Monday, September 12, from 9 a.m.-12:30 p.m. on "Changes Between 1994 IS/DIS ASN.1 and 1990 ASN.1" by Bancroft Scott. This tutorial presents the 1994 ASN.1 notation. An introduction to the encoding rule changes and the new ASN.1 encoding rules (CER, DEF, PER) will be given. The tutorial identifies the benefits of the 1994 ASN.1 relative to the 1990 ASN.1 and addresses migration issues between the two.

The cost of this tutorial is \$65 per person unless paying a one day or weekly registration fee to attend the OIW SIG meetings. If you need registration forms, please call Teresa Bolton at (301) 975-3775 or Brenda Gray at (301) 975-3664. They will be faxed to you.

- The Convergence group will review comments submitted on the Internet and TUBA Profiles and begin preparing a Study report on convergence activities currently underway in OIW SIGs.
- The Electronic Commerce Study Group will be discussing recent activities in the Federal Electronic Commerce Acquisition Team their requirements for interoperability and exchanging information with members of the European Commission's EDI project.
- New technical activities are starting work on Distributed Systems Management and Distributed Systems Performance Metrics.

NIST Special Publication 500-214, "Stable Implementation Agreements for Open Systems Interconnection Protocols, Version 7 housed on a CD ROM will be available for sale at \$15 per CD ROM while supply lasts.

If you would like to order a CD ROM when you are advance registering, just circle it on the registration form you are sending to Rochelle Miller, IEEE Computer Society, and include the \$15 per copy in your total registration fee.

If you need further assistance, feel free to call me at (301) 975-2245 or Brenda Gray at (301) 975-3664.

Very truly yours,

Ted Landberg, OIW Chairman Attachments (3)
