

# Puzzle-8 for Windows

## Description

Puzzle-8 for Windows is a computerized version of the well-known 8 tile puzzle. To solve the puzzle, one starts with a scrambled tile arrangement like the following:

```
-----  
| 3 |   | 8 |  
-----  
| 2 | 5 | 7 |  
-----  
| 1 | 4 | 6 |  
-----
```

and then moves tiles into the empty square until the tiles are arranged as follows:

```
-----  
| 1 | 2 | 3 |  
-----  
| 4 |   | 5 |  
-----  
| 6 | 7 | 8 |  
-----
```

## Running the Program

After starting the program, select the Start Game button with the mouse. The tiles will be scrambled, and you can begin solving the puzzle.

## Moving Tiles

A tile can be moved if sliding it one position up, down, left, or right will place it in the empty square. To move a tile, select it with the mouse. The program will beep if you attempt an illegal move.

## On-Line Help

To get help while the program is running, select the Help button with the mouse.

## Program Info.

To get information about this program (i.e. version number, copyright, etc), select the About this Program... button with the mouse.

## Quitting the Program

When you're finished running the program, select the Exit Program button with the mouse.
