

he Commentary folder also uses the 12 icon arrangement, including the • Earlier Files • folder. Again, the BOLD file names designate new folders since the users last call. These icons try to represent a scrolling text window, which is what you get when you double-click one.

he For Sale or Wanted icon uses folders that indicate to the caller that they support uploading to the folder, as well as downloading from it, so that users can place ads in these folders. In other file areas, you can only download.

iew By Date and small icon is used in these folders. Files are removed after 30 days, unless the owner wants them to stay around longer.
