C. Keith Ray   *Résumé*

Seeking a Macintosh programming position in a team environment, producing application and/or system programs for the Mac-OS and/or other enviroments and computers (such as A/UX or X-Windows under Unix or DEC machines.

Education

Baylor University, 1986, Bachelor of Science in Computer Science
Upsilon Pi Epsilon - The Computer Science Honor Society

Arlington High School, 1982
National Honor Society

Summer Sciences Institute in Physics, 1981
University of Texas at Arlington

Work History

Year	Place	Supervisor	Job Title	Salary
1984 Summer	UT Southwestern	Dr. Ernest Stokely	Programmer/Analyst	
1984 - 1985	Baylor University	Dr. Harry Olson	Computer Lab Helper	
1985 Summer	UT Southwestern	Stokely / Dr. Michael Devous	Programmer/Analyst	
1985 - 1986	Baylor University	John Morton	Computer Lab Helper	
1986	Information Plus	Charles Scoggin	Application Programmer	20 K
1986 Fall - Today	UT Southwestern	Dr. Peter Antich	Programmer/Analyst	24 K

Positions at Baylor University in Waco, TX were in Computer Sciences and Engineering, and in the Academic Computing Center.

Positions at UT Southwestern Medical Center, Dallas TX were in Radiology Imaging Center, Imaging/Cardiology, and (at present) Applied Radiological Research Center.

Experience

Programming Languages: Pascal (many dialects), C (several dialects), FORTRAN (many dialects), and 68000 Assembly. Informal experience in BASIC, Forth, Z-80 Assembly. Have also studied AWK, Logo, Pilot, Lisp, APL, Snobol, COBOL, Modula-2, SmallTalk, Ada, 8080 Assembly, YACC, PL/1, CODASYL Databases, Relational Databases, and Prolog.

Machines and Operating Systems: Macintosh - OS, VAX - Berkeley Unix, VAX - VMS, Data General - AOS / Unix, AT&T 3B2 - Unix, IBM PC - PC-DOS, IBM PC - Xenix, PDP-11 - RSX-11, Perkin-Elmer OS, Apple - AppleDos, Apple - USCD.

Skills

Scientific and Graphics programming, using appropriate languages and computers as needed. Documentation of my programming and of proposed projects. Finding and using appropriate third-party hardware and software to meet productivity needs for myself and others. Some desktop publishing.
