

Balloon Help™ ResEditors
(ResEdit 2.1.1 Editor Resources for System 7)
Version 1.1 by Alan Coopersmith, January 1993

These are TMPL resources to be installed in your "ResEdit Preferences" file. They allow your copy of ResEdit™ to make some (but not complete) sense of the following resource types (used by the Help Manager) :

hmnu - Help Balloon Resource for Menus
hdlg - Help Balloon Resource for Dialogs
hrct - Help Balloon Rectangle List
hovr - Help Balloon Override List
hfdr - Help Balloon Resource for Finder Icons

These resource editors (or more precisely, templates) are based on information contained in the document BalloonTypes.r (©1989-1991 Apple Computer, Inc.)

["Balloon Help" and "ResEdit" are trademarks of Apple Computer, Inc.]

These documents may be distributed only as part of the System 7 ResEditors 1.1 set. (See the "ReadMe" file is included with the ResEditors set for more info.)
