# Imerys Roof Tiles... the natural choice for your next project

20 x 30

NEW

The Huguenot 20 x 30 Clay Plain Tile is manufactured at St Germer de Fly in the Beauvais region.

This innovative product combines the larger economical size of 200 x 300 with a discreetly shouldered cross camber and unique anti-capillary channels.

Available in four mellow colours, the St Germer 20 x 30 offers installation cost savings over traditional concrete or clay plain tiles without compromising aesthetics.

Omega 13 S<sup>te</sup> Foy

The Ste Foy Omega 13 is a fully interlocking Romane style clay tile, made in the Rhodanien region of France. It offers the appearance of a genuine canal tile, thanks to its rebated hidden headlock and contrasting relationship between its bold roll and flat area. It is well suited to modern developments requiring more intricate detailing. It also offers horizontal and vertical play plus an extensive range of matching accessories. Available in an exciting range of Mediterranean colours.

Rouge Nuancé Rouge Vielli Nuancé Vieux Toits

Quantity per pallet:	288 tiles

Nail size:	40 x 3mm Alloy

Rustique Nuage Rustic Fonce

Diamant

The Diamant tile is produced at the St Germer tiler in northern France.

Bold original and thoroughly modern the Diamant tile is quite unique. Completely unrivalled in shape and design, appearance and effect, the diamant tile offers a rare combination of aesthetics for architects with the vision and imagination to specify something refreshingly innovative for their new build and refurbishments.

Its beautifully smooth angular surfaces reflect colour and light like never before, challenging traditionally held views on roofing. Daring original and fiercely contemporary.

Argentique Burnt Red

Quantity per pallet:	240 tiles
No. of tiles:	10 per m <sup>2</sup>
Nominal gauge:	380mm
Linear cover:	260mm
Minimum headlap:	70mm

Bullnose Options:

Ste Foy 27 x 41

Introducing the UK's most economical clay plain tile which has all the beauty and aesthetics of a plain tile of conventional size. The highly durable clays from the S<sup>te</sup> Foy regional give the 27 x 41 exceptional transverse strength. Each tile also has anti-capillary grooves for enhanced performance. With reduced labour and materials, cost savings over concrete plain tiles are now a reality!

The S<sup>te</sup> Foy 27 x 41 combines modern technology with traditional methods without costing the earth. Available in Rouge Nuancé and Chevreuse colours for a mature, mellow, charismatic appearance.
