

Mission Briefing

The pictures in this chapter have been eliminated to save space, and therefore download time (and money).

Pressing the 'B' key on the Main Screen will take you to the first screen in the Mission Briefing. You can navigate through the Mission Briefing screens using the arrow keys on your keyboard. The right arrow takes you to the next screen and the left arrow takes you to the previous screen. Some screens have scrolling text - use the up and down arrows to scroll.

The following chapters contain much the same information that can be found on the Mission Briefing screens in the game.
