## Animated Cursor Set

### Version 1.0

## Installation Instructions

Congratulations! You've just downloaded the neatest little set of animated cursors around. Just follow the installation procedures, and you'll be on your way to using Tiger.

*(Reminder: If you don't have Windows® 95 or Windows NT™, then you can't use Tiger. Sorry!)*

From the downloaded self-extracting file "Tiger10.exe", you received the following files:

**Tiger Setup.wri:** The text file you are now reading. It contains the installation procedures for the Tiger Animated Cursor Set

**Order Form.wri:** An Order Form for purchasing the full set of the Tiger Animated Cursor Set

**Catalog.wri** A catalog file listing the cursor sets available from K'n S Associates. Along with the cursor set names, the file includes catalog numbers, unit prices, and color pictures to represent the cursors.

**Tiger Full Set.zip:** A compressed file containing the full set of 16 Tiger cursors (requires a password to decompress)

**Tiger Normal Select.ani:** Demo cursor used for normal pointing.

**Tiger Text Select.ani:** Demo cursor used for text selection.

**Tiger Diagonal Resize 1.ani:** Demo cursor used for resizing a window diagonally.

The following is a list of the Windows® 95 (also for NT 4.0) and Windows NT™ (version 3.51 or below) cursor/pointer types for which the demo cursor files would best be used (these are only suggestions):

<u>File Name</u>	<u>Cursor/Pointer Types For:</u>

Tiger Normal Select.ani	Normal Select	Arrow
Tiger Text Select.ani	Text Select	I-Beam

To purchase a full version of the Tiger Animated Cursor Set, or any of the cursor sets, print and fill out the order form located in the file "Order Form.wri" and mail it along with either a check or money order today. (Sorry, we do not accept credit cards.) You will then be emailed a password for each set you order that will enable you to unzip (decompress) the file containing the full set of cursors. Or, if you prefer, you may order an uncompressed version of the cursor sets which you will receive via U.S. Mail on a floppy disk (U.S. orders only).

WinZip® Internet site at <http://www.winzip.com>. Instructions for Extracting Files from a zip archive can be found in the **Brief Tutorial** under the WinZip® **Help** pull-down menu.
