

# Index of objects, methods, and properties

## A

Activate method, 27  
ActiveCatalog property, 65  
ActivePage property, 65  
ActiveWorkBook property, 66  
Add method, 28  
AddArcTo method, 31  
AddEdge method, 32  
AddEllipse method, 33  
AddFilletAt method, 34  
AddLineTo method, 35  
AddOleObject method, 36  
AddPage method, 37  
AddSplineTo method, 38  
Application object, 8  
Application property, 67

## B

Background property, 68  
BumpsFile property, 69  
BumpsHeight property, 70

## C

Camera object, 9  
Catalog object, 10  
CatalogEntries object, 11  
Catalogs object, 12  
Catalogs property, 71  
Closed property, 72  
Collection objects, 6  
Component object, 13  
Components object, 16  
Components property, 73  
Construction property, 74  
Copy method, 39

Count property, 75  
CreateSurfaceFinish method, 40

## D

DecalFile property, 76  
DecalTransparency property, 77  
DecalTransparencyColor property, 78

## E

Entries property, 79  
Expression property, 80

## F

FieldOfView property, 81  
FitGeometry method, 41  
Flip property, 82  
FullName property, 83

## H

Height property, 84  
HighlightsColor property, 85  
HighlightsIntensity property, 86  
HighlightsShininess property, 87  
HorizontalRatio method, 42  
HorizontalShift method, 43  
HorizontalSplit method, 44

## I

ImageFileDirectories property, 88  
Index property, 89  
InsertSection method, 45  
InsertShape method, 46  
Item method, 47

## L

Label property, 90  
LoadIcon method, 49  
Lock property, 91  
LookAtPointX property, 92  
LookAtPointY property, 92  
LookAtPointZ property, 93

## M

Metallic property, 93  
MirrorReflection property, 94

## N

Name property, 94  
NumberOfCurves property, 95

## O

Object property, 96  
OLEType property, 97  
OriginX property, 98  
OriginY property, 99  
OriginZ property, 100

## P

Page object, 17  
Pages object, 17  
Pages property, 101  
PageWindow object, 18  
PageWindows object, 18  
Pane object, 19  
Panels object, 20  
Panels property, 102  
Parent property, 103  
PreserveAspectRatio property, 104  
Profile property, 105  
ProjectionHeight property, 106  
ProjectionHeightOffset property, 107  
ProjectionType property, 108  
ProjectionWidth property, 109  
ProjectionWidthOffset property, 110

## Q

Quit method, 50

## R

ReflectionFile property, 111  
Reflectivity property, 112  
Remove method, 51  
RenderingStyle property, 113  
Rotation property, 114

## S

Save method, 53  
SaveAs method, 54  
SaveBoundaryRepresentation property, 115  
Saved property, 116  
SaveFacets property, 117  
Scale property, 118  
SetLookAtPoint method, 55  
SetPosition method, 56  
SetSlideDirection method, 57  
SetStartPoint method, 58  
SetUpDirection method, 59  
Shape object, 20  
Shape property, 119  
Shapes object, 21  
Shapes property, 120  
ShowLights property, 121  
ShowModelEdges, 122  
Simplification property, 123  
SlideDirectionU property, 124  
SlideDirectionV property, 125  
SlideDirectionW property, 126  
SurfaceColor property, 127  
SurfaceColorIntensity, 128  
SurfaceFinish object, 22  
SurfaceFinish property, 129

## T

TextureFile property, 130  
Transparency property, 131  
Type property, 132

## U

Units property, 133  
Update method, 60  
UpDirectionU property, 134  
UpDirectionV property, 135  
UpDirectionW property, 136

## V

Value property, 137  
Variable object, 23  
Variable property, 138  
Verb method, 61

Version property, 139  
VerticalRatio property, 140  
VerticalShift property, 141  
VerticalSplit method, 62  
Visible property, 142

## W

Width property, 143  
Windows property, 144  
WorkBook object, 24  
WorkBooks object, 24  
WorkBooks property, 145
