

Howard Wandrei's fiction is undergoing a bit of a revival at the present time, with two hardcover collections from Fedogan & Bremer recently being published, both edited by Dwayne Olson: TIME BURIAL and THE LAST PIN. More collections are planned. While TIME BURIAL reprints sf and fantasy, THE LAST PIN collects some of Wandrei's detective fiction, including "Too Good-Looking" from the December 1937 issue of SPICY DETECTIVE STORIES. Wandrei was present in the March 1938 issue with "Robbery in Reverse".
