

In addition to the Winds of the World chapbooks mentioned previously, many of SPICY DETECTIVE STORIES' tales of Sally the Sleuth were reprinted in the late 1980's in SPICY TALES, a short-lived comic that reprinted not only the adventures of Sally, but those of her sisters as well, such as Diana Daw and Polly of the Plains. A "best of" collection (if there can be such a thing!), entitled (not surprisingly) THE BEST OF SPICY TALES, was also published by Malibu Graphics in 1990. A companion volume, SPICY TALES COLLECTION, reprinted additional strips, including the first seven installments of "Sally the Sleuth."
