Higher Tek is Shareware (\$20). Registered owners are entitled to personalization of their copy of Higher Tek, product support and all updates.

You may use Higher Tek for as long as you wish (i.e., there is no time limit on the trial period). You are under no moral obligation to send in the shareware fee and you are under no obligation to erase Higher Tek if you don't pay the fee. Simply think of the shareware fee as a much-appreciated way to encourage future development and to say "thank you!" Feel free to give Higher Tek to anyone and to distribute it anywhere as long as it is not modified in any way and the accompanying documentation and registration program are included.

Thanks for using Higher Tek!
