# Searching

---

You may conduct a search at any time by clicking the Search icon, located on the toolbar in Acrobat Reader:

You will be greeted by a dialog which looks like this:

The image shows a dialog box titled "Adobe Acrobat Search". The main heading inside is "Find Results Containing Text". Below this is a large empty text input field. To the right of the input field are three buttons: "Search", "Clear", and "Indexes...". Below the input field is an "Options" section enclosed in a dotted border. It contains four checkboxes: "Word Stemming" (checked), "Sounds Like", "Thesaurus", and "Match Case". Below "Match Case" is another checkbox labeled "Proximity". At the bottom of the dialog, a status bar displays the text "Searching in the Acrobat Exchange 2.1 Help index."

Type in the word or phrase you want to find and click the Search button. If the Search icon is not located on your toolbar, Acrobat Search is not installed on your computer. Quit Acrobat Reader and click the "Install Acrobat Search" icon on the Maclopeda CD-ROM to install Acrobat Search. For more info, click [here](#).
