Projects:

Address-Book   address maintaining under MUI

Food:

Basically anything that does not contain mushrooms.

Favourite music:

I've got a pretty weird music taste and do listen to almost anything.
It begins at "Goethe's Erben" and stops with Rave. The only thing that
cannot delight me is Hard'n'Heavy.

Hobbys:

Hanging around lazy, water skiing. Riding motorcycles.

About the pictures (these might not be available):

 Picture 1: This image might not show the best part of me,
        but it does give a good impression of what I like to do most. :)

 Picture 2: Shows me performing one of my (painful) hobbys.
        This is a jump followed by a severe crash over a 1.80m high hump.
