International Orders

Unfortunately, without a credit card there is no simple way to order **ENIGMA** from abroad. You may send a check drawn on a U.S. bank, a U.S. funds Postal Money Order or, if you are feeling lucky, you may send cash.

Another option is **BARTER**. If you make an offer, we will probably take it. Your interest in **ENIGMA** is a compliment and we would like you to enjoy the full game if at all possible. For example, we would be pleased to exchange **ENIGMA** for two very nice decks of playing cards made in (or around) your home country. Please contact us if you have any other ideas!

Use of ENIGMA for at least 15 minutes every day has been shown in non-clinical studies to increase the I.Q. of participating simians anywhere from 10 to 60 points. This can mean the difference between a **DUMMY I.Q.** of 95 and a **GENIUS I.Q.** of 155.

So play ENIGMA, register, and be prepared to send away for special made-to-order extra large hats.
