

Filename: warzone.map
Author: The Warmaster
Email: zenyoda@ix.netcom.com

Description: This level is designed for 2-4 players. It's about the size of the Stadium level. The four protected corners with teleporters are what make the multiplayer fun. Shoot an RPG into the teleporter, you just might kill your opponent! Stocked with weapons everywhere! That's why it's called warzone.map. Have fun kiddies!

Sorry Quake but Duke will always be #1 !!!!!
