Ordering

You can register NetTerm by mail, credit card or through the CompuServe Shareware Registration system. When your order is received, we will send you a registration number to legally enable NetTerm. If you want to receive the registration via electronic mail (Email), please clearly state your address and mail system. We currently support both Internet and CompuServe mail. If you require NetTerm on a diskette or a hard copy manual, please contact us by normal mail using the attached order form. Extensive documentation of NetTerm is available with the on-line help system, but we do offer the complete hard copy manual at a reasonable cost. Please indicate the version of NetTerm that you wish to register (the version is listed within the About dialog box).

Register by CompuServe

Log onto CompuServe and type "GO SWREG". This will take you to the Shareware Registration system. Your CompuServe account will be charged for the registration fee and your registration number will be sent to you via CompuServe Mail. **The product number for NetTerm is 5642**.

Register by Mail

Use the attached order form to register/order by mail. The only forms of payment currently accepted are by check for United States dollars drawn on a United States bank. The cost of processing a check drawn on an international bank is typically $25-30, which is prohibitively expensive. If you do send a check drawn on a U.S. bank, but from an international branch, make sure the check clearly states where a U.S. branch of that bank is located.
