# A Decade of NATIONAL GEOGRAPHIC Magazine on CD-ROM

Every page, every issue... Search with Bob Ballard for the haunting wreckage of the *Titanic*, two and a half miles beneath the surface of the North Atlantic. Trek to the North Pole with Will Steger, the first since Robert Peary to make the journey without resupplying. Look back at May 18, 1980, as Mount St. Helens erupts with the force of an atomic bomb. And experience many more captivating moments from the 1980s.

NATIONAL GEOGRAPHIC: *The 1980s* brings the decade's award-winning photographs and compelling stories to your computer.

- Discover every fascinating article from the 1980s.
- Print every page in black and white or color.
- Search effortlessly for the exact information you need with a top-notch search engine.

USE OF THIS PRODUCT IS SUBJECT TO THE ACCEPTANCE OF THE LICENSE AGREEMENT AND LIMITED WARRANTY CONTAINED ON THE CD-ROM.
