

HOW TO MAKE YOUR OWN T-SHIRTS

T-shirt Maker lets you create your own T-shirts without ever leaving your computer! Here's how:

1. DESIGN IT!

Use T-shirt Maker to create totally original T-shirt designs. Import your own graphics and photos, or use T-shirt Maker's over 100 built-in graphics and design templates. See [Creating a T-shirt Design](#). See also [Using Your Own Fonts, Graphics, and Photos](#).

2. ORDER IT!

Fill out T-shirt Maker's easy-to-use electronic order form, and zap it over the modem to the T-shirt Maker factory. You can also send disks to the factory by regular mail. You can have a custom T-shirt for as little as \$13.95. See [Placing a T-shirt Order](#). See also [How Much Does It Cost?](#).

3. GET IT BACK FAST FROM THE FACTORY!

In general, your T-shirts will be produced within 2-3 days after receipt of your order. You can optionally have them gift wrapped and shipped directly from the factory to any address in the United States or Canada.

HIGH QUALITY, FULLY GUARANTEED T-SHIRTS!

Our T-shirts are FULLY GUARANTEED. We use only premium quality T-shirts and offer excellent prices. All T-shirts are produced by Artistic Greetings, an \$85 million company with nearly 70 years experience in manufacturing high-quality, custom merchandise. For more information, see [All About Your T-shirts](#).
