52, BD Patton

L-2316 Luxembourg

The originals were in Lores 32 colors. I modified them to Multiscan 256

colors (Arbre and Tableau) and 16 colors (Wing_Football) with PPaint 4.

Effects used (and abused) include "Blur" and "Randomize".

Converted to JPEG (24 bit) using Transition.

Click below to see the pictures (requires WB3.0+ and a JPEG datatype).

Arbre.JPG

Tableau.JPG

Wing_Football

{You should have a >256 color WB to get optimal results!)
