GRIN AND BARE IT VOL 1 : PRINTING PROBLEMS

The greeting cards section on "GRIN AND BARE IT VOL. 1" will prompt you with an error message when printing the cards on certain brands and types of printers. If you have encountered this problem, please proceed as follows to patch this bug :

1.	load the "GRIN AND BARE IT !" CD-Rom and install everything
2.	copy the file "CARDS.EXE", which you will find in the directory "VOL 1" on this CD-Rom (Vol. 2) to your harddisk
3.	Find the Greeting Cards icon in the "Grin and Bare It" Program group and select it's properties (refer to your Windows documentation if you don't know how to select the "properties" feature). Change the reference of CARDS.EXE so that it points to the file you just copied to the harddisk (e.g. change "D:\CARDS.EXE Eng" to "C:\CARDS.EXE Eng"). Do not change the Working directory ("Start In"-feature) as this has to point to the CD-rom.
4.	When you doubleclick the "Greeting Cards" icon in the "Grin And bare It" program group, the new CARDS.EXE will be started, which will enable you to make a correct print of the cards.

We sincerely apologize for this bug and any inconvenience this might have caused you and we hope you will still enjoy the Greeting Cards Program with this patch.
