              Configuration preferences

              History
              Bug fixes and updates
```

1.2   What it actually does...

```
  Introduction
  ============

  This blanker blanks the screen.
```

1.3   Configuration preferences...

```
  Interface
  =========

        Save – save and use the current settings.
```

```
      Use - use the current settings.

     Test - test the blanker under the current settings

   Cancel - cancel all changes.

 Raindrops - number of toaster objects.
            Default: 10.

Display Mode - the screen mode to use. If the preferred screen cannot
            be opened then the default screen mode will be tried, if
            this fails then the minimum screen mode required for this
            blanker will be tried, if that fails then the blanker will
            quit and let SwazBlanker choose an alternative blank
            method.
            Default: Hires-Resoloution Laced, 8 Colors.
```

1.4   Bug fixes and updates...
