

GRaphical SPace Viewer

Version 1.2

(C) Copyright Silverware Computers, Inc. 1992, 1993

INSTALLATION

To install GRASP, follow these two instructions:

1. From the Program Manager select the FILE menu and the option RUN.
2. In the dialog box, enter A:\SETUP.EXE. (or full path if needed).

This will create a new icon in your accessories group. If you wish, you may move it to another group.

Double-Click (or press enter) on the GRASP icon to start the program.

REGISTRATION

Grasp is a shareware program.
Please register your copy.

Registering has several benefits:

- 1) You will be notified of updates/fixes as they are released.
- 2) You are supporting the shareware system.
- 3) Your conscience will haunt you forever if you don't.

Each registration is **only** \$5.00 and may be sent by check or money order to:

Silverware Computers, Inc.
3420 Merrick Dr.
Suite #533-A
Lexington, KY 40502

or via CompuServe shareware database (GO SWREG)

All comments and suggestions are welcome, please contact us at:

BECAUSE OF THE VARIOUS HARDWARE AND SOFTWARE ENVIRONMENTS INTO WHICH THIS PROGRAM MAY BE PUT, NO WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE IS OFFERED. THE USER MUST ASSUME THE ENTIRE RISK OF USING THE PROGRAM. ANY LIABILITY OF THE SELLER WILL BE LIMITED EXCLUSIVELY TO PRODUCT REPLACEMENT OR REFUND OF PURCHASE PRICE.

RELEASE NOTES

10/01/92
Ver 1.1

Original release

10/07/92
Ver 1.1a

LARGE DISKS:

Grasp has a limitation in the number of sub-dirs any directory can have. The limit was changed from 25 to 125. All size limits will be removed permanently in future releases.

02/01/93
Ver 1.2

LARGE DISKS:

Removed limitation on directory sizes.

MENU:

Added ACCEL keys to all menu items.
Changed organization of menus.

FILES:

Can now include or exclude file listings from the directory tree.

EXPAND/CONTRACT:

Added function to support expanding and contracting directories.

PRINT:

Added function to print the directory structure as displayed.

HELP:

Added calls to Windows help facility.

DISK ERROR:

Fixed error when accessing floppy drive. If drive wasn't ready, program would crash. Now a 'Not Ready' message appears, and the operation can be aborted.

RAM DRIVE:

Now recognizes RAM drives.

EMPTY DRIVES:

Displays "Empty Drive" when found.

START UP OPTION:

Start grasp with a drive letter and it will search that drive first. ECHO For example, GRASP D will read and display the D Drive.

ONLY ONE INSTANCE AT A TIME:
Because it uses bunches of memory.

SCAN STATUS:
Displays the current directory (top level only) being scanned.

VOLUME LABEL:
The label of the current drive drive is displayed on the 'Root' entry.

SHOW OPTIONS:
Can select what should be displayed. Percentages, actual sizes, or none ECHO of the above.

SAVE SETTINGS:
Added option to save current settings for next time.

SORT:
Provided multiple methods for displaying the directory: Name, Size, Date and None.

02/07/93
Ver 1.2a

ALIGNMENT
Fixed bar graph alignment problem, for long dir lists.

03/04/93
Ver 1.2b

BACKGROUND COLORS
Fixed background colors to match windows setup.
Changed folder icons background from white to "screen" color.

VOLUME LABEL
Removed extraneous dot from volume label.
