Progression Menus

The menu choices are self explanatory, but here is a brief description of each.

Apple Menu:

About Progression... - Displays the concise about information.

"File" Menu:

New Game - Starts a new game.   You will   be presented with a dialog which shows the most recent players' average scores and games played, as well as your average score and the number of games you have played.   Lastly, the total number of games and overall average is shown.   NOTE: The names are case sensitive, so if you wish to continue with the stats in the list, you must enter the name exactly.

Close - This will close the help window if it is the current active window.

Quit - This quits Progression.   You will be asked if you are sure that this is what you wish to do.

"Options" Menu:

Clear Score Sheet - This command will reset the total game count and the average score of games played.   A warning will appear first.
