

Special Offers for PhotoMorph 2 Customers

Andover is committed to providing value-packed, powerful software at reasonable prices. Allow us to introduce you to some of our other products.

VideoCraft *\$49.95 for PhotoMorph 2 Customers*

We've taken PhotoMorph 2, made it 32-Bit for Windows 95, added 40 new special effects (including the 30 Stylize effects as seen in the enclosed video gallery), and crafted hundreds of new projects and tutorials to create VideoCraft - the ultimate video special effects powertool. Plus, VideoCraft includes Videology 3D (see below) at no charge. VideoCraft is a must for anyone serious about doing video production on their PC.

ARENA Design v2.5 *\$49.95 for PhotoMorph 2 Customers*

ARENA Design features easy 3D modeling, photorealistic rendering, and advanced keyframe animation all from within a single, highly integrated, design environment. Advanced features include video texture mapping, a drag-and-drop hierarchy editor, and a keyframe animator. Quite frankly, you will not find a 3D product for under \$500 that matches ARENA's powerful feature set.

Professional version available -- call for details.

Videology 3D Suite *\$39.95 for PhotoMorph 2 Customers*

This powerful video editing suite is perfect for those getting started with digital video. PhotoMorph 2: Video Edition, adds 30 new stylize effects that blur, add texture to, alter, and change the coloring of images and video clips. Video Action ED is a complete non-linear video editor - perfect for editing your video masterpieces into works of art. Finally, ARENA Design ED, is the educational version of the ARENA Design 2.5 described above. Truly unbelievable video productions can be created with Videology 3D.

Digital Video KickStart *\$19.95 for PhotoMorph 2 Customers*

Another great collection of video production tools! Starlet Movie creates interactive 2D animations. SoundTrack adds and mixes audio and video tracks. Matinee is a customizable video playing screen saver. Plus, we've added 600 megabytes worth of tutorials, video and audio clips.

Morphology 101 *\$9.95 for PhotoMorph 2 Customers*

Get the most out of your copy of PhotoMorph with Morphology 101 - the definitive guide to morphing on the PC. Includes "How The Pro's Morph" an interactive tutorial on professional morphing techniques. Also features Matinee, the customizable video screen saver, and oodles of sample images and video clips.

Andover Web7 *\$49.95 for PhotoMorph 2 Customers*

Seven essential Internet tools for WebCrafters and WebSurfers. Includes

ARENA Design VRML to add 3D impact to any web page, Crescendo Plus to play background music while viewing pages, CyberPilot Pro for site maps, HotDog HTML editing, NET Express for media storage, WebAgent to autoloading web pages and publish bookmarks, and WIRL for VRML 3D navigation.

Please Note:

All products are on CD-ROM and run under both Windows 3.1 and Windows 95 except VideoCraft which is for Windows 95 alone.

Pricing and offers good only in US and Canada. Call or Fax for international pricing and availability.

A \$5.00 shipping charge is added to every order.

Pricing, availability, and specifications are subject to change without notice.

To Order:

When contacting Andover, be sure to note that you are a PhotoMorph 2 user so that you can obtain the special pricing shown above.
