The Treasurer, Josephine Beagle, reported these amounts as of May 31, 1997:

Operations:

Revenue	\$1,671.11
Expenditures	<u>-2,194.02</u>
Decrease	<u>-522.91</u>

Funds in the Accounts:

Carole Begenwald read a letter from the MD State Archives thanking PGCGS for a funds donation.

Diana Hale reported that no date has yet been set for the Lansdale dedication project.

Diane Stultz reported 13 Gasch books sold, and ads are running in two publications.

Jim Reep reported the building fund has doubled thanks to the work and contributions of many members.

Karen Miles said mementoes from the PG County tricentennial are available. She would

like to take orders for name badges.

Our library has a nation wide collection of books to be proud of having available. A new 850 Canon copier is in place, purchased at a bargain price of \$1,500. Stevens funds were used to help with this purchase.

Phyllis Jensen was pleased with visitation during the PGCGS library open house. She reported that many readers and printer are unuseable at the Library of Congress for lack of funds. She urges members to write to John Warner or your congressmen to request funds for maintenance.

Nine members participated on the field trip to see newspaper files at the Madison building. An activity book designed for children is on sale for \$14.35 at Borders, Crown and NGS.

Rudy Krutar reported on a PG County genealogy link to our web page.

Mary Molen, 301-474-4713, would like to visit with anyone interested in handling the PGCGS publicity. She has a mailing list and guidance for a person willing to take over publicity for our Society.

Officers for the coming year were elected. See last page of BULLETIN for names.

Irene D'Amato was quite pleased to present the *Jane Roush McCafferty, C.G. Award of Excellence* to ANNE MILLIKEN HERRICK. See report in this BULLETIN, page 16, about Anne and this event.

COUNCIL MEETING: Saturday, May 17, 1997, 9:00 A.M.

By Dan LaRue

Attending: Irene D'Amato, Dan LaRue, Josephine Beagle, Diane Stultz, Anne Herrick, Walt Silvester, Phil Brown, Mary Frazer, Karen Miles.

JOSIE BEAGLE We have two C.D.s reaching maturity in June. Suggest we use the one with portion of Library money for a 7 month C.D. at 5.65% rate, and the one with Building Fund money for a 15 month C.D. at 6.25% rate. If these rates are available at that time.

Regarding shipping and handling of books, we have received \$142.19 and paid out \$120.31. We need an auditor for next year. At the June meeting we need the membership to approve our budget for the coming year.

DIANE STULTZ At the September meeting we should put out a questionnaire to members pertaining to things to consider about our books.

Regarding these books "Land Records" We have 33 copies on hand. What to do? Order more or not to order. We decided to let it go out of print. "Probate Book" Out of print. Before we can reprint, the instructions will have to be re-written and the 1810 material taken care of. Karen Miles is meeting with the Md. Archives staff on June 2 about the problems that have arisen with the instructions. After these wrinkles have been ironed out we should re-print because this is one of our best sellers. "Stones and Bones" This book needs work before it can go to print. It needs a new index (every name), and needs a new updated addendum. At maximum a re-type would be appropriate but not feasible at this time. Thus we might be able to re-print by the end of 1998 or 1999.

Placing our books on CD ROM. Lots of factors involved. Not cheap. Around \$3500.00 now, will hold a lot more books than we have now, and the audience is not big. We are not ready for this form of publishing right now.

We had an order for the Gasch Book, from Arizona, generated from our ad in Heritage Quest.

Pertaining to the Gasch Book. We have officially closed the books with Bookcrafters. They sent our final over charge check the end of April, 1997.

To date we have sold 75 of the Gasch books.

ANNE HERRICK We have cataloged over 500 books, on the computer, which puts us about 1/3 of the way through. Josie Beagle is working on the value of the books. We still appeal for more Library help. Also we still have labels to be put in books that have been given as gifts.

MARY FRAZER All query letters are on file now, and indexed. Anyone with access to a Public Library in Maryland can access the internet through the use of the Library's computers. Also it is possible to set up an E-Mail account through the Enoch Pratt Free Library. With this account, you can send and receive E-Mail using most Maryland Public Library computers. (This is not possible at the Bowie branch Library, but possible from Crofton in A.A. County.)

PHIL BROWN Cost estimates for the Regular Publications Committee for the year we are just completing, FY 1996-97, are at \$3,900, is just under the budgeted amount of \$4,000 for FY 1997-98 that will be voted upon at the June membership meeting. The concern is that with the wonderful material we are getting from contributing editors, there is great potential for the BULLETIN to average more pages in the next fiscal year. It averaged 22.4 pages this year, FY 1996-97. Next fiscal year, if it averages 26.4 pages (one more sheet of paper per issue), costs could exceed budget by about \$350. If it averages 30.4 pages (2 sheets of paper), costs could exceed budget by about \$860. Future guidance from the PGCGS Council on staying within or exceeding the planned budgeted amount for Regular Publications in FY 1997-98 would be appreciated. (Impact on mailing costs are also to be considered).

We have permission from the Maryland State Archives to print extracted material once. Alternatives for publishing extracted material include as a supplement to the Bulletin, with only an index of names published in the BULLETIN. (Suggested by Irene). Also stressed by Irene that when articles are to be continued, that this is indicated at the bottom of the page.

WALT SILVESTER Stated that at this time 269 members had not re-newed. (This is early for this count). Also Walt said that when people communicate with him they do not sign their name.

DAN LA RUE Gave Irene a list of the speakers we have had the past two years, with their names and phone numbers. Commented on our up-coming June speaker and our programs for this fall.

IRENE D'AMATO At this time we discussed an award suggested by James McCafferty. The "Irma Mae Prosser Community Award for Genealogical Excellence". This would be presented to a non-Society member who had advanced our County's genealogical resources, and if an organization rather

than an individual, this should be considered. The first award should be presented in December 1997 for the current calendar year. This would not conflict with the Jane Roush McCafferty Award for excellence given to a Society member, usually in June. This latest award should be advertised. The proposed committee to start this year would be, a past Society President with membership in the Society that extends more than 10 years to Chair the committee - Karen Duffy Miles, the current Society President - Dan LaRue, and appointed Past President - Irene D'Amato.

We need a new Publicity Person and a Chairman for the Computer Interest Group. And a reminder: The Officers are to furnish refreshments for the September meeting.

KAREN DUFFY MILES A new copier has been ordered to replace the 13 year old Canon copier that was purchased for the Library in 1984. We should have it in about 2 weeks. The new machine is a Canon PC850, which retails for \$3595. We will be purchasing it from Office Depot for \$1500. This purchase is being funded from money given to the Society from the Estate of Betty J. and Edward A. Stevens. A brass plate in memory of the Stevens will be purchased and affixed to the copier. Cartridges for this copier will cost \$299 apiece, compared to \$120 for our old copier. Reason for the price difference is that the new copier produces 10,000 copies as opposed to 2,000 copies with the old copier. (Canon Pc20). Diane Stultz suggested that the cost of copies be increased from 10 cents a page to 15 cents a page. In the future if anyone needs extensive copies they should use Staples, Office Depot, or the like.

The City of Bowie will soon have a brochure available that features the Museums of Bowie - the Bel Air Mansion, Belair Stable, and the Huntington Railroad Museum. At the request of the Curator Stephen Patrick our Society Library will be included in the brochure. Dan LaRue has joined the Library staff on a regular basis and is filing and keeping abreast of the periodical collection. Treasurer Josie Beagle and Records Comm. Chairman Diane Stultz continue their work at the Library on a regular basis and are considered permanent Library Staff. Marianne Gill is the Surname File Coordinator. Mary Frazer's work at Registrar has greatly benefitted Library patrons. All of the prior 18+ years of work of former Registrar Jean A. Sargent is now on file at the Library and available for patron use. This collection includes family group sheets and correspondence files. Mary lives in Bowie and has been given a key to the premises. Her work elicits gratitude from patrons and reflects well on the Society. The Library continues to grow in all areas. Current accessions number close to 2800 individual titles. Former Registrar Jean A. Sargent donated 26+ books to the Library upon her resignation as Registrar. She had personally accumulated the books over the years to assist with the work of her position. Karen Reikert continues to make tremendous strides towards a computerized Accession List. She has entered 500+ titles out of a current count of 2800.

On April 9th the Library received 105 books on Wisconsin and a 4 drawer metal file cabinet from the estate of Irma Mae Prosser Nicholson McCafferty. All of the books carry a gift plate bearing Irma's name, membership number, birth and death dates and the date of the gift.

From Heart to Hand - *Discovering Bucks County Fraktur* will be on exhibit at the Mercer Museum, 84 S. Pine Street, Doylestown, PA from September 13, 1997 to January 4, 1998. Telephone 215-345-0210. "A landmark exhibit of over two hundred 18th- and 19th-century hand-decorated manuscripts of the Pennsylvania-Germans from major public and private collections." Opening festivities occur Sept. 13th, and a symposium, art, music and history program occurs Oct 25th.

Family Reunions

The **Hawleys** of North America will hold their 67th family reunion in the Washington, DC area Saturday, October 18, 1997. Advance registration and information may be sent to M/M F. William Hawley, 4006 Chancery Court, NW, Washington, D.C. 20007. The cost is \$20 per person, payable to F. Wm. Hawley.

The progenitor of the **Cheseldine** family, Kenelm Cheseldine, came into St. Mary's County, MD from Braunston Manor, England. In 1639, Lord Baltimore granted him 16,400 acres of land, named St. Clement's Manor. Kenelm's wife, Mary Gerard, was a daughter of Sir Thomas Gerard, himself a prominent member of the Maryland Assembly in 1638 and the Council in 1643, and held other important offices during the early years of the settlement. Anyone living in America today with the name Cheseldine is a direct descendant.

Descendants are planning a one day reunion on Sunday, October 5, 1997, at the home of Joseph and Wilda Cheseldine in Newburg, Charles County, MD. Contact Joseph Cheseldine, P.O. Box 393, Waldorf, MD 20604, telephone (301-259-2578) for additional information.

Audit Report

\$

To: Irene D'Amato, President
Prince George's Genealogical Society

\$

FROM: Paul D. Vance, Auditor

\$

DATE: August 1997

SUBJECT: Audit of Prince George's County Genealogical Society 1996-1997 Records

I have examined the books & records of the Society for the fiscal year ended June 30, 1997. The Receipt and Expense vouchers for the year were thoroughly examined and determined to be in order. Bank statements and reconciliations agree with the ledger balances. At random verifications of postings to the ledger accounts completed the review.

The double-entry books are maintained on a cash basis.

Total cash balances of \$23,471.53 as detailed in the financial statement are correct and in my opinion accurately reflect the financial condition of the Society and the income and expense for the year.

The use of Income and Expense Vouchers is an excellent tool assuring adequate internal control in the flow of information. The Treasurer's usual attention to accuracy and detail is reflected in the manner in which the books and records of the Society are maintained.

Respectfully submitted,

Paul D. Vance

EDUCATIONAL EVENTS and UPDATES

prepared by Phyllis Smith Jensen, EDUCATION CHAIRMAN

Welcome back! Hopefully you had a relaxing summer and made further progress in your genealogy. To kick off the new genealogical year, the members are in for a treat at our September meeting-an opportunity to take advantage of our "freebie table", a popular feature available in the past only at the Spring Seminar. One handout members will particularly find helpful is an update of Jim Reep's two-page handout, NEARBY "GENEALOGICAL" LIBRARIES. The new version includes some toll free 800 phone numbers, internet addresses, fees, etc. Look for it and other "freebies" at our September meeting. In addition, the Education Committee will provide two of the evening's door prizes. Don't miss these and other surprises at our September meeting.

The NAR (National Archives) genealogy workshops for September and October are listed below. Advance registration is required. However, please register **NO MORE THAN ONE MONTH IN ADVANCE!** Fee:\$15.00 payable at the door.

September	9:	Tuesday	Passenger Records - Smith
	23:	Tuesday	Genealogical Sources in the Washington Area-NAR, DAR, NGS, L. Congress, & Fam. Hist. Center
October	16:	Thursday	Italian Genealogy - Colletta
	27:	Monday	Beginning Genealogy - Kluskens
	30:	Thursday	Jewish Genealogy - Margolis

Members who wish to view the NAR schedule for the upcoming year-through September,1998-can find it posted on OUR library's bulletin board. **BUT PLEASE REMEMBER, REGISTER NO MORE THAN ONE MONTH IN ADVANCE.**

SUCCESSFUL OPEN HOUSE

On 25 May our library, in celebration with Bowie's Heritage Day, held a most successful open house. Nearly 175 people visited our facility. In addition to the cookies and punch served by the Archivist and Librarians, the staff kept the library open far beyond the designated closing time to accommodate all the visitors. Thanks to Karen Miles, Anne Herrick, Karen Riekert, Josie Beagle, Diane Stultz, and Dan LaRue for a job well done.

AWARDED CERTIFICATES

Three members of our Society attended the six day National Institute on Genealogical Research held at the National Archives July 21 through 26. Each year NIGR conducts intensive advance sessions on numerous genealogical subjects. Certificates were awarded to Julia Coldren-Walker, Patricia O'Brien Shawker, and Phyllis Smith Jensen.

PGCGS Member Receives Special Recognition

PGCGS member Adele Worthington, member and former Regent of Mary Washington Chapter, DC DAR, and a volunteer genealogist at DAR National Headquarters, was presented a special Certificate of Achievement during the 1997 DAR Continental Congress for verifying 250 supplemental DAR membership applications. (by Ruth Stultz)

Book Notes

contributed by M. Ruth Ingram Stultz

"Dove Trails" The History and Genealogy of the Dove and Related Families compiled by Milton Harold Dove, 434 Hilleah Ave., San Antonio, TX 78218-2618. Gift of compiler. Softcover, 8 1/2 x 11, 132 pages, indexed.

Beginning with Christopher Dove (1509-1589), the compiler focuses on descendants of Christopher's son William I (1540-1610) through William III (1599-1678) who migrated to Jamestown, VA.

History of the European families and various spellings of the surname, provide background to the Dove lineage, and a family chart helps readers follow the compiler's summaries.

Marked maps with migration routes also help to follow the Doves as William IV (1630-1701) who settled in Dorchester Co, MD, then Talbot Co, and Anne Arundel Co. before some of the Doves migrated westward. Some of the allied surnames connected to the Dove families are Arbogast, Sisk and Weideman.

Although copies of this book are not for sale, Mr. Dove invites interested Dove researchers to contact him at the above address or phone 210-655-0909.

The Wristen/Riston Family, Some Ancestors and Descendants of Elisha Riston and Sarah Ann Mayoh of Maryland, Kentucky, Missourui and Texas (ca. 1755-1983) and Allied Lines of Sisk, Moore, Knight, Womble compiled and edited by Sophie C. Fisher and Robert Wristen Fisher, 5423 S. Dyewood, Flint, MI 48532-3328. Soft-cover, perfect-bound, 8 1/2 x 11, acidfree paper, 156 pages, 43 illustrations, 46 photographs, full-name and place index and bibliography, \$20 postpaid (Michigan residents add 6% state sales tax):

Beginning with "tradition," the compiler clearly distinguishes between family legend and documented links. When readers meet Elisha Riston they learn he was born "around" 1755, "probably" in MD per family tradition.

Then we learn from cited sources that Elisha Riston married Aminta Albey 11 Jan 1779, in St. Paul's Parish at Baden in Prince George's County, MD (Mar. Rec. Book 1771-1886; Mar. Lic. Book 1777-1797, p. 7 MD State Archives). Many sources cited are supplemented with copies of the original document which printed quite legibly.

Sometime after 1790 Elisha and his wife began a westward journey, and on 28 Sep 1793, bought 250 acres in Greenbrier Co, VA (Survey Book 2, p. 285). From here researchers can follow them to KY and westward where along the way we encounter Shirkey, Skidmore, Coleman, Davis and Navarro families.

In addition to the bibliography of this well-documented book, the compilers have included an appendix with other researchers' names and addresses for contact. This book could serve as a prototype, and bears study, for anyone planning to publish a family history.

Award of Excellence

ANNE MILLIKEN HERRICK

7 May 1997

Anne Herrick & Jim McCafferty

The Library of the PGC GS became a reality in the Belair Mansion at an open house on February 8, 1981.

Anne Milliken Herrick and her husband Dr. David E. Herrick attended the open house. Anne visited the Library frequently, sometimes 3 times a month, until on December 1, 1982 she became a permanent and indispensable member of the Library staff. Anne worked at the Library on a weekly basis until February 3, 1988 [5 years and 2 months]. At this time she took a well deserved 3 year sabbatical.

She continued to visit the Library for her own use before returning to the permanent staff on March 13, 1991.

Anne has, at this point, been our Librarian for 11 years. And she does not even have Maryland roots!

Anne has been instrumental in the organization and development of the Rainwater-Miles Research Center of the Prince George's County Genealogical Society and deserves much of the credit for what it is today.

As with any librarian, normal duties include accessioning books and periodicals, filing, patron assistance and general reference work. Anne has, through her work with patrons, conducted one-on-one mini beginners' seminars. Many first time genealogists have Anne to thank for their forward progress.

The Library is only open on Wednesdays and the last Saturday of each month. Anne operates the facility on Wednesday mornings and most of the Saturdays during the year. It is rare that she takes time off.

In addition to regular hours, Anne and Karen Riekert come in consistently on days other than Wednesdays to work on projects that cannot be accomplished during normal hours. Due to the thousands of hours these two dedicated Librarians have devoted over the years, the Library far surpasses the state it would have been in were it not for Anne and Karen. This kind of devotion is rare under most conditions, but certainly for a volunteer job!

In addition to duties associated with her office, Anne has contributed to the Society's Library in a number of ways. These *extra special efforts* include:

- Designing and sewing attractive dust covers for machines
- Organizing special collections
- Developing, with Diane Stultz, a packet to introduce beginners to genealogy
- Purchasing books, office supplies and furnishings from her own funds
- Donating funds for special projects

Anne Milliken Herrick became a member of the Prince George's County Genealogical Society on March 4, 1981. Our Society and its members have certainly benefitted from Anne's 16 year association with us!

Our Library staff: Jim Reep, Karen Riekert, Josephine Beagle, Anne Herrick, Diane Stultz, Mary Frazer, and Paul Vance, with Jim McCafferty. Photos by Karen Miles

It is indeed fitting that the Jane Roush McCafferty Award of Excellence be bestowed on **Anne Milliken Herrick** for her dedication to the PGC GS and its Library.

LAND RECORD RESEARCH. When using land records to trace ancestors across the United States, the researcher will find two major but different types of land survey systems. Each has unique characteristics.

State Land States: Most of the states in the "state land states" grouping use the metes and bounds system or a variation of it. Twenty states use this system--Connecticut, Delaware, Georgia, Hawaii, Kentucky, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, North Carolina, Pennsylvania, Rhode Island, South Carolina, Tennessee, Texas, Virginia, Vermont and West Virginia.

A "metes and bounds" land description requires the use of landmarks to describe property purchased or sold. A measuring device such as chains, links, perches, poles or rods was used to determine the distance along a boundary. A compass may have been used to survey the property. Often the description mentions a reference to a watershed, river or stream that will further assist in placing the property on a map.

Public Land States: The remaining thirty states use the "township and range" system where the federal government sold and granted land. The township and range system consist of a series of townships six miles square formed by the principle meridian lines and baselines throughout the country.

Bounty Land. An Act by US Congress in 1811 was an incentive to get soldiers recruited for the War of 1812. The legislation offered, among other things, a

mustering-out compensation equivalent to three month's pay and 160 acres of land. In some areas, the soldier would state which of several military reserves was preferred and then draw by lot one of the surveyed quarter sections in the area of his choice.

FINDING THE RECORDS. County courthouses will have an index of deed transactions. The Grantee Index is created when property was purchased and the Grantor Index when the property was sold. If the property was passed down through the family by inheritance, it may require searching 100 years or more of records to find the clue to the sale of the property. Some states have "tract books" showing all transactions for each 1/4 section (160 acres) within the township.

NET NEWS.

A spam completely shut down the lists at Indiana University which hosted lists for most states along with numerous surname lists. Although the listserver, Larry Stephens, has been working hard, he has scaled back his operation and has begun to reorganize these lists. Some of the surname lists have moved to other locations. The state lists that Mr. Stephens organized have in some cases been combined and are slowly coming back.

PGCGS Minutes for September

by Irene A. D'Amato

The meeting of the Prince George's County

Genealogical Society was opened at 7 P.M. by the President Daniel LaRue. Seventeen Visitors and Guests were welcomed.

There were no additions or corrections to the Bulletin. A survey sheet has been given out, it asks questions about computer access and future topics.

President LaRue presented a plaque to Irene D'Amato in appreciation of her two years service as President of the Society. She thanked all her officers and members who gave her help and support.

Archivist Karen Miles reported that the city of Bowie wants to enter into a lease agreement with us for the library quarters. The lease would be at a cost of \$1.00 per year. The lease requires the Society to carry insurance of \$1,000,000.00 per event, \$2,000,000.00 aggregate, as well as \$500,000 fire and legal insurance. Several Insurance Companies were contacted but only three were willing to insure us. Of the three, Maryland Casualty was selected and will write a policy that covers the amounts necessary for a yearly premium of \$500.00. The policy would also include a \$10,000.00 valuable papers clause as well as coverage for our computer and other equipment. Because this is a expense that the Society had not planned for it was necessary for a vote. A discussion followed. Karen Miles reported that the Library has an excellent alarm system, including timed lights, bars on the sliding doors, etc. all provided by the City of Bowie. Although we have never had insurance everyone was in agreement that it was necessary. The motion to accept Maryland Casualty as our Insurance carrier with a yearly premium of \$500.00 was passed. The Treasurer Josie Beagle was instructed to take the money out of our General Fund. The lease

may be signed and in effect as early as next week.

Erlene Compton was welcomed as a new addition to the library staff. Karen Richert is out of town due to the death of her father. Karen is the one who has been working on the inventory of the library. The Library now has an E-mail address pgcgs@juno.com (all in lower case). It is only accessed on Wednesdays when the staff is there.

Building Fund Chairman, Jim Reep reported that the building fund received \$116.50 in donations over the summer. The seminar he was to hold had to be cancelled and new dates are the 15th and 29 of September. September 15th, 1-3 p.m., the topic is Cemeteries and Records and includes a field trip. September 29th, 1-3 p.m., the topic is Documenting Your Work. A \$10.00 donation to the Society Library is requested.

Treasurer, Josie Beagle reported as of August 31, 1997:

Revenue	\$771.86
Expenses	<u>267.65</u>

Hill-Wallace Family History compiled by Olive M. Batcher, 2423 Hamilton Drive, Ames, OA 50014 and printed by The Anundsen Publishing Co., Box 230 - 108 Washington, St., Decorah, IA 52101. Gift of compiler. Softcover, 8 1/2 x 11, 253 pages, indexed.

PGCGS member Olive Batcher has joined the ranks of publisher with her extraordinary **Hill-Wallace Family History**, originally begun in 1938 with continuing family round robin letters and expanded to include genealogical data.

Stories of westward migrations and life on the frontier in Nebraska and Iowa, with memories of sod houses, will appeal to historians even with no link to the above families or those allied: Bailey, Borden, Campbell, Clarke, Coons, Earle, Hays, Hitchcock, Hull, Hunnicutt, Ladd, Lovett, McKinnie, McNutt, Pate, Spencer, Stanton, Stephenson, Stockton, Walkerm, Warren, Wonble, Wood, and Wyke.

Supplemented heavily with family pictures, this book is well-documented with references and end notes and enhanced with historical notations.

CHECK IT OUT

prepared by Phyllis Smith Jensen, EDUCATION CHAIRMAN

Have you ever searched for a lost family and wished there was a surname index available, encompassing all the states, to help establish in which states the family may have lived? You are in luck! One of the little known resources available at our library is the forty-four page booklet "SURNAMEN LISTED IN THE 1790 UNITED STATES CENSUS". It contains, among other information, a list of all the surnames and name variations represented by at least 100 white persons in the Federal Census of 1790. It also provides a state by state surname breakdown along with the average size of the family.

Originally in 1909, the Government Printing Office published "*A Century of Population Growth 1790-1900*". This book of several hundred pages can be seen in its entirety in the Local History and Genealogy Section at the Library of Congress-Call No. HA195.A5. In it can be found information ranging from boundaries, currency, transportation, postal service, newspapers, slaves, and Indians to a State by State breakdown based on nationality as indicated by names of heads of families. There is also information about the population in the colonial and continental periods prior to 1790. For those researchers interested in New York City in the early 1700s there is a valuable list of "Names of Masters of Families in the City of New York, by wards, according to the enumeration made about the year 1703". This list is limited to the names of the "Masters of Families"; all other family members are limited to age categories by sex-NO NAMES. The 1909 GPO publication can be found in the Library of Congress whose books do not circulate.

However, "SURNAMEN OF THE POPULATION IN 1790", (Chapter 10 of *A Century of Population Growth*) was reprinted by The Researcher's Bookshelf, a Division of Heritage Quest in Orting, WA. Our library contains a copy of their reprint entitled "SURNAMEN LISTED IN THE 1790 UNITED STATES CENSUS". Please remember as stated earlier, this is a list of surnames plus name variations represented by AT LEAST 100 white persons. Researchers trying to trace their family lines back to the revolutionary period should check this valuable resource for possible new leads.

As an example, in my FARREN/FERRIN research which I have traced back to New England in the 1700s, this booklet has given me eleven different name variations. In addition, the "SURNAME" analysis gave me the average size of the family-6.6, the total number of "Heads of Families"-49, the total number of "All Other Members"-272, and the information that 32 of the 49 Farren/Ferrin families plus variations lived in various New England states. Of the remaining 17 "Heads of Families" 10 Farren/Ferrin families were listed in PA, 6 were listed in MD, and I was found in Virginia. These three states provide possible new avenues of research.

The booklet contains about 5,700 surnames and variations along with an analysis of the average size of each family, the total number of both the heads of families and all other family members, plus a breakdown of the number of families located in each state. No breakdown is given beyond surnames. For the 1790 time period, this resource can help researchers locate in which states an ancestor may have lived. In our library, the booklet does circulate so researchers can literally CHECK IT OUT.

ED. CHAIRMAN'S NOTE: CHECK IT OUT is a new bi-monthly column beginning this month. Its purpose is to inform our readers about a variety of subjects. The true meaning of the title, CHECK IT OUT, means the subject matter bears further investigation. It is not meant to imply that the monthly topic circulates from our library or elsewhere. When it does circulate, as is the case this month, it will be noted. PLEASE share your ideas with me as to which topics would be most helpful to you.

REUNION

by Audrey Lanham-Smothers

The annual LANHAM reunion was held on August 3, 1997 in Floral Hall Lebanon, KY. There were 110 in attendance. All those attending were decedents of Ralph Lanham & Charity Wheat. Of Ralph and Charity's children: Zachariah, Notley, and Ann, there were representatives from Zachariah LANHAM & Elizabeth MONTGOMERY, & Notley LANHAM & Elizabeth HOPKINS. The greatest number attending were from the line of Notley LANHAM & Elizabeth HOPKINS.

The family with the largest representation, with over 30 in attendance, was Johnie LANHAM & Ethel ISHAM. Last year the family with the largest representation, with over 40 in attendance, was from the family of Hugh LANHAM & Nora BOTTOM.

We look forward to an even greater attendance next year. If you have any questions regarding the LANHAM reunion, please contact Audrey LANHAM-Smothers, 7216 Billtown Road Louisville, KY 40299, or E-Mail at MaryFamTre@aol.com.

YOU KNOW YOU ARE ADDICTED WHEN.....

found by Jean Miles

You brake for libraries.

You hyperventilate at the sight of an old cemetery.

You would rather browse in a cemetery than in a shopping mall.

You are more interested in what happened in 1697 than in 1997.

Savage, Torrey and Pope are household names, but you cannot remember what to call the dog.

You can pinpoint Harrietsham, Hawkhurst, Kent, but can't locate your state capital on the map.

You think every home should have a copier and a microfilm reader.

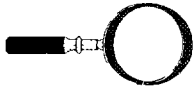

You know every registrar of deeds in the state by name, but they lock the doors when they see you coming.

You store your clothes under the bed because your closet is full of books and papers.

All your correspondence begins "Dear Cousin".

You have traced everyone of your ancestral lines back to Adam and Eve, have it documented, and still do not want to quit.

OLD NAMING PATTERNS. Although the following naming practice was not an invariant tradition, it may give a clue about the name of grandparents whose names are may be so elusive in genealogical research. It was also common practice among Quaker families to give their children Biblical names.

The first son was named after the father's father. The second son was named after the mother's father.

The third son was named after the father.

The fourth son was named after the father's eldest brother.

LOST IN THE OZARKS? Nationally known genealogist Marsha Hoffman Rising, 2324 E. Nottingham, Springfield, MO 65804, is seeking to determine the origins of the first 1000 pioneers who purchased land from the Springfield Federal Land Office, 1835-1839. Nearly 700 of these trailblazers have been located, and Marsha is eager to document the rest. If you have or seek information on this project, contact her at the address above. (Don't forget your SASE.)

THE GERMAN AMERICAN HERITAGE CENTER, 2nd & Gaines Sts., Davenport, IA 52805-0243, was founded July 1994. Its stated mission is to preserve the heritage of German ancestors who came to the American midwest, to enrich knowledge of the German immigrant experience through the creation of a library archives and museum, and to encourage German-American cultural exchange programs. INFOBLATT is the newsletter of this Center, PO Box 243, Davenport, IA 52805-0243.

RESEARCH OUTLINE FOR GERMANY has been compiled by the Family History Library in Salt Lake City. This 52-page booklet will tell you most everything you would need to know to discover your German ancestors. It teaches terminology and describes the contents, uses and availability of major genealogical records. One "Cast-In-Iron" research tip from this booklet is that you must know a specific TOWN where a German relative was born or married before beginning research because most records were kept locally. Few indexes are available for Germany on a national basis. You may order this booklet for

\$3 from FHL, 35 N. West Temple St., Salt Lake City, UT 84150, or use a copy at any Family History Center. *Above three articles from Genealogy Bulletin #38, Mar/Apr 1997, Genealogical Services, AGLL.*

"THE 1910 FEDERAL POPULATION CENSUS" microfilm catalog has been reprinted with a revised and updated introduction. The new introduction more fully describes the Soundex and Miracode indexing systems and guides readers in how to use these codes to find individuals in the 1910 census. There are also illustrations of various census forms and facsimiles of Soundex cards that researchers may fill in while examining the microfilmed records. This catalog gives a roll-by-roll list of the microfilm reproducing the census schedules and the Soundex and Miracode cards. Please note that the microfilmed indexes cover only 21 states. Catalog #200009 is 76 pages, price \$3.50 plus \$3 shipping each order. Order from National Archives Trust Fund, Box 100793, Atlanta, GA 30384, phone 800-234-8861. *Howard Co., MD GenSoc Issue 202, June 1997.*

LAST LAUGH. A tombstone had a recipe for potato salad on it with the following words: "I told you that you would get this recipe over my dead body." *Gray's Harbor GS Nov/Dec 1996.*

BARGAIN HUNTING? Beware of bargains in parachutes, life preservers, fire extinguishers, brain operations and genealogical research. *Kentucky Family Records, Vol 21.*

PG County Death Record for 1919

Extracted by Jean C. Miles

Beginning in this issue is a series of abstracts from a bound volume at the Maryland Archives entitled "Register of Deaths". Each record is divided into two parts: 'Personal and Statistical' and 'Medical Certificate of Death'. Entries from the two parts are combined here as: name/place of death/sex/color or race (c=colored, w=white)/marital status (m=married, s=single, w=widowed, d=divorced)/date of birth/age/occupation/birthplace/name of father/birthplace of father/name of mother/birthplace of mother/informant/date of death/place of burial or removal. In addition, part two has space for cause of death, name of attending physician, and usually the name of the undertaker, which are not shown here. Where there is a /-/, the space was left blank, unk is unknown, and (sic.) signifies "as found", for material that seems in error. The spelling of names has not been changed. All addresses are in Maryland, unless otherwise stated. The citation is Prince Georges County Death Record, C-1289. Published courtesy of the Maryland Archives, Annapolis, MD.

1862 Draftees

The following article was sent to Paul T. Lanham (#0040) of Huntingtown, Maryland, by Alan Virta (#0437) of Boise, Idaho, for the reference to Benjamin L. Lanham. Paul passed a copy of the article along to Karen Duffy Miles for inclusion in the *Bulletin*. In his note to Paul, Alan cites the following statistic. "The *Baltimore Sun* in 1862 printed the names of all the men ...

who were drafted into the Union Army. More than 300 men in Prince George's County were drafted in 1862 but only about 25 entered the service. The rest found substitutes, went South or got medical discharges."

The Baltimore Sun, Baltimore, Maryland, Monday Morning, October 20, 1862, page 1:

CELEBRATING OUR HISTORY

April 23, 1996 marked the 300th anniversary of the founding of Prince George's County, Maryland. On the feast day of St. George the Dragon Slayer in 1696, land previously allocated to Charles and Calvert Counties was realigned and renamed in honor of Prince George of Denmark, husband of Queen Anne of England. Since that time, Prince George's has never stopped growing and developing.

Through the centuries, Prince George's County has obviously gone through numerous physical, fiscal and political changes but has always maintained a richness of culture and diversity that is rivaled by few other counties in the country. Our Tricentennial motto, "**300 Years: At Home In History,**" expresses our belief that all residents past and present have enriched the heritage of this county that they have called home. Our population is diverse, with descendants of our earliest inhabitants living, working and achieving with our most recently arrived citizens. Recognizing the contributions of all Prince Georgians throughout history is at the heart of our Tricentennial Celebration.

One of the goals of the Tricentennial year was to create a set of enduring artifacts to commemorate the Tricentennial of our County. The Prince George's Historical Society, The Prince George's Hall of Fame and The Prince George's Genealogical Society have proposed a Heritage Center be built to house the many artifacts, books and other historic related items that have been collected over three hundred years. The center will have a museum, library to house the Historic Society library and the Genealogical Society library. There would be room for research, offices and meeting rooms. At the present time these historic documents and artifacts are spread all over the county and must be brought together in a central location and preserved under proper environment. The profit from the sale of these commemorate bricks will go to establishing the Prince George's County Heritage Center.

BUILDING OUR FUTURE

Beginning in 1996, our Tricentennial year, the Tricentennial Celebration Committee paved the brick plaza in Upper Marlboro between the County Administration Building and the County Courthouse. This heavily traveled thoroughfare was selected not only as a beautification and improvement project for the committee but also as a site to establish enduring public artifacts to commemorate our anniversary.

The newly-dubbed "**Walk of History**" in Upper Marlboro will ultimately be filled with engraved bricks that celebrate the richness and diversity of Prince George's County citizens past and present. Sections of the walkway will be anchored by centerstones bearing the names and dates of historically significant Prince Georgians. Surrounding each center block will be personalized bricks with the names, messages and/or memorials of other important individuals — *specifically you, your family and your friends.*

These bricks make great gifts for special people in your life. Birthdays, graduations, weddings, anniversaries, "firsts" and "bests" are just a few of the events and sentiments worth remembering for years to come. Show your pride and appreciation with an engraved brick and make your happy memories a lasting part of our shared history.

Funds raised from this project, after the purchase and installation of the bricks, will go toward other the Heritage Center. To become a part of our county's heritage, to join and support this effort, to make your mark along the path of Prince George's County history — simply fill out the attached order form for a commemorative brick.

We also have a corporate brick buying program wherein a business or organization can sponsor an entire section and centerstone along the Walk of History. For more information on this project contact The Prince George's County Historical Society at (301) 464-0590.

PGCGS Minutes for October

by Karen Aamot Lowman, Rec. Sec.

Pres. Daniel LaRue began the 1 October meeting with introduction of one visitor and presentation of a small plaque to our Arizona member who had travelled the farthest to attend tonight's meeting.

Results of last month's Survey were distributed. 35 responses came from only users of IBM-compatible computers (did all of us Mac users miss that meeting??); 15 different genealogical software programs are in use by these members. Numerous suggestions for future program topics were included.

October *Bulletin* : some spelling corrections received.

Shirley Wilcox, C.G., a former president of PGCGS and currently NGS president, spoke about the nationally and internationally recognized reputation our own highly-esteemed Milton Rubincam, who died 9 September.

Elizabeth Reedy shared her impressions from visiting Congressional Cemetery twice recently. In August, she said, they could hardly even see the stones for the overall overgrown condition of the cemetery. Last week they happened on one of the two major workdays when men and machines worked miracles clearing and restoring Congressional to its now-outstanding condition, removing it from the endangered list. Bill Robey added that about 1,000 military personnel had been on the job.

1 VP/Programs William Robey announced upcoming programs and briefed us on new "rules" for the January "Show-and-Tell", which will be spelled out in our November *Bulletin*.

Mary Moien, Publicity, sent notice of a planned

trip to Congressional Cem. by "Oasis" (an over-55 group which meets at P.G. Plaza; contact: Hecht's) but which is already over-subscribed, we heard from Mary Gillot.

Editor Phil Brown would gladly accept a replacement to take over our *Bulletin*!

Walter Silvester, 2VP/Membership, announced this is the last night to pay up dues and be included in the new Membership Directory.

COURT OF CHANCERY in the United States is another name for a court of equity. A few states have separate courts of chancery presided over by a chancellor. The master in chancery is an officer appointed to serve as an assistant to the chancellor.

COURT OF EQUITY is a court which administers the rules of equity instead of basing its decisions on the rules of law. In the United States, some states have separate courts of law and of equity. But, in most states, the ordinary law court handles cases either at law or at equity as they come up. In other states, the same court will sit as a court of equity or as a court of law at different times. *The World Book Encyclopedia*

WOMEN'S RIGHTS IN EARLY CALIFORNIA.

During California's first constitution convention in Monterey in 1849, one of the issues debated was whether or not married women should be allowed to own property. Monterey Delegate Butts made the statement, "Sir, God of nature made women frail, lovely, dependent." This was at a time when most women entering California were crossing the Sierra Nevada range in covered wagons (and, of course, native American women weren't judged too frail for forced labor.)

Early supporters of women's rights did manage to carry the day, though granting ladies the right to vote was out of the question.

PRINCE GEORGE'S HISTORIAN - **FRED DEMARR DIES**

Frederick Stanley DeMarr, 69, of Hyattsville, Maryland, died in his sleep September 5, 1997. A native Washingtonian, long time Maryland resident, former dean of students at the University of Maryland, teacher of government, politics and history at Maryland U., past President of the Prince George's County Historical Society, and a member of church, lineage and patriotic societies, Fred DeMarr will long be remembered as an institution in Prince George's County. He held the title of historian and the Library of the Historical Society is the **Frederick S. DeMarr Library of County History**.

Fred knew more about the history of the county and its residents, past and present, than anyone. He willing shared his passion with all who would listen. Fred was a dear friend to many of us in the PGC GS and was a benefactor to our organization in several ways. He donated books to the library, assisted with background material for special publications, had given us material for future books, and provided countless information for **Bulletin** articles. Fred DeMarr, friend and benefactor, will be sorely missed.

Book Notes

contributed by M. Ruth Ingram Stultz

Colonial Ancestors & 20th Century Descendants of Samuel A. Nichols (1787-1866) of Howard Co., MD compiled by Joseph Howard Nichols, Jr., 1996, published by Heritage Books, Inc., 1540-E Pointer Ridge Pl., Suite 300, Bowie, MD 20716. Hard cover 8 3/4" X 5 3/4", 498 pages with pictures and 17th/18th century ancestor residence map, name and place index, \$30 plus \$4.00 shipping.

Over thirty years of research went into compilation of this well-documented lineage of Samuel A. Nichols, a founding father of Howard County, who married Susan Hardey in 1825. Nichols, a civic-minded man who served in the War of 1812, was instrumental in building many Howard County schools and roads, generating records for future researchers. Over a thousand of his descendants are named in this book.

In addition to Samuel's lineage, the compiler has included other Nichols of the colonial period and an alphabetical listing of data for Maryland Nichols whose lineage connections are not proven. Information is also provided for related families of Dent, Edelen, Hardey, Morris and Robertson.

Maryland As A Proprietary Province by Newton D. Mereness, 1901, a facsimile reprint 1997 by Heritage Books, Inc., 1540-E Pointer Ridge Pl., Suite 300, Bowie, MD 20716. Paper back, 8 1/4" X 6 1/4", 530 pages, indexed, \$35.00 plus \$4.00 shipping charge.

Divided into two parts, this book contains a vast coverage of Maryland history. Chapter I of the first part explains the feudal land system and the administration of the land office. Chapter II covers territorial revenues such as quit rents, alienation fines and so on. Chapter III focuses on the activity of the Maryland Assembly in territorial affairs. Chapters IV and V deal with industrial and social development respectively.

The second part of the book, comprised of eight chapters, covers all aspects of government from the legislative, finance, military and justice to religion with its influence. The last chapter takes readers through the Declaration of Independence to the cessation of Proprietary government.

This book is a "must" for Maryland researchers.

EDITORIAL OPPORTUNITY with PGCGS

The editorial position for this BULLETIN is available for any enterprising PGCGS member who would like to try their hand at composing these pages each month. Your editor is not resigning, but with all the demands on my "retired" time and changed aspirations, I would like to be relieved. Minimum equipment requirements would include an IBM compatible computer with hard disk and a laser printer. It would be very helpful to have an e-mail account. I can provide formatted *BULLETIN* and graphic files for WordPerfect, and the software. Most material is submitted typed by the contributors. About two full days are required in each of 10 months of the year to compile the material and deliver hard copy to the printer. To explore your interest, call Phil Brown at 301-262-8597.

Mr. John C. Bradley, Attorney At Law (Retired), of Kitty Hawk, N.C. recently sent to the PGCs a 38 page report of his findings on the **PADGET** family. He has very generously offered to share his findings with others researching **PADGETS**. He begins with his grandmother **JULIA PADGET**, married 1884 in Indiana, and follows her line through Kentucky and then back to Maryland where her grandfather **GEORGE W. PADGET** married in 1825 **MARGARET TEWELL (TWOHIL, TUEL)**. Mr. Bradley's notes cover his findings in sources such as census records, probate records, land records and church records from Indiana to Maryland. The **PADGET** packet is available for perusal at the society library. If anyone can shed some light on the ancestors of **GEORGE W. PADGET**, we would certainly appreciate hearing from you.

Milton Rubincam - Remembered

Milton Rubincam, one of our earliest members and our first life member, passed away 9 September 1997. This giant in the field of genealogy held office in our Society, bringing several of the other biggest names in the field to lecture to us, and often spoke himself on his various topics of expertise, as well as willingly sharing his knowledge at question times and when a critique was called for.

Milton had been four times president of N.G.S., "Quarterly" editor from 1957 to 1962, then book reviews editor for 25 years. It was a sobering experience to this beginning genealogist to read my first book review by him.

He wrote copiously, he taught formally, and he spoke as often as possible when asked, locally or out-of-state. If I recall correctly, he once said that if he had knowledge he should share it. And his knowledge of history was formidable. We loved hearing him debunk myths, especially those about grand and glorious ancestry, always with his good humor, and frequently laughing at himself.

Milton became interested in family stories as a child, began researching and enjoying it, and became a professional genealogist with a seemingly endless string of initials after his name. Oh yes, he even spent the years from 1939 to 1972 in full-time federal government employment. And he shared 61 of his 88 years with his wife, Priscilla, nee Teasdale, whom we've been delighted to meet at several of our meetings.

It's been our privilege and pleasure to have known and learned from and loved Milton Rubincam. Our heartfelt sympathies are extended to Priscilla and to their three sons and a grandson.

Minutes of PGCs Council Meeting

Saturday, August 23, 1997

by Karen Aamot Lowman, Rec. Sec.

Pres. Daniel LaRue opened this first Council meeting of the new term at 10:00 A.M., Saturday, 23 Aug., at our Library / Research Center in Bowie. Attending were Dan LaRue, William Robey, Diane Stultz, Josephine Beagle, Irene D'Amato, Mary Frazer, Anne Herrick, Karen Miles, Pricia Paulkovich, Phyllis Jensen, Phillip Brown, Walter Silvester, Karen Lowman, and Anne Andersen.

The Council voted unanimously in favor of the following actions.

Vote #1: PGCs will sign a lease with the City of Bowie for our Library premises. This must next be approved by membership vote at the September meeting.

The City of Bowie presented Karen Miles, Archivist, with a suggested annually-renewable lease for our portion of the 12219 Tulip Grove Drive property, to cost \$1.00 per August 1-July 31 year and to be executed by our President. Only minor changes or corrections are needed. Utilities and maintenance are paid by the City. This lease could be canceled on 60 days' notice by either party.

Vote #2: Treasurer Josie Beagle will sign insurance contract with Maryland Casualty, Baltimore, for one year at \$500; any additional coverage to be taken up at a later date. This must next be approved by membership vote at the September meeting.

The City requires insurance coverage on our part in the amounts of \$1,000,000 each occurrence, \$2,000,000 aggregate, and \$500,000 fire legal liability. Working with a highly recommended P.G. County broker, 3 insurance companies were contacted; only 2 would consider this coverage. Of these 2, the better policy for us, for slightly higher premium of \$500, appears to be that with Maryland Casualty. This would include these coverages: \$5,000 personal property, \$5,000 computer/ machines/ all electronics coverage; \$10,000 valuable papers/ books. Bowie has its own injury insurance for maintenance crews.

Vote #3: Continue to hold general meetings at

Greenbelt Library through this year; take question of meeting site(s) to membership and ask for any further suggestions.

Occasionally a prospective alternative meeting place is suggested and evaluated. The Collington Retirement Community auditorium in Mitchellville was proffered and was visited by Dan LaRue. After weighing pros and cons, Council declined to recommend a change at this time.

Vote #4: Computer Interest Group meetings will be held every other month during the coming Sept.-June year.

CIG meetings are frequently under-attended, sometimes draw greater numbers. Discussions concerned eliminating separate meetings, incorporating computer subjects into occasional general meetings, increasing stress on attracting people to use of computers in modern genealogy and offering help with people's initial questions and qualms, &/or a major full-day workshop/ seminar. A questionnaire/ survey will be handed out at our Sept. meeting. CIG Chair Anne Andersen requests others assist with responsibilities; she has handled everything solo for many years. The meetings could be publicized more widely. She asked to be informed of any classes or other known items of computer interest. A few other computer groups are known, including some for Senior Citizen groups, one by City of Bowie, as reported by Pat Paulkovich, and library computer offerings found by Phyllis Jensen. There is no CIG for the county as a whole. It was pointed out that it is also possible to do a lot of computer genealogy without having a computer oneself.

Vote #5: Approved renewing gift membership for Chris Stevens for another year in appreciation of the extensive computer work he did for us.

Karen Miles contracted with an electrician, cost \$171, to install 2 phone jacks and a dedicated electrical outlet to accommodate our upgraded electronic-age capabilities. We now have an

e-mail address where messages will be read weekly on the day Library is open.

Any member may include own e-mail &/or fax address in our Directory. These **Membership Directories do not circulate to anyone but Members, and all Libraries that receive our Bulletin are supposed to remove Directories before shelving Bulletins.**

There are now 2 catalogs of publications on CDs.

Vote #6: Granted approval for Treasurer to act on the following:

a) to move \$225.00 from Miscellaneous Expenses to replenish Corresponding Secretary Budget after her postage expenses for prior fiscal year;

b) to move \$50.00 from Misc. Expenses to replenish Treasurer's Budget after paying for new bank checks;

c) to move \$40.55 from Misc. Expenses to replenish Publicity Budget after expenses for prior fiscal year.

Treasurer Josie Beagle summarized activity to date.

1) Budget was approved by the membership in June and printed in the *Bulletin*.

2) Financial statement for FY 96/97 appears in September *Bulletin*.

3) She filed for Sales Tax Exemption Certificate which will be mailed to us the end of August.

4) The Archives/ Library CD which matured 6 June 97 was invested in a 19-month CD paying 6.3%.

5) The Building Fund CD which matured on 30 June 97 was invested as follows:

a) \$4,700 in a 19-month CD paying 6 %;

b) \$100.92 in a 2-year CD paying 5.3 %; this CD will allow her to deposit during its term.

6) Monthly Statement for July 1997:

Revenue	\$957.27
Expenditures	\$472.67
Increase	\$484.60
Checking Acct.	\$3,763.13
Savings Acct.	\$4,549.39
Sav. Acct. CD	\$5,509.52
McCafferty Award Sav. CD	\$1,545.95
Building Fund Sav. CD	\$100.92
Building Fund Sav. CD	\$4,700.00
Archives/Library Fund Sav. Acct.	\$1,112.17
Archives/Library Fund Sav. CD	\$2,625.05
Library Petty Cash	\$50.00
Total	\$23,956.13.

7) Treasurer will renew our Savings Account CD in the amount of \$5,509.52 when it matures on 29 Aug. 97.

8) Paul Vance audited the books and his report appears in Sept. *Bulletin*.

1VP/Programs Bill Robey led a discussion of possible changes in format of our meetings, with the intent of extending the greatest courtesy to our invited speakers. The most workable possibility was deemed to be to tighten up our business meetings to save time, with all officers and others notifying the President in advance of desire to speak. Programs are scheduled for the Sept. and Oct. meetings. Officers will be responsible for Sept. refreshments.

Walt Silvester, 2 VP/Membership, tallied 485 *Bulletins* distributed. During this past year we gained 66 new members; 105 people have not renewed yet. Those who do not renew by Sept. meeting will not receive the October *Bulletin*.

Editor Phil Brown reports a good inflow of publishable *Bulletin* material.

Phyllis Jensen, Education, said Workshop notices will be posted on Bulletin Board; and there will be a "Freebies" Table.

Mary Moien, Publicity, has asked to be replaced, but continues for the time being.

Past Pres. Irene D'Amato is chairing a By-Laws Revision Committee, which includes another Past Pres., James McCafferty. She also thanked all for help during her 2 years as President, and congratulated the new officers on their coming years.

Diane Stultz, Special Publications and Records, credited Kent Phillips for re-working, from home, the computer program for Land Records.

Archivist Karen Miles had much else to report. 1) Two tax exempt cards received from Office Depot and were assigned to her and to Diane Stultz. To make a purchase for the Society at Office Depot, see one of them.

CHECK IT OUT

prepared by Phyllis Smith Jensen, EDUCATION CHAIRMAN

Over the past months several researchers have commented about the substantial amount of non-Maryland resources contained in our library. Mary Fay Nelson, Sandra Ray, and Virginia Hardy Vance are three of those people who have successfully found new leads or information about their ancestors. Each of them recently shared their views as to which resources they found most helpful.

In her Massachusetts research for Fay ancestors, Mary Fay Nelson found the library's periodicals for Massachusetts extremely helpful. In the MA periodical, MASSOG, Mary discovered an index to the births, marriages, and deaths which had been abstracted from the Westborough, MA newspaper, "Chronotype". Listed in the index, she found more than thirty people she believed connected to her lines for the 1870 time period. Mary also found four columns (about 200 people) of Fays listed in the New England Historical and Genealogical Index of Persons. Plus she used some District of Columbia directories in her research.

Sandra Ray's research primarily involves three states, North Carolina, Virginia, and Pennsylvania. Her most helpful resources were the North Carolina periodicals. From one North Carolina county's periodical, Sandra found a published index of surnames abstracted from a collection that had been willed to Winston Salem. Among those records, she discovered a clue which eventually enabled her to find where her third great-grandfather was buried. Sandra stated she had been to the North Carolina area several times and had no idea those records existed. She found the reference to those records in a journal located in our library. In her Pennsylvania research, she found a journal article on how to research old German records. It contained information on old naming customs which explained the German custom of families giving their children the same first name but different middle names. Two features Sandra likes about our library is the ability to photocopy (up to 11x17 inches) any record she needs and the fact that she can check out the periodicals. Over the past two years, Sandra has researched sources at our library sometimes going every Wednesday.

Virginia Vance expected our library to have mostly Prince George's and Maryland materials. However, she found in our library helpful periodicals, books, and maps for three areas of her research: Georgia, Kentucky, and South Carolina. For her Georgia research, she found the early tax rolls helpful. For Kentucky, a book with the early obituaries helped her locate a great, great uncle. ("Kentucky Obituaries 1787-1854 " by G.Glen Clift) And for South Carolina, she particularly benefitted from the early maps which allowed her to follow the boundary changes and development of the state. In the SC periodicals, Virginia found a land reference to one lost member of her family-the only reference she has ever found. Another aid was the South Carolina 1790 Federal Census. She believes the material she found in our library saved her a number of trips downtown. Virginia echoed Sandra's comments about the asset of the library's photocopy machine and the advantage to members to check out books. Furthermore, Virginia likes the library's peaceful atmosphere, the short travel time, and the fact that there is no red tape-merely sign your name.

collection for a county society! Periodicals are available for **ALL STATES EXCEPT** Hawaii, Idaho, New Mexico, and Wyoming. Admittedly, for some states there are only a few periodicals while for other states there is a substantial number. Among our collection of books, which is **NATIONAL** in scope and includes some foreign sources, researchers will find the 1790 Federal Census for the following present day states: Connecticut, Delaware*, Maine, Maryland, Massachusetts, New Hampshire, New York, North Carolina, Pennsylvania, Rhode Island, South Carolina, Vermont, and Virginia*. Also Census and other indexes can be found for various years (1780-1850) for various counties in these states: Kentucky, Mississippi, Ohio, Pennsylvania, Tennessee, and Virginia plus the District of Columbia and the Minnesota Territory. A wealth of material awaits you at our Research Center. CHECK IT OUT.

*When the British burned the Nation's Capitol in 1812, Delaware and Virginia were two of the six states whose census returns were lost. Consequently, the 1790 Census index for these two states was reconstructed from other sources.

Future Programs

by Bill Robey, 1st Vice President

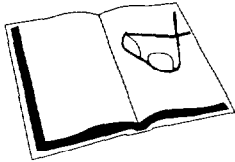

In **December**, John T. Humphrey's lecture will explore the beliefs and baptismal practices of several major denominations and show how knowledge of those beliefs can add both greater understanding to these records and assist with research.

Mr. Humphrey is a native of Northampton County, PA, and now resides in Washington, DC. His principal genealogical publications include the eleven-volume set of *Pennsylvania Births*, a two-volume family history *Early Families of Northampton County, Pennsylvania*, and *Understanding and Using Baptismal Records*. Mr. Humphrey serves on the Mid-Atlantic Germanic Society board, and received the National Genealogical Society's Distinguished Service Award.

Anyone wishing to appear and present something at the **January Show and Tell** meeting, please contact Bill Robey at 301-567-0440, before the 15th of December! Or contact by e-mail at: billrobey@aol.com

Book Notes

The Crabb Family by Richard Dwight Prall, 14104 Piedras Rd., NE, Albuquerque, NM 87123-2323. Pub. by Cheetah Copy, New Mexico Book Binders, Albuquerque, NM, 1997. Hard-cover, 8 1/2" X 11" limited edition, bibliography, index, two volumes containing 1637 pages with maps and photographs. Gift of the author.

After publishing a 546-page family history in 1990 for his paternal surname, PGC GS member **Richard Prall** began gathering data on his maternal line for all past and present Crabbs and their allied families. His work expanded into two volumes.

Volume I includes Crabb families of England and Scotland, New England, Maryland, and six generations of the **Ralph Crabb** family.

Volume II includes Virginia, Southern, Midwestern, and German Crabb families and allied families of **Sprigg, Smith, and Threlkeld** of England and **Coons** of Germany, as well as Appendix I and II, the bibliography and index.

The author provides a simplified numbering system so readers may follow lineages with three basics: Roman numerals for generations, a parent's name in parenthesis, and an underlined child's name continues the family line.

Henry Crabb, transported to Maryland in 1665, completed his indenture service in 1672 and subsequently became a land owner. The first Crabb mentioned in Prince George's County land records after the county was formed in 1696 was **Thomas Crabb** who witnessed a lease in 1700 and left many other records.

Crabb families are presented in single chapters, eliminating need to search two volumes to follow multiple generations. Readers can thus easily distinguish a westward migratory movement, as in the author's case. **Ralph Crabb** lived in Colonial Prince George's County and his grandson **Charles** moved to Jackson Co, IN. **Charles'** grandson **Thomas W. Crabb** moved to Iowa, and his great-grandson, the author, lives in New Mexico.

Some other allied **Crabb** families are: **Beale/Beall, Coons, Greenfield, Hall, Johnson, Kline, Miller, Monnett, Piles, Prather, and Wilson.**

Future Programs - continued. In previous years, we have had more people wanting to present something at this meeting that have been able to appear. I am going to try to schedule each person with a specific time limit on presentations, so that more will be able to participate this year.

I will need to know what you are going to show and about how long it will take you to make your presentation. If I do not hear from you, you will not be on the presentation schedule. Please contact me if you are interested in appearing. I must know by December 15th, so the schedule can be developed for the January meeting, before the Christmas holidays. If you contact me, you will be notified before the January meeting as to how much time you will have, and approximately when you will be called upon.

LIBRARY ALERT

We all know why publishers have turned to paperbound books instead of cloth bindings. It saves money! The savings are seldomly passed along to the consumers - us. Books remain expensive but necessary tools to genealogists.

The annual library budget does not allow for multiple copies of popular titles. Recently 12 new books were purchased at a cost of \$303. Several titles were sale items and we received the standard 10% library discount. With 2 exceptions all of the new books will be in great and constant demand for the foreseeable future. Of the 12 books, 3 are clothbound and 9 are paper.

Unfortunately, paperbound books do not wear well in any library but especially not in a lending library. Our library continues to increase in popularity. In some instances the sole reason a person joins the Society is to take books home and search them at leisure in their favorite chair. Out of state requests have increased and e-mail has made writing or long distance calls obsolete.

We often need a previously searched book a second and third time. When it is called to a member's attention that he has already seen a certain title, his response is "Thank you, but I've found more or new names and need it again."

Quite often a book that has been circulated as little as three times comes back with loose pages. Our members always call the staff's attention to this problem in the hopes the pages can be glued and the book put back in immediate circulation. Sadly, loose pages are a problem for the staff and not easily corrected, thus a book ends up in the repair pile instead of on the shelf.

How then are we to combat the problem of keeping books in lending shape? Obviously photocopying is almost as important to genealogists as breathing. We want the copy of a document or the page from a book in our hands and eventually in our files. Several thoughts: if a book has only one or minor citations, consider hand copying the item(s). However, **cite your source!** When photocopying is necessary place as little pressure as possible on the book. Ask a reference librarian to do the copying for you.

When requesting the loan of a book, and you suspect it is an index format, ask the staff to check for your surnames. If the names appear and the references are minor, ask that we just send copies of the pertinent pages and not the book. This saves the wear and tear of mailing and costs less than postage to mail the book. This will not work in all cases or for everyone but it is a thought to be considered.

If you've looked at this month's accession list you'll see that we are 88 books from the 3,000 mark. **The PGCGS Library is your library and all 2,912 books belong to you.** The staff encourages you to visit the library, borrow *and care for* your books and to advise us of any additions, collections, supplies, etc that you'd like to have at your fingertips. The Library staff is always delighted to accommodate members. It makes our day!

NATURALIZATION RECORDS AT NATIONAL ARCHIVES.

Microfilmed naturalization records in the main National Archives building include an eclectic mixture of indexes, declarations of intention and petitions for naturalizations from federal courts.

Federal naturalization records not available in the Microfilm Reading Room in Archives I can be obtained from the National Archives Regional Archives serving the state in which the federal court is located. However, most naturalizations before 1906 occurred in local, county or state courts, and those records are not held by the National Archives.

Consult microfilm publication M1537 (437 rolls,) "Naturalization Petitions for the U.S. District Court (1820-1930) and Circuit Court (1820-1911) for the Western District of Pennsylvania" in Room 400, National Archives I. *Excerpted from article "The National Archives and Genealogical Research" by Claire Prechtel-Klusgens in "The Record, News from the National Archives and Records Administration, Nov. 1994, via Howard Co., MD GenSoc Nwsltr, Iss. 203, Sept. 1997.*

BALTIMORE COUNTY TAX LIST FOR 1692

by Robert Barnes is an article which looks at the individuals listed in one section, South Side of Patapsco Hundred, of the 1692 Tax List of Baltimore Co., and includes new information not found in *Baltimore County Families, 1659-1759*. So many records have been published since that book appeared that quite a bit of information has been found. The names were found in Baltimore County Court Proceedings, Liber F#1, 1691-1693, folios 225-229, MSA, transcribed by William N. Wilkins. The list of taxables in the hundred was taken by Richard Guin, constable of the South Side of Patapsco River, on 15 July 1691. Sources consulted for this article are listed.

Baltimore Co. GenSoc, Vol. 13-3, Sept. 1997.

"A SEARCH FOR RADNOR" by Peter Himmelheber tells us that the term *Radnor* is contained in the deed to his property with the phrase 'being a part of the land...called "Huggins" or "Radnor"...'. The area of *Radnor* is situated in what is known as Medley's Neck in St. Mary's County, Maryland. His interest was in determining just where the original *Radnor* was (and currently is,) the name prior to *Radnor*, if any, and the first owners, but especially, who owned his part. He thought it would be a simple matter of searching back through the land records beginning with his deed until a plat or a boundary was found. Not that easy! What follows is sixteen pages of his search, with copies of plats, picture of the Robert H. Brubacher Family who last owned *Radnor* in its entirety, three tables of possessors of *Radnor* and a very fascinating story and great piece of "detective" work. *St. Mary's Co., MD Historical Society, Vol. 45-3, Fall 1997.*

BURNING COUNTY COURT RECORDS. One of our members brought this to my attention, completely "flabbergasted" at this dastardly deed. This involved a news item relating to the burning of several truck loads of old court records in Grant County, Oklahoma, The clipping showed a huge cloud of black smoke just behind a sign saying, "No Dumping." The caption read, "A plume of dark black smoke filled the skies of Wakita (OK) Monday afternoon as county workers disposed of several truck loads of old court documents (some dating back to the late 1880's). While most states have laws now preventing such things happening, it is obviously still happening and unless the records have been microfilmed, they are now gone. (And I had collateral ancestors in Grant Co.! But I have had it happen to me in another state--tax records lost forever, burned by a county official--a cousin!. PBP) *The Family Tree*, Vol 7-5, Oct/Nov 1997.

FAMILY STORIES are interesting and usually contain a grain of truth. Those that have been handed down through several generations have often been distorted or changed as to time period or actual fact. Sometimes they are a generation or two removed from the actual event or person involved. Check for any clues that these stories contain and investigate these possibilities. But don't confuse family stories with actual facts. They may be quite different! *SW LA GenSoc, 21-3, 1997*

(And some stories may sweeten or cover up an embarrassing event.)

NORTH CAROLINA ARCHIVES. The 1995 Catalog of North Carolina Archives is available free upon request. New titles and those of genealogical interest are noted. Write: Historical Publication Section, Division of Archives and History, 109 E. Jones St., Raleigh, NC 27601-2807 or call 919-733-7442.

SOUTHERN RESEARCH. It was reported by a seasoned researcher in the Salt Lake Family History Library that the Leonardo Andrea collection is a gold mine. Mr. Andrea is reported to have spent his life collecting information about Southern families, especially those in North and South Carolina and Virginia. His life's work of 188 family folders was microfilmed, along with enough of his correspondence folders on these families to fill another 21 microfilms. To check this out, use the computer card catalog at a local Family History Center and look under South Carolina - Genealogy. Then order the film.

INDIANA MARRIAGES THROUGH 1850- On-Line Searchable Index. Indiana State Library's genealogy section has a searchable on-line index of Indiana marriages through 1850. However, a search of this index will occasionally turn up marriages beyond 1850.

The minimum requirement for a search is a single surname; that is, one cannot look up all marriages in Grant County or all marriages in 1848, but one can search for all "Smith" marriages or all "Smith" marriages in 1848. According to the Library Web Page, the counties of Clay, Jasper, Madison, Noble, Stark and part of Sullivan are

excluded due to the unavailability of records prior to 1850 in those counties. In addition to the courthouse listings, this database includes marriages appearing in the *Abstracts of Records of the Society of Friends in Indiana*, compiled by the late Willard Heiss and those noted in the St. Francis Xavier parish church in Vincennes, IN which date from 1749. The index:

(Note: I have used this index and found some errors; it pays to double-check. Apparently the errors had been made during transfer from original returns to a hand-written or typed index. Always go to original returns when possible. PBP) Whittier Area, CA GenSoc, Vol. 17-4, Sept. 1997

(As extracted from the publication of the U.S. Dept. of Interior, Bureau of Land Management, entitled *Historical Highlights of Public Land Management*. 1962. Also, *the Public Domain* by Thomas Donaldson, US G.P.O., 1984)

LAND CHRONOLOGY

- 1607- First permanent English colony in America founded at Jamestown, VA.
- 1613- Land tenure in Virginia based on head-right system by which 50 acres of land granted to each person who paid either his own or someone else's transportation from England to America. Larger tracts could be purchased also from the Virginia Company. All tracts located indiscriminately, without system of land survey.
- 1620- First English colony founded in New England at Plymouth, MA.
- 1624- First Dutch colony founded in New Netherlands at New York.
- 1630- Land grants to immigrants in New England made by General Courts. Settlers granted tracts of 10 to 100 acres. English officials voted themselves tracts of 1,000 to 9,000 acres.
- 1634- English colony founded in Maryland. Land tenure similar to head-right system of the Virginia Company.
- 1636- Settlers in New York granted land tracts up to 100 acres each. Extensive tracts awarded for importation of as many as 50 families of Dutch immigrants.
- 1662- Connecticut issued corporate charter. A year later, Rhode Island issued corporate charter. All land grants determined by New England Council.

- 1732- Georgia founded as English colony. Granted 60 acre farms to each colonist and 500 acres of land to a settler with family of six or more.
- 1763- England acquired right to all lands east of Mississippi River as result of the Seven Years War which canceled all claims of individual colonies. Pioneers prohibited from entering region west of Allegheny.

- 1764- Settlers moved into Vermont and New Hampshire, and later Maine.
- 1770- First colonists from Virginia and North Carolina began illegal settlement of eastern Tennessee and Kentucky.
- 1774- First local land offices open western Virginia for direct sale of tracts to settlers in that region.
- 1775- Virginia promised land bounties of 100 acres for enlistment in the Continental Army.
- 1776- First act of Continental Congress pertaining to disposition of public lands. Act of August 14th offered deserters from British Army--both English and Hessians--fifty acres of public lands plus citizenship. Act of September 16th promised land bounties for military and naval services during the Revolutionary War. Land warrants subsequently issued to veterans were confined to a "military district" of 2,500,000 acres of public lands in the Northwest Territory.
- 1777- Continental Congress urged all States to seize and dispose of land owned by Loyalists and adherents to English king. All States had followed this advice by 1782 and were in real estate business.
- 1780- **1802-Public Domain:** New York ceded all western land claims to new government, 1780. Virginia surrendered vast region north of Ohio River in 1781. Massachusetts ceded all western aims in 1784. Connecticut followed in 1786, South Carolina in 1787, North Carolina in 17??, Georgia in 1802. All of these areas, collectively, constituted the public domain.
- 1785- Land Ordinance established rectangular system of cadastral surveys of public lands in Northwest Territory, north of Ohio River. Ordinance of May 20th reserved the Virginia Military Land District which could be used for location of military bounty lands.
- 1786- First government survey of public lands began in east part of the Northwest Territory. Using rectangular system, region under survey included the "Seven Ranges" north of the Ohio River.
- 1800- Act of May 10th authorized first Federal system of district land offices for transfer of surveyed public lands in Ohio Territory.
- 1801- Act of March 3 instituted first of many laws on pre-emption or preference right of pioneers. Pre-emption favored squatters and discriminated against land speculators and investors.
- 1802- Cumberland Road authorized for construction between Potomac and Ohio Rivers. Completed in 1818.
- 1807- Government first recognized and so confirmed to claimants, land titles originally granted or issued under foreign governments of Spain, France, Mexico and other countries.
- 1812- Act of April 25th established the General Land Office in Washington, D.C., as a bureau of the Treasury Department.
- 1812- Act of May 6th established system of warrants or land bounties for military service during War of 1812 by veterans or heirs. Military land warrants could be located upon any of the public lands within a military district. The new military districts, each about two million acres, reserved land in Illinois, Arkansas and Missouri. Military warrants and land grants administered by the General Land Office.
- 1814- After War of 1812, settlers began major migration westward to occupy public lands in the Mississippi Valley.
- 1842- Military land warrants could be located on any vacant, unreserved public lands subject to sale.
- 1845- Texas became a state but retained title to all unoccupied lands. Thus Texas was not a public-land state.
- 1848- Mexico ceded a vast territory in Southwest, providing United States with additional 338 million acres of public lands to include present States of California, Nevada, Utah, Arizona and portions of New Mexico, Colorado and Wyoming.

After living on the land and farming it for six months, the homestead could be bought for \$1.25 an acre.
- 1862-** Act of July 1 granted lands for railroads and telegraph systems.
- 1862-** Act of July 2, the Merrill or Land Grant Act authorized grants of public lands to help establish and support State Vocational Schools.

PGCGS Minutes for 7 Jan. 1998

by Karen Aamot Lowman, Rec. Sec.

After calling for out-of-state/new members or guests this evening, Pres. Daniel LaRue briefly discussed the "Survey Sheets". These mostly question members about computer usage and will be an ongoing effort for some time. Dan has had several mail-in responses since he first tabulated results, which show how overwhelmingly we are using E-mail, for one thing.

Some Computer Events are being planned. (1) The Crofton Library has 16 computers and their staff will teach a core group of our members how to use them. These computer savvy individuals will in turn instruct groups of the rest of us, with hand-outs available there. (2) An April or May Workshop will demonstrate and discuss the several most popular genealogy programs among our members.

Phyllis Jensen, Education, also has lined up the March **Beginners Seminar** at the Oxon Hill Library. Check the Bulletin Board and see her published schedule. Also, she calls for any possible topic requests for the last-day Workshop not already scheduled--she'll try to find an expert on the subject.

Anne Andersen, Computer SIG, sent word that the classes at the Greenbelt Community Church have finished. "Greenbelt.com" will meet on Tues., 20 Jan., when their Webmaster will talk on "P.C. Basics."

1 VP/Programs William Robey announced February's speaker. See Calendar in the *Bulletin*.

Webmaster Rudolph Krutar, now home recuperating, has updated our Web pages to include announcement of our Gasch Funeral Home book and an order form for it. He would also like to post the Survey results.

On behalf of the Prosser Award Committee, immediate Past-Pres. Irene D'Amato announced the first recipient of this new honor: **The Gasch Family**, for their six years of work assisting and co-operating with our "nose-to-the-grindstone" group who accomplished the great task of preparing and publishing the book of their Gasch Funeral Home Records.

In memory of our deceased member Irma Prosser Nicholson McCafferty, and given by James McCafferty, it recognizes contributions of genealogical excellence to the field of genealogy by someone in the community outside our Society.

Mrs. Constance Gasch accepted the plaque for the family, and graciously extended the thanks of the whole family and even thanked us for the opportunity to do the project. Irene and Jim both spoke warmly about Irma, and Jim introduced Irma's visiting daughter, Susan Nicholson.

This Committee will always be composed of the current president, a past-president, and one other long-time (10 or more years) member. This year: Dan LaRue, Irene D'Amato, and Karen Duffy Miles.

Flyers were available tonight re. 1998 N.G.S. Conference in Denver.

Leola Kyle is home recuperating and even made "Brownies" to send in for the refreshments table. Deyerle Atkins chairs our Hospitality and generously credited all who contribute

After surprisingly few signed up in advance for tonight's "Show and Tell", "Nuggets"/"Gold Mines"/"Bring and Brag", several more members came prepared to participate and Bill Robey conducted the program which filled all available time. Participants, Bill Petrie, Deyerle Atkins, Kathy Hamilton, Christian Feuillet, and Bill Robey. Attendance: 57. (And thanks to my "counters"!)

CHECK IT OUT

prepared by Phyllis Smith Jensen, EDUCATION CHAIRMAN

Generally we genealogists are anxious to pursue new information, to solve an old problem, and to add a new ancestor's name to the family tree. In our rush to make progress, we often do not take the time to review our existing material for missed clues. When was the last time you reviewed all previously gathered information? One year? Five Years? Longer? (Time has a way of slipping by doesn't it?) And when was the last time you checked your material for proper documentation and do you have copies of all known records? Good genealogy requires keeping good records. Here is a short check list for your review:

- 1) Are all the dates for all events listed in proper order? Example: 07 Mar 1997.
- 2) Have you listed the known children in their correct birth order?
- 3) Are all abbreviations correct? (Here is a small test. Is MI the correct abbreviation for Michigan, Minnesota, Mississippi, or Missouri? The correct answer can be found at the end of this column.)
- 4) Was any ancestor married more than once?
- 5) Are you certain all the children belong to one wife or one husband?
- 6) Have you located your ancestor in every census and have you placed a copy of each census in your ancestor's history?
- 7) Have you checked to see if an ancestor, after the death of the spouse, is living with a child or grandchild?
- 8) Have you found your ancestor's will and probate records?
- 9) Have you checked to see if the names of the witnesses on the wills are related? Many witnesses were related.
- 10) Did any ancestor serve in the military? If so, which war and do you have a copy of that record in your ancestor's history?
- 11) Did you cite your sources? Your credibility depends on it!
- 12) Have you constructed a chronological calendar for your ancestors along with important local historical dates, e.g., dates of wars, Indian raids, floods, epidemics, etc.?

The last item requires additional research for the historical events, but it is well worth it. Mine have proven invaluable when I have completed them. Remember, only in the dictionary does success come before work. No doubt other reminders can be added to this list, but hopefully, these have started you thinking and examining your records. The above list is designed to provide a starting place. CHECK IT OUT.

TEST ANSWERS: MI=Michigan, MN=Minnesota. MO=Missouri, MS=Mississippi

A new Maryland law permits the MVA to sell your DOB, SSN, driving record, and address to anyone submitting your tag number(s). It is easy to privatize this information by calling MVA at 1-888-682-3772 from a touch-tone phone and key-in your drivers license number, date of birth, and SSN.

Also you can block the Bell Atlantic "Star 54" option which allows anyone calling 1-301-555-5454 to input your listed home telephone number, and receive your name and complete address. To block this service, call 1-888-579-0323, telling the customer service representative that you want "Star 54" blocked. After February 7, 1998 there will be a charge for this service.

Irma Mae Prosser Community Award

Irma Mae Prosser Nicholson McCafferty, a long time and valued member of the Prince George's County Genealogical Society, was a consummate genealogist. Family history research was second only to her family in Irma's mind and heart.

Irma maintained membership in and actively worked for a number of genealogical, historical and patriotic organizations. Each benefitted from her membership and were enriched by the legacy she left them.

Born in Wisconsin Rapids, Wisconsin on October 10, 1925, Irma was the daughter of Marvin J. and Carrol Rich Prosser. Irma worked in the psychology department of the University of Maryland and retired in 1987.

Irma brought warmth and smiles to her life as daughter, sister, wife, mother, grandmother, stepmother, girl scout troop leader, volunteer, friend, and cousin.

Her marriage to James A. McCafferty on May 28, 1993 provided Irma with a soul mate and devoted husband and friend.

Irma McCafferty died at her home in Fort Washington, Maryland on November 8, 1996. She rests in Arlington National Cemetery.

One of Irma's final wishes was to leave a tangible way of recognizing the contributions of others to the field of genealogy. It was with this goal in mind that the **Irma Mae Prosser Community Award** was developed. Her husband, Jim McCafferty, followed her wishes and has supported this project.

The three-persons composing the selection committee met three criteria. They included the PGC GS past president, Irene D'Amato, as chairperson; current President, Dan LaRue; and a PGC GS member of over 10 years, Karen Duffy Miles. They found it easy to select **The Gasch Family** for the following reasons.

The publication of *Gleanings from the Records of the Francis Gasch's Sons Funeral Home, Prince George's County, Maryland 1860-1940* took six years to complete. The Francis Gasch's Sons Funeral Home granted permission to use their old records in June 1990. The actual work on the records started in July 1990 with the photocopying of the records. An evaluation of the records was made and it was determined that the best interest of this project could be served by enhancing the information in the original records. This was accomplished by summarizing the information found in the local newspapers that related to the entries in the original records.

The Records Committee could not have completed this project in six years without the support and assistance provided by Mrs. Constance Gasch and her son-in-law Mr. Kenny Grady. Mr. Grady was instrumental in helping the Records Committee move the project to completion. His enthusiasm over the book seemed to pump new life into the project every time we met with him.

Mr. Grady always found time to squeeze us into his busy schedule whenever we called for assistance. Mrs. Gasch and the family provided a number of old family photographs for use in the book and dug deep into their family records to write the *History of Gasch's Funeral Home* which became part of the book.

The dedication of the Newspaper Extraction Team provided the newspaper summarizations that enhanced the original entries. They spent every Tuesday morning and every free Saturday and Sunday at the McKeldin Library for nearly six years, pouring over the newspapers on microfilm searching for additional information. The book would never have made it to the printer if it were not for the hard work and dedication of our typist, Margaret Miller. Margaret handled the bulk of the typing workload, the final typing and prepared the Index that makes the book so easy to use. Team work made this project a success.

After receiving the award for her family, Constance Gasch said she was proud they were to the first funeral home to make their records public.

BYTE-SIZE BASICS:UPCOMING SPRING FIELD TRIP AND RELATED WORKSHOP

A substantial number of members have indicated the need for some general basic knowledge about computers, the need to access the Internet but they do not have the technical capability, and the need to examine and compare different genealogy programs. In an effort to meet these needs, plans are progressing for "BYTE-SIZE BASICS", a two-part educational program which will include 1) a field trip to the Crofton Library where each participant will experience hands-on practice with the computer and access to the Internet, and 2) a workshop where participants will have the opportunity to compare the pros and cons of the most popular genealogical programs as determined by our September questionnaire. The field trip(s) are scheduled for April and the workshop is scheduled for May. If you are interested but did not sign the December sign-up sheet, please give your name to Phyllis. WATCH FOR FURTHER DETAILS IN THE MARCH NEWSLETTER.

KANSAS SETTLERS. The Kansas Council of Genealogical Societies is compiling a volume of ancestor charts of persons who settled in Kansas. The volume will be titled *Forgotten Settlers*. Genealogists may submit an application and chart for inclusion and also receive a certificate for framing. The application includes documentation of settlement and of the submitter's relationship to the settler. For information, contact the Kansas Council of Genealogical Societies, PO Box 3858, Topeka KS 66604-6858.

GRAVES IN THE TVA AREA. Information on graves affected by the Tennessee Valley Authority has been gathered into an alphabetical listing including 30,630 graves. There is a second set of records of the individual Reservoir Cemeteries. Eleven volumes covering the main channel of the Tennessee River from Kentucky Lake, KY to Fort Loudon TN have been published. A surname search of the volumes *Complete TVA Burial Records* can be made for \$5.00 per surname by writing to: Mountain Press, PO Box 400, Signal Mountain, TN 37377.

"DETAILED-ORIENTED METHODOLOGY"

is supported by Certified Genealogist Patricia Law Hatcher. It is called "cluster," "community," "immersion," or "neighborhood" genealogy and emphasizes five facets of research:

* Accept no one's research without verifying it yourself.

* Mine the *most original* version of *each* document for *every* bit of information it can provide.

* Know where you are before you head off elsewhere.

* Explore *all* relatives, friends, neighbors and associates.

* Ground conclusions solidly in chronology, lifestyle, place, and time.

Ms Hatcher, who won the 1996 American Society of Genealogists Scholar Award, says this

methodology should be applied routinely to genealogical study everywhere. She cites a basic tenet of good research: one should not quit researching just because one record was found. Rather, one must examine all records of reasonable assurance that there is no conflicting evidence. In a detailed article applying her methods to a specific case, she gives proof of the value of her research methods including an original will which revealed that the transcript was not correct. *NGS Qtrly, Sept. 1997, via Nwsltr of GenClub, Montgomery Co. SOME MYTHS ABOUT OUR AMERICAN

ANCESTORS: Myth 1. When our American ancestors moved, they always moved west. **Fact:** While most early settlers came to the eastern shore of North America, it was logical for most expansion movements to flow westward. However, there are documented cases showing movement northward, southward, or back to the East after pioneers became less than enchanted with the raw frontier.

Myth 2. Because of travel conditions prior to the railroads, families rarely moved more than once or twice in a lifetime. **Fact:** A study of Revolutionary War pension applications reveals that many of these veterans moved six or more times, and quite often lived in as many different states.

Myth 3. Our ancestors usually moved, not knowing where they were going. **Fact:** In-depth study into the migratory habits of our ancestors shows that, in most cases, they had received many reports on an "ideal" location by which they were convinced they would better themselves by moving. Sometimes they relied on reports from relatives or neighbors who had already moved, but often a member of the family would make a preliminary trip to check out the new territory. The move usually involved several families making the trip together.

Myth 4: Most Southern families were slave owners just prior to the Civil War. **Fact:** The majority of

heads of households never owned a slave. This is substantiated through a study of slave census records.

COLONIAL VIRGINIA. The Library of Virginia, the Colonial Williamsburg Foundation, the Virginia Historical Society and the University of Virginia Library have created the Virginia Colonial Records Project (VCRP) database to permit access to sources for the study of Colonial Virginia History. The VCRP is a cumulation of thousands of reports submitted by project agents who visited more than a hundred archives and libraries in Great Britain and France to survey Virginia related documents. More than 500,000 personal names and ship names are in the database. Public access is available on the Internet through the LVA's Homepage at <http://leo.vsla.edu/lva.html>. or phone 80 4-786-7311,

WEB NEWS.

ProFusion is a project of researchers at the University of Kansas. <http://topaz.disignlab.ukans.edu/profusion/> lets you team up search engines like horses before a stagecoach. You enter your search term, which **ProFusion** then dispatches to engines of your choice (you get to pick from AltaVista, Excite, HotBot, Lycos, Magellan, OpenText, WebCrawler and Yahoo;) it then sorts the results, eliminating the need to pick through the duplicate listings, etc. (Ed. note: Some of our members are using this WEB cite and give it an excellent rating. PBP)

WWW.MOOBASI.COM "Moobasi" is the name for the company which is on the forefront of genealogical technology. They are working to make the census rolls available in an indexable manner via CDROMs. Their current concentration is in the southern states area. What you will see on your screen looks like the same images available on microfilm--but you can zip to a specific page almost instantly (instead of cranking away on the microfilm wheel.) The information is indexed using existing indexes. Moobasi's site provides an

excellent set of pointers to other Web sites of interest to genealogists (software vendors, societies, event calendars, ethnic research groups, etc.) <http://www.geocities.com/Heartland/Hills/7707/bwgen.html> if you are researching in Baden-Wurtemberg.

rodhush@sprynet.com is the e-mail address for Rod Bush's *Genealogical Gleanings*. He puts out this weekly and sends them by e-mail to those who want them. They contain all sorts of information of interest to genealogists which he finds on the Internet and shares. If you want the *Gleanings* sent to you, just let him know.

<http://www.rootsweb.com/-Irish/> The Irish Genealogical Society International, a branch of the Minnesota Genealogical Society, claims to be the "home of the largest list of Irish historical and family history links, home of the largest and most user friendly Irish family history society in the United States, and home of the largest exclusively Irish family history collection in the United States." The IGSI Web pages now have a total of 298 files containing over 12.8 megabytes of data. Some of the files:

- *The 1995 Surname interest list of the IGSI.
- *Indexes to IGSI periodicals.
- *The remnants of the 1851 Antrim Census. Includes names, age, occupation, family groups.
- *Articles by Irish genealogists, Nora Hickey, Brian Mitchell and Dr. Chris O'Mahony of the Limerick Archives.

Council Meeting Minutes

by Daniel M LaRue, President

Saturday January 24, 1998

The Council meeting was called to order at 10 10 a m by Pres. Daniel LaRue Other attendees were William G Robey, Irene D'Amato, Walter R Silvester, Richard A Newkirk, Rudolph A Krutar, Phyllis Jensen, Mary Frazer, Patricia E Shawker, Deyerle R Atkins, Ruth I Stultz, Pricia B Paulkovich, Karen Riekert, Anne M Herrick, Karen D Miles, Diane Stultz, Josephine D Beagle, and Jean C Miles

Noted these changes

- Dick Newkirk succeeds Mary Moien as Publicity Chairman.
- Mary Frazer succeeds Phil Brown as Bulletin Editor
- Pat Shawker succeeds Mary Frazer as Queries Editor.

Our time for the use of the meeting room at the Greenbelt Library was changed from 7-9 PM to 6-9 PM in our contract with the P G Library System This is to guard against being in conflict with anyone else in preparation for our meeting (Although the Library System allows ½ hour between meetings in their booking) There is no charge for this Comments on this were that we could now schedule longer meetings for special events Also possibly use this time for mini workshops

Phyllis Jensen spoke on Education, noting that in the computer area we need more help. Possibly sub-committees under her direction Also possible seminars with Seniors in the Fall

PUBLICATIONS - Land Records Book, Alms House Book

Land Records We have 23 books on hand It was decided to monitor this and pay for storage of the plates for another six months

Alms House Book. There is a good chance that this book can be ready for the printer by 1999 There are 14 more pages to be transcribed and some additional material has become available that we might be able to use in the book

Murray Funeral Home Book Update We are awaiting feedback from Kent Phillips on the program he is developing

Comments were made regarding the Internet and the impact on publication as we know it now Public domain information, and then some, is being placed on the Internet without regard to stepping on anyone's toes Also noted that the money we make from book sales is used to create further publications

PRINCE GEORGE'S COUNTY GENWEB REQUEST

Carol Askey, the coordinator for the Prince George's County Genweb has contacted us and requested permission to use Appendix A (List of Cemeteries) from the Gasch Funeral Home Book This list is four and one-half pages long, single spaced Council agreed to grant this request

PRINCE GEORGE'S COUNTY GENWEB OFFER

The Prince George's County Genweb has offered us space on the County Genweb site for free As of May 20, 1997, they have had 2,535 visitors to their site and we have had 448 to the site that Rudy Krutar has set up for us The Maryland Genweb, which is linked to the County Genweb, was visited over 25,000 times since October 1996 The exposure is out there, just waiting to be tapped Carol Askey is willing to place whatever information about the Society we want on the site, especially information on the sale of our books. At this point in time, we don't think we can have too much exposure especially when it comes to sales

It was recommended that the President of our Society meet with Carol Askey and work out details and arrange to have the Society added to the Prince George's County Genweb site as soon as possible This will in no way hinder the site we already have It will just give us more exposure which can't hurt

REPORTS, SUGGESTIONS, COMMENTS

- Irene D'Amato Wanted to know what everyone thought of the plaque presentation to Gaschs
Everyone thought that it went well Also said that the bylaws were on hold
- Deyerle Atkins Asked that we remind people of her sign-up sheets to donate refreshments She needs
some relief
- Karen Riekert Said at this time we have 1,589 books entered into our computer Told us that she has
given a tour of our research library to eight AARP members from Bowie, an
enthusiastic group
- Karen Miles Said that her primary concern was the research library budget Also suggested that the
society enter the 1997 NGS National Award program for achievement by an
organization We will send for the form to do this
- Karen Riekert Made a motion that we increase our research library budget from \$1,000 to \$1,500
annually The \$500 increase is for insurance we have to pay per our agreement with
the city of Bowie Motion seconded by Ruth Stultz and approved by the council
- Anne Herrick The family files are completely organized and indexed 250 files are in this, mostly
family newsletters
- Josie Beagle The CD, value \$5,635 38, matures on 2-27-98 Will reinvest Start thinking about
your budgets
- Jean Miles She would welcome input from any member on what she could work on Likes to
work on big ledgers, ones that have not been microfilmed yet Also said she would
like to see letters sent to the members we have lost
- Bill Robey Noted that he would try to have someone speak at our April meeting on Genealogy on
line, to tie this in with our computer workshops

Meeting adjourned at 12 10 PM

WE NEED A NOMINATING COMMITTEE

PGCGS Minutes for December

by Karen Aamot Lowman, Rec Sec

Please correct Council Meeting Minutes published in Dec. *Bulletin*: p 87, col 2, next-to-last paragraph, should read "Diane Stultz credited Kent Phillips for **program for Murray Funeral Home Records.**"

Pres Daniel LaRue welcomed all to the Dec meeting and encouraged visitors to sign our guest book. Our Library will be closed on these dates. Dec 24, 27, & 31

Blank Computer Survey Sheets will be available at each meeting as this is an ongoing survey. In April &/or May we will probably schedule visits to the Crofton Library for new computer users, and a Workshop on Genealogy Software Programs. About 15 different programs are used by our members, the 5-6 most popular ones will be presented.

Phyllis Jensen, Education, has set dates of our free Spring Seminars for Beginners in genealogy at Oxon Hill Library and lined up speakers. Details in Feb. *Bulletin*. She is also arranging April field trip(s) to Crofton Library to learn how to get online, research Web sites, operate computers and software. The Crofton Library is open to any Md residents and has 16 computers. We will plan ahead and take only small groups, accompanied by a volunteer from our own Society. Our proposed May Computer Workshop "Byte-size Basics" is being planned by Tom and Patty Shawker, who solicit your input about your needs and interests--via a clipboard passed around at one or both of next meetings. Patty is also working on her C G R S.

1 VP/Programs William Robey is hoping to schedule as many participants as possible for the Jan "Show and Tell" program, so please call him at home by 15 Dec. The Civil War Soldiers Records project will probably have more records available for inputting after 1 Jan, specifically Military Officers this time.

Karen Miles, Archivist, acknowledged the "Library Santas" who have just given 2-6 books each, plus a CD of Ohio Land Office records. One more book gift received tonight, the St. Thomas, Croom, Parish Register, Vol I, 1849-1906, has just been published. We now have all Counties published to date in the series Pennsylvania Birth Records, 4 more are coming out next year. Our Library will be open on Dec 10 and 17, then not until January. Dorothy Rainwater sent regards. Karen noted that the Gasch Funeral Home book is always available at the Library.

Needed--new Publicity person to replace Mary Moien. She has prepared materials to pass on.

Treasurer Josephine Beagle reported our finances as of 30 Nov. Revenues \$1,047 33, Expend \$833 94, Increase \$213 39; Checking \$2,547 45, Savings \$4,597 86, Sav. CD \$5,635 89, CD #1 Building Fund \$266 32, CD #2 Bldg Fund \$4,742 99, McCafferty Award CD \$2,076 31, Archives/Library Savings \$1,123 69, A/L Sav. CD \$2,664 60, Petty Cash \$50 00, Total \$23,705 11.

The evening's program, "The Genealogist's Handbook for Baptismal Records and Practices," was presented by John T. Humphrey, author of Understanding and Using Baptismal Records, and others.

Library News

by Karen Duffy Miles, Archivist

Anne Herrick and Earlene Compton spent countless hours refining the **Family Files** and preparing an alphabetical list by surname. The "Family Files" are *published* periodicals on a given surname and variant spellings. There are some 400 files each differing in size depending on how and when we began receiving the periodicals. The majority of periodicals are received from Heritage Books, Inc. after they have been indexed in the GPAI. Other collections are acquired by gift or Society exchange.

Karen Riekert is more than halfway through the computerization of books. Karen and Anne come in days other than Wednesdays to work on this project. The computerization of our 3,000 books is a monumental task by itself, but when one considers there are 23 fields of entry for each book, the time consumption is much clearer. Karen has opened the Library and conducted tours for various groups. After one such tour, one of the guests told her, "we were the best kept secret in Bowie."

Treasurer Josie Beagle continues to work every Wednesday to determine the value of each book for inventory and insurance purposes. Special Publications and Records Chairperson, K. Diane Stultz, and President Dan La Rue also work each Wednesday providing much needed and appreciated assistance. Diane works on the map collection and just about everything else and Dan works with the periodical collection.

1930 CENSUS INFORMATION The southern states will be the only part of the 1930 census that will be indexed. The indexes were a WPA project to employ people. The indexing was started in the south but before it could be finished, WWII broke out and the labor force was needed elsewhere. According to William Dollarhide in the Jan-Feb issue of the American Genealogical Lending Library's *Genealogy Bulletin*, the ten southern states which were indexed for the 1930 census are Alabama, Florida, Georgia, Louisiana, Mississippi, North and South Carolina, Tennessee and Virginia, plus seven unnamed counties in Kentucky and seven more in West Virginia. The 1940 and 1950 censuses have no indexes at all. (This report made by Wendy Clark, Genealogy Supervisor, Texas State Library.)

Claire Prechtel-Kuskens, Archivist/Genealogy Specialist, Archives I, Natl. Archives states that, to her knowledge, National Archives Records Administration has NOT approached any "commercial indexers" about indexing the 1930 census, but that there is a soundex for all or part of a dozen southern states (as reported above.) The 1930 census will be released sometime in 2002 pursuant to the 72-year restriction on public access to protect people's privacy. There are no indexes to 1940 and later censuses.

GERMAN-LANGUAGE NEWSPAPERS may be the place to look for an obituary of a person of German descent. To determine if a German-language newspaper was published for the time and place which you need and to locate which repository holds the paper, consult a publication entitled *German-American Newspapers and Periodicals, 1732-1955. History and Bibliography*, by Karl Amdt and May Olson. Often the obit will be in a German-language paper but not in an English-language paper. The obits are often surrounded by a thick black border with the decedent's name at the top, thus making them easy to locate. A publication entitled *German-English Genealogical Dictionary* by Ernest Thode can be helpful in translating. (Above two items from *St. Louis, MO GenSoc News 'n' Notes, Vol 29-12, Dec 1987*.)

COPYING PICTURES FOR FAMILY HISTORY BOOK Dick Bush gives some hints. He took his original photos, both black and white and color to a local copy center and used their high resolution color copier set for black-and-white output. He found the printouts had superior resolution to an ordinary black-and-white copier, often improving on the originals. They could be sized larger or smaller, with darkness or lightness also adjustable. For the final printing, he found that the high-speed copiers did not reproduce the photos nearly as well as the slower self-service copiers. Also, he said he used 24-lb paper instead of the 20-lb paper that is standard in the copiers. He was able to produce six 88-page books in about an hour. (*Howard Co., MD GenSoc Nwsltr Issue # 207, Jan 1998*)

NEW YORK AND NEW JERSEY DUTCH ANCESTRY A new publication, *New Netherland Connections*, which began publication one year ago is, according to past editor David Roberts of St. Mary's Co., Maryland Genealogical Society, an excellent new publication. Dorothy A. Koenig of Berkeley, CA has established this quarterly. She has published genealogical research on the families of New Netherland, as well as information helpful in understanding the Dutch naming system. Queries on New York and New Jersey "Dutch" ancestry is published, as are answers to queries. Mr. Roberts gives a thumb-nail sketch of the history of New Netherland, summarized here.

New Netherland was a short-lived colony established in 1624. Based on Henry Hudson's voyage in 1609 and Dutch trading posts set up as early as 1614 at present Albany, NY, the colony was established to secure a foothold on the North American continent for the Netherlands. The colony was south of New France and between the two English colonies of Virginia and Plymouth, all three of whom were trying to claim a share of North America. Smallest (and weakest) of these three, the Netherlands opened its colony up to all who chose to live there. The "Dutch" of New York and New Jersey were a mixture of Dutch, French Huguenots, Belgian Walloons, Germans, Scandinavians, Scots and English. So the term "Dutch" might include some non-Netherlands ancestry as modern research is pointing out.

In 1644 the English moved in and took over the colony King Charles II gave the colony to his brother James, Duke of York, who (naturally) named it New York and then divided off a part between the Hudson and Delaware rivers and gave it to friends, one of whom was from the Isle of Jersey, who therefore, named it New Jersey

PGCGS Minutes for 7 Jan

by Karen Aamot Lowman, Rec. Sec

After calling for out-of-state/new members or guests this evening, Pres Daniel LaRue briefly discussed the "Survey Sheets" These mostly question members about computer usage and will be an ongoing effort for some time. Dan has had several mail-in responses since he first tabulated results, which show how overwhelmingly we are using E-mail, for one thing.

Some Computer Events are being planned--

(1) The Crofton Library has 16 computers and their staff will teach a core group of our members how to use them. These computer savvy individuals will in turn instruct groups of the rest of us, with hand-outs available there (2) An April or May Workshop will demonstrate and discuss the several most popular genealogy programs among our members.

Phyllis Jensen, Education, also has lined up the March Beginners Seminar at the Oxon Hill Library. Check the Bulletin Board and see her published schedule Also, she calls for any possible topic requests for the last-day Workshop not already scheduled--she'll try to find an expert on the subject

Anne Andersen, Computer SIG, sent word that the classes at the Greenbelt Community Church have finished "Greenbelt.com" will meet on Tues, 20 Jan, when their Webmaster will talk on "P.C. Basics"

1 VP/Programs William Robey announced February's speaker See Calendar in the *Bulletin*.

Josephine Beagle, Treasurer, reported as of 31 Dec 1997: Revenue \$557.61, Expend. \$731.87, Decrease (-) \$174.26; Checking \$2,030.88, Savings \$4,609.76, Savings CD \$5,635.89, McCafferty Award \$2,097.81, Building Fund #1 \$468.78, Bldg. Fund #2 \$4,805.66, Archives/Library Savings \$1,126.55, Arch/Lib Sav CD \$2,705.52, Petty Cash \$50.00; Total \$23,530.85.

Webmaster Rudolph Krutar, now home recuperating, has updated our Web pages to include announcement of our Gasch Funeral Home book and

an order form for it. He would also like to post the Survey results.

On behalf of the Prosser Award Committee, immediate Past-Pres. Irene D'Amato announced the first recipient of this new honor--**The Gasch Family**--for their six years of work assisting and co-operating with our "nose-to-the-grindstone" group who accomplished the great task of preparing and publishing the book of their Gasch Funeral Home Records.

In memory of our deceased member Irma Prosser Nicholson McCafferty, and given by James McCafferty, it recognizes contributions of genealogical excellence to the field of genealogy by someone in the community outside our Society.

Mrs. Constance Gasch accepted the plaque for the family, and graciously extended the thanks of the whole family and even thanked us for the opportunity to do the project. Irene and Jim both spoke warmly about Irma, and Jim introduced Irma's visiting daughter, Susan Nicholson.

This Committee will always be composed of the current president, a past-president, and one other long-time (10 or more years) member. This year: Dan LaRue, Irene D'Amato, and Karen Duffy Miles

Flyers were available tonight re. 1998 N. G. S. Conference in Denver.

Leola Kyle is home recuperating and even made "Brownies" to send in for the refreshments table.

Deyerle Atkins chairs our Hospitality and generously credited all who contribute.

After surprisingly few signed up in advance for tonight's "Show and Tell"/"Nuggets"/"Gold Mines"/"Bring and Brag," several more members came prepared to participate and Bill Robey conducted the program which filled all available time. Participants: Bill Petrie, Deyerle Atkins, Kathy Hamilton, Christian Feuillet, and Bill Robey

Attendance: 57 (And thanks to my "counters"!)

PGCGS Minutes for 1 April

by Karen Aamot Lowman, Rec. Sec

To begin the 4 March 1998 meeting, Pres. Daniel LaRue invited long-distance or new members and visitors to introduce themselves--good turnout tonight. He reported 62 responses to the Computer Survey to date and encouraged anyone who had not already done so to fill one out. Members report using 19 different genealogy programs, nine using multiple programs. Only 2 out of 62 use a Macintosh! Also, please make a point of checking the monthly Bulletin Board.

Education Chairman Phyllis Jensen tallied over 70 attendees at last night's first session of the Beginners Seminars in Oxon Hill. Help is still needed for the Open Workshop on Mar. 21, any area of expertise or geographic knowledge.

May 16th, a Saturday, is set for our "Byte-size Basics" Computer Workshop at Hyattsville Library, 1:00 - 4:00 pm. Anyone with a laptop computer is asked to bring it with their own program loaded and talk about or demonstrate it.

Diane Stultz, Records Committee, passed a clipboard, asking for volunteers to begin the work on the Murray Funeral Home Records, the chosen next publication. She brings copies of the Gasch book to each meeting so anyone can purchase a copy

1 VP/Programs William Robey reminded us about the April "Computer Genealogy" program which will be mostly questions and answers. The Civil War Soldiers' Project awaits congressional funding for the National Park Service and Bill hopes there will be work to begin by Fall.

After passing "the Jar" for donations to Maryland Archives, Treasurer Josephine Beagle reported our finances for February: Revenue \$333.88, Expend. \$525 81, Decrease (-) \$191.93;

Checking \$1,493.79, Savings \$4,634.45, Savings CD \$5,635.89, Bldg. Fund #1 CD \$472.88, Bldg. Fund #2 CD \$4,805.66, McCafferty Award CD \$2,097 81, Archives/Library Savings \$1,132 48, Arch./Lib CD \$2,705 52, Petty Cash \$50 00; Total \$23,028.48

Karen Miles, Archivist, announced the 19 January death of Mary Keyser Meyer who was such a well-known genealogist from Anne Arundel County.

She then spoke with special warmth about our own Freeman E. Morgan, Jr., who passed away 11 February, 25 years after he joined our Society. Five past-presidents of PGCGS attended the Memorial Service for Freeman at the Ft. Myer Chapel. He had done a tremendous amount of work in and for the Society and the field of genealogy, which is written up as a separate Remembrance in the Bulletin. Just before he died he completed and delivered to the publisher his manuscript for his book about his MITCHELL family; it is now listed in their catalog! Freeman's collection of books, periodicals, and charts -- 27 boxes in all--was donated by his family to our Rainwater-Miles Research Center and Library. During a week of accessioning work, the Library staff cataloged over 250 books; duplicates will go to other organizations with which we work closely. His collection was strong in Heraldry, New England, and Illinois publications.

Karen urged everyone to "go home and organize; get your collections in order, publish!", and remember PGCGS if you need a repository for your own library.

The Genealogical Council of Md meets twice a year, next on 4 April, 10 00 am. at the Kuethe Library, which will be open for attendees' personal research in the afternoon without the usual fee

FREEMAN E. MORGAN, JR., C.G.

16 June 1913 - 11 February 1998

PGCGS member Freeman E. Morgan, Jr., 84, of Silver Spring, Maryland, died February 11, 1998. A native of Chicago, Freeman served in the Navy in World War II. His government career included positions in the Department of Agriculture, Navy and Veterans Administration.

He is survived by his wife of 58 years, Ruth Peterson Morgan, sons Robert, Donald and Richard, a sister Helen Morgan, 6 grandchildren and 6 great grandchildren.

The memorial service was held at the Fort Myer Chapel, Arlington, Virginia, on Wednesday, February 25th. Inurnment was in the Arlington National Cemetery Columbarium. Five Past Presidents of PGCGS attended the service: William E. & Marjorie Miller, Shirley Langdon Wilcox, James A. McCafferty, James W. Reep and Karen Duffy Miles.

Shirley Wilcox was also in attendance as President of the National Genealogical Society. In May 1986 Freeman received the NGS Distinguished Service Award in recognition of his work as Second Vice President and Program Chairman.

Freeman E. Morgan, Jr., CG, FMGS, had been a member of PGCGS since 1973. His contributions to the Society over the years were numerous. He served as President from 1976 to 1978, Assistant Editor of the *Bulletin* 1978-1979, provided programing assistance and contributed his time, talent and knowledge of genealogy to further the goals of the Society. Freeman is remembered kindly by many members who credit him with their love and enthusiasm for genealogy.

In June 1987, Freeman was presented the Jane Roush McCafferty Award of Excellence in recognition of his dedication to the Society and the genealogical community. A Life Membership was awarded Freeman on March 2, 1988.

Freeman suffered a severe stroke February 19, 1986. With vigorous physical therapy and self determination, Freeman joined us at a Show & Share meeting 15 months later on May 4, 1987. Most of us last visited with him when he attended our 25th Anniversary celebration in 1994 at Archives II in College Park.

Freeman had been consumed by genealogy (both his and his wife's) for decades. He served as the President of the Maryland Genealogical Society 1981-1983 and retained a life membership in MGS. He held memberships in numerous genealogical and historical societies on the national, state and county level.

In the early 1980's he directed a number of one day seminars in nearby Maryland areas. In October of 1983 he was the organizing President of the **John Mitchell Family Association**.

He wrote, consulted and collaborated with others on their books. He had submitted his own manuscript to Heritage Books, Inc. shortly before his death. The *Updated Morgan Genealogy: A History of James Morgan (1607-1685) of New London, Connecticut, and His Descendants from 1607 to 1997* is due out this Spring.

In his letter to me of March 2, 1997, Freeman closed with "My walking has slipped to a whisper, and that quite painfully. My typing is 'hunt 'n peck' with 3 fingers on the left hand. I will be 84 in June ***. I plug along as best I can, & wait for the inevitable " **Freeman Morgan** died February 11th at his favorite typewriter.

FREEMAN E. MORGAN, JR. COLLECTION

Freeman's sons offered their father's extensive personal library to the Prince George's County Genealogical Society for our Library in Bowie. Past President James A. McCafferty, with the help of Robert and Theresa Morgan, packed the books, charts and forms into 27 boxes and Jim delivered the collection to our Library on February 18th.

Each item that is retained will carry a book plate memorializing Freeman as follows:

FREEMAN E. MORGAN, JR., C.G. COLLECTION

Freeman E. Morgan, Jr. #0076
16 Jun 1913 - 11 Feb 1998

Gift 18 February 1998

Of the approximately 250 books, most are new to our collection or are duplicates that will provide us with circulating copies. Some are rare, first editions or out of print volumes. Several books will be distributed to other genealogical societies in Freeman's name.

The full list of gifts will be published in the May or June *Bulletin*.

(PGCGS mins for 1 Apr cont. from p. 171)

The Nominating Committee will be chaired by Pricia Paulkovich and also includes Eugenia Dixon; one more member needed to help Pat and Jeanne.

Declining the proffered microphone, Pat claimed that, as a former Marine Sargeant, she wouldn't need it to speak about receiving E-mail from a western member who wanted to contact a brand new member without an E-mail address about one of his listed surnames.

Past-President Irene D'Amato recited several St. Mary's Co names she'd been asked to check out, hoping for help. Seems she'd been asked to put together a very special gift of a family history for an 80th birthday

Our speaker tonight, Mr. Keith O. Gary, entitled his talk "Volunteers to Veterans. the Civil War Service of the Potomac Home Brigade," probably also the title of his next book. Attendance: abt. 65.

Book Notes

contributed by M. Ruth Ingram Stultz

The Essex Genealogist Volume 13, 1993, of the Essex Society of Genealogists, Inc., Essex County, Massachusetts published by Heritage Books, Inc., 1540-E Pointer Ridge Pl., Suite 300, Bowie, MD 20716. Soft cover, 8 ½" x 11", four issues containing 306 pages with combined index, \$35 plus \$4 shipping and handling

- Imagine a welcome mat withdrawn and you are "*Warned Out*" of town. Generally speaking, the town of birth in New England was held responsible for care of its citizens. If a person moved and fell upon hard times, their names were placed on a "**Warned Out**" list which was sent to county court in the event legal action was necessary for removal. A list from Selectmen's Record Book No. 1 beginning 1705 is published in this volume.
- Primary evidence such as Admissions and Baptisms of the Second Church (Boston) is also in this volume as well as prepared lineages for surnames **Breed, Parker, Sargent, Townsend** and others.

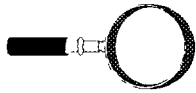

The Essex Genealogist Volume 14, 1994, of the Essex Society of Genealogists, Inc. Essex County, Massachusetts published by Heritage Books, Inc., 1540-E Pointer Ridge Pl., Suite 300, Bowie, MD 20716. Soft cover, 8 ½" X 11", four issues containing 310 pages with combined index, \$35 plus \$4 shipping and handling. Both volumes 13 and 14 are gifts of the publisher

- "Moments in History," located in the back of each volume, provides vignettes of Massachusetts history and people. The fourth issue of Vol. 14 introduces **Sir John Humphrey**, one of the most intriguing personages involved in the settlement of the Massachusetts Bay Colony.
- More information about events and people is given in the section "It Happened in Essex County." For example, **Sarah** the younger daughter of **Adam Hawkes** of Saugus, along with her mother and half-sister **Mercy Wardwell** were brought to trial for witchcraft in 1692. The two sisters were found "Not Guilty", but Adam's widow **Sarah Hooper Hawkes Wardwell** was adjudged "Guilty."
- A few other surnames researched in this volume are. **Capt. Lemuel Bickford Mason, John Pedrick, Henry Rhodes, and Peter Wolfe.**

Informational articles appear throughout the issues, readers write on varied topics, and of course there is a section for queries.

The Essex Genealogist offers interesting reading for the historian as well as for genealogical researchers of that county.

DEFUNCT ORGANIZATION - MINISTERIUM OF PENNSYLVANIA HISTORICAL SOCIETY

The Lutheran Archives Center at Philadelphia has asked the National Genealogical Society to help correct a misunderstanding. Mail continues to arrive for the Ministerium of Pennsylvania Historical Society, an organization that ceased to exist half a century ago. Much of this mail is addressed to the professor who answered genealogical requests before his death 20 years ago. This mail ends up in the Krauth Memorial Library of the Lutheran Theological Seminary at Philadelphia which serves Region 7 of the Evangelical Lutheran Church in America, covering about the eastern third of Pennsylvania, New York (except New York City,) New Jersey and New England. This archival holding has limited church records of individual congregations, chiefly those now defunct. Almost none are indexed, therefore searching must be done by category of pastoral act, then searched chronologically. Congregations still in existence maintain their own records. (Family Tree, Odom GenLib, 8-1, 1998 and National GenSoc, July/Aug 1997)

BANK ON A HILL--helpful hint from Jim Holway:

"Many of the records for my family were kept in the upper level of our woodshed. When I was seven months old, my family was trapped in our house when the town was inundated by a sudden flood. We

went out a second-story window of the house into a set of casket boxes and were paddled to high ground
The records in the woodshed were lost.

"A few years ago my research took me to the Dorchester County courthouse in Cambridge, Maryland on the Eastern Shore Their opening speech was that they had a fire a few years back and many records had been destroyed. They moved many of the surviving records to a vault at the local bank. Next the town had a flood and the bank was under water It turned out that I did not find what I was looking for

"The message is this: Put the original copies of your most valuable records as well as your computer back-up materials in a safety deposit box in a bank ON A HILL. Preferably one that is 300 feet above the 100-year flood plain!"

(This story was too good to edit, hence the quoting. Underlining by editor PBP Howard Co, MD GenSoc, Iss 208, Feb. 1998)

HISTORY ONLINE-NATIONAL ARCHIVES BRINGS PAST TO LIFE BY PUTTING PHOTOS, DOCUMENTS ON THE WEB

MISSOURI VITAL RECORDS -- CORRECTION

It was reported in our PGCs *Bulletin* Oct. 1997, that birth and death records in Missouri had been reduced from \$22 to \$5 From first hand knowledge I can tell you that as of August 1992, the fee for a certified copy of a birth and/or death record is \$10 00 each If you are unsure about the cost of vital records from any state, you might want to call the appropriate state office. Consult the U S Dept of Health and Human Services, DHSS Publication No. (PHS) 93-1142, *Where to Write for Vital Records, Births, Deaths, Marriages and Divorces*. This publication lists addresses, fees and other information for all states for writing for vital records Remember that the fee may have changed since this publication was printed

REQUEST COPIES OF THE ORIGINAL RECORD!

Many states are now putting vital records on microform and the copy you request may be a typewritten copy of the original, taken from microfiche--unless you request otherwise When I called the Missouri office, I was advised that if I wanted a copy of the original record, I should request a photocopy, and add the notation "no computer copy." My experience in West Virginia was that at this time, they send a photocopy of the original, not a typed copy from microfiche When requesting a copy of my marriage certificate from Montgomery County, Maryland, I received a typed copy, taken from their computer information This copy, made over ten years ago, contained an error plus an erased, typed-over entry I was able to straighten this out over the phone and received a photocopy of the original document. These are not the only experiences I have had in getting copies of originals and though not always easy, it is well worth the time and effort it takes I repeat: **ALWAYS try to get a photocopy of the original document**

RUTH PALMATARY

by Bobbi Pohl

Seven small notebooks (3 7/8 by 5 3/4 inches) bound in heavy brown paper were spotted at a yard sale in Bowie, Maryland, by Nova Boyer (#0154). Ms Boyer bought them and donated them to the PGCGS Library. They proved to be account books kept during 1852 through 1862 and half a page in 1869 by Ruth Palmatary (Palmatry) There are some accounts included by Mrs Palmatary's sons Manlove and William These books were kept from both front and back with many unused pages in the middle

Mrs Palmatary, a tailor, kept track of her accounts at certain stores for household supplies, her payments for men's coats, pants and shirts made, an apprenticeship of her son William, and a loan for a house purchase. Following is a description of the book contents

- 1 Cover. **Mrs. R. Palmatary Book 1852** Contains 12 pages recording her account with Alex Sams, 1852 - 1857 for groceries, fabrics, shoes, school supplies and other merchandise Included in the 1852 listing are due bills in favor of Sarah Hazell and Mrs Morris. There are two loose receipts tucked into the book dated 1832, one signed by John Moors. The back 8 pages of this book were sewn together They proved to contain the account of Alex Sams with Ruth Palmatry for clothing made 1852 - 1857.
- 2 Cover. **Mrs R. Palmatary act. With Fox & Spicer** There are 5 pages of 1854-1855 accounts with Fox & Spicer, followed by a brief record of Manlove's bill with John Moor and a one page account of work that Ruth did for John Moor in 1856 She also records paying Wm. M Hazel for 100 # beef at 9¢ per pound. The account of Mrs Ruthy Palmatary work for Fox & Spicer begins from the back of the book, 2 pages . Then follows the record of her payments for a house to Henry R Hazel Midway she sold the house for \$120 which she paid to Hazel and continued with 2 more payments bringing the total to \$220 She took a beating on that deal She records work done in 1859 for Thomas Kirby, Lewis P. Scotten, and Elya Hazel, including clothes for James Henry(Hazel). She recorded payments to Edward Disch in 1860 and William Vane in 1861. Then is recorded the apprenticeship agreement:

William H Palmatary set in to work with James Snow Aprel (sic) 23 1860 for 3 years at 50\$ the first year, 60\$ 2 year, 70\$ the 3 year and a set of bench tools and pay mother extra for washing 1\$ per month.

Received	\$	cts
Cash	11	
4 bushel of wheat		
railing put done	5-	50
Left December 2	1861	

- 3 Cover. **Manlove H Palmatary Book year 1857** Contains only one record in an account of William Palmatary with Thomas H Denney in 1861

- 4 Cover Ruth Palmatry in act with Reeves Two pages of Ruth's account with J. A. Reeves 1854 - 1861 Back page lists work done for Reeves 1859 - 1860. She wasn't paid until 1862
- 5 Cover: **Mrs. Ruth Palmatry in acct with Thos. H. Drimey [?] June 8th 1859.** I'm not able to tell what the merchant's last name is Here is how it is written. *Drimey* *Drimey*
The account is on five pages, years 1859 - 1862. In back are 3 pages recording the work done for Drimey This includes clothes made for William Pruet, Thomas Ruth, C. Wheatman, Eaton Morrisy, George Louhn [?], and S. Garmon.
6. Cover: **Lawing**; Back cover: **Manlove H Palmatry Book Apr 23 1866.** Five pages record money received from D Sale; 2 ½ pages record clothing made for Gervis Buckson, Denny, R Fowley, Person, Farrow, Spicer, Laws, Carrow, Mr. Satern, H. Hazel, Spicer's cleark (sic), Blackman, Moor. These pages are undated. Then follow unused pages until the end, where William Palmatry records work for M Carmon, and, in September 1858, for E K Smith and an account with Sarah (Sally) Voshel for lots of sweets.
7. Cover: **John Buckson Account Book.** This is a very thin book and has only a half page of work records of Mrs R Palmatry, undated. Clothes were made for someone whose name I cannot decipher, Riggs, and H. Knight.

To learn more on the Ruth Palmatry family, I visited the National Archives and searched the U. S. census and Civil War pension records. From these I learned that Ruth married John Palmatry in Raymond Neck, Delaware, on June 20, 1809. The 1840 census has John as head of household in Duck Creek Hundred, Kent County, Delaware. He died of dropsy on August 5 or 7, 1844, leaving Ruth, at age 27, a widow with two sons ages three and one.

In the 1850 and 1860 census records, Ruth is living with her sons, Manlove H. and William H., in Little Creek Hundred, Kent County, Delaware. All three were born in Delaware. In 1860, Manlove is employed as a clerk, William is an apprentice Both sons are soon to fight with Union forces in the Civil War and be the subject of pension records.

Manlove enrolled November 22, 1862, as a Corporal in Company F, Regiment 6 of the Delaware Volunteer Infantry. This was a special unit to be called when needed, which wasn't called until June 27, 1863. Manlove served until August 22, 1863, when he was honorably discharged at Smyrna, Delaware. On July 18, 1890, Manlove, living in Cheswold, Kent County, Delaware, filed for an invalid pension, saying he was unable to work because of kidney trouble and rheumatism. He submitted affidavits to this effect from neighbors Caleb Boggs, age 46, and Peter L. Barcus, age 60, and from physician John M. Smith. A Surgeon's Board examined him and found no disability, but his petition was rejected because he was not in U.S. Service for 90 days. The same basis was used in 1928 in rejecting a request from Manlove's son, H.V. Palmatry, for a pension for his mother. H.V. was living at 619 Melrose Street, Chicago, Illinois when he wrote the request on October, 13, 1927. [Pension Application number 891503]

William was mustered into service on June 2, 1862, in Company G (Captain Wm. H. Hillaclay), 4th Regiment of the Delaware Volunteer Infantry. He died a Corporal on January 15, 1865, of dysentery in a regimental field hospital "in front of Petersburg, Virginia." His \$14 a month dependant payment to his

Revision of the WILLETT Family History

In a letter to the editor from Bro. Leo Willett, S.M., he writes:

The Willett Family of Maryland, Colonial Pewterers, Kentucky Pioneers, by Mary Louise Donnelly, was published in 1983. The book is out-of-print and is being revised. This book started with the family of **Edward and Tabitha (MILLS) WILLETT** in Prince George's County in Colonial Maryland. A revised edition will be published soon. Please send corrections, updates and additions to M. L. Donnelly, P O Box 97, Ennis, TX 75120.

(Single Parent cont. from previous page)

mother was converted into an \$8 a month pension on January 16, 1865, but she was required to document her entitlement. She was still living in Little Creek Hundred, Kent County, Delaware, when she submitted the application on August 6, 1865, receiving her mail at Moretown Station. She submitted affidavits affirming her widowhood and dependancy on William from Elijah Keys, Barratt P. Green, Warren Hasper, and James H. Hazel. They declared that her other son was married with children, so could not support her. She also submitted an affidavit from the physician who attended her husband's death, Samuel M. Fisher of Smyrna, Delaware. The pension was affirmed by the government in 1869, but the pension file holds no record of when the pension ended [Application number 112930; certificate 99322].

PGCGS Minutes for 4 Feb 1998

by Karen Aamot Lowman, Rec Sec

Pres Daniel LaRue opened the 4 Feb 1998 meeting and asked for introductions of out-of-state/town or new members or visitors. The Computer Survey returns are still arriving and being requested, and will eventually be added to the first tabulation.

Deyerle Atkins, Refreshments, needs more sign-ups for donations for future meetings.

Education Chairman Phyllis Jensen urged all to scan the Bulletin Board at each meeting for all the notices she posts, some with hand-outs. She urged everyone to take the flyers announcing our March Beginners Seminars to post in any/all appropriate places.

Diane Stultz is seeking new volunteers for the Records Committee and passed around a clip-board for sign-ups. The next publication project has not yet been chosen from the several possibilities waiting.

Webmaster Rudolph Krutar has done some more reorganizing of our website and has a separate page of all our publications. Our site has been accessed over 500 times so far. Since our president does not have an E-mail address, V-P Bill Robey offered to let his be added as a contact.

Dan summarized the highlights of the 24 January Council Meeting, beginning with these positions newly filled:

Publicity Chairman -- Richard Newkirk

Bulletin Editor -- Mary Frazer

Queries Editor -- Patricia Shawker

These volunteers were heartily applauded in appreciation.

The impact of the Internet on publications is a concern. The money we earn on the book sales goes to publish new books. Unfortunately, the Gasch book is not selling very well.

We will accept an offer of free space on the P G County Genweb, linked to the Md Genweb, to supplement, not replace, Rudy's site and give us more publicity.

1st VP/Programs William Robey announced the next two speakers and topics. By a show of hands, members favored a suggestion for April: a short talk with long question period re computers and the Internet in genealogy.

The Civil War Soldiers Project is on hold, awaiting the starting gun from Ft Wayne. Also on temporary hold is the Bylaws Revision. Now a Nominating Committee is needed.

Josephine Beagle reported our Treasury status as of 31 January 1998:

Revenue	\$242 53	#1 Building Fund	\$472 88
Expend	\$552 97	#2 Building Fund	\$4,805 66
Decrease	(-) \$310 44	McCafferty Award	\$2,097 81
		Archives/Library	\$1,129 51

Savings	\$4,622 09	Petty Cash	<u>\$50 00</u>

THIS AND THAT

Reunion news - Nancy Bouvier, society member, would like to hear from descendants of **PEACH/ROANE/WALKER** of Mitchellville for a reunion to take place Saturday, August 1, at 2 pm. There will be another reunion two weeks later on Saturday, August 15, 2 pm, for descendants of the **WALKERS** of Washington Grove. For particulars contact Nancy at 301-627-2258.

Letter to the Editor - Mary L. Fraser, society member, writes "I have a studio picture of **Bowie WILSON**, taken by **C. M. Bell**, 459-465 PA Ave, Washington, D C. On the back is written "June 5 1889, Bowie Wilson, 2nd cousin of Stanley" **Stanley M. Jones** was my grandfather". I would like to share this photo with any of Bowie's descendants. Contact Mary L. Fraser, 100 Escobar Ct, Los Gatos, CA 95032-3825.

Rave Reviews - Jean A. Sargent, the society's Queries Editor for almost 20 years, received rave reviews on her *Babb Family of America*. Mr. Frederick R. Boyle, CG, reviewing for the NGS, March 1998 issue, called it "a success story in current genealogical writing" plus admiration for the book overall. Even if you do not have Babb ancestors, checking this book out will give you ideas for writing your own family history.

Refreshments - The telephone numbers to contact Deyerle Atkins, Refreshments Chairperson, are now on the back of the *Bulletin* under her name and address. If you missed the sign-up sheets, but would like to donate toward paper goods or offer goodies, just give her a call.

The Registered Voters List ends with this issue. However, in the same ledger, following the list, Patty Shawker discovered a clerk's accounting of some Prince George's County, Md probate records. This accounting is valuable as it serves as a mini index to the probate action taken in each case. A compilation of these records will be published in the June 1998 issue of the *Bulletin*.

PROGRAM SPEAKER for 6 May 1998

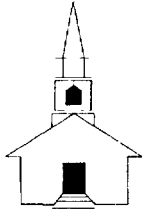

by 1st VP William G. Robey

Richard Schmidt has spoken to our Society in the past, most recently on the subject "What's In A Name."

He is currently serving on the Board of Directors of the Genealogical Council of Maryland, and is the council's Newsletter Editor.

His subject for the May meeting will be "The War with Mexico" in the 1840's, and Maryland men who served in the War.

PHOTOS ONLINE Kodak has now launched its new photo scanning service, the Kodak Picture Network. When leaving film for processing, customers can now request their pictures be immediately placed on the Network. Pictures come back as usual, along with a claim card and number used to access a personal page on the Kodak Picture Website. For more information, contact your photo processing company.

CITY DIRECTORIES These surveys give a record of every business place and house in a town. The name of the owners and street address of the business is given. For residences, names of the inhabitants and the address of the house are given, along with the occupation of the male head-of-household, and sometimes for all the working people in the household. You can see how long a family lived in a particular house and how long they stayed in the town. If you do not find the male in the city directory for the next period of time, but find his family there, you may assume that he died. This gives you a time period to check for obituaries, cemetery records, etc. If you do not find the family listed in the next city directory, you may assume they moved on. By checking these city directories and finding the part of town in which a family lived, you will find clues to their economic lifestyle.

ADOPTION RECORDS were not confidential records until 8 July 1941. Prior laws on adoption merely established the adopted child's rights as an heir. Before 1941, adoptions were public records and can be found in the civic or probate order books of the parish/county. After 1941 all adoption records, case files, court orders, judgments, etc., became confidential, requiring a court order for viewing. (*Above articles from SW Louisiana GenSoc Vol 22-1, 1998.*)

INDIANA VITAL RECORDS Birth certificates were recorded beginning in 1907. There is a 75 year privacy rule for obtaining these records. Records available are those from 1907 through 1921. After 1921, the records are available only to the persons involved and their immediate family members.

Recording of death certificates began in 1900. There is no privacy rule. The Department of Health has county indexes from 1900 through 1917. Statewide indexes are available since 1918. If a date of death is unknown, a five-year search will be made for \$4, which includes the price of a certificate. Credit card orders will be accepted over the phone.

The Indiana State Department of Health has moved into offices at 2 North Meridian St., Indianapolis, IN 46204, phone number (317)233-2700, FAX (317)233-6210. Certificate requests may be made by mail, phone or FAX. The Department of Health urges persons to request copies of birth and death records from the county Board of Health in which the event occurred. (*IN HistSoc, The Hoosier Genealogist, 37-3, Sept. 1997.*)

LESSONS IN ANATOMY FOR THE GENEALOGIST: DO YOUR EARS STICK OUT?

One of the ways to identify persons is by the contour of their ears. The French require all ID cards to be in profile so that the ears can be clearly seen. It seems that no two individuals have the same shaped ears.

Remember those old photos you can't identify--try looking at their ears and see if that can help
(*Bismarck Mandan Hist&GenSoc*)

ARE YOU REALLY SCOTTISH? Here is one unscientific method to show you are of Celtic blood According to Phyllis Jackson, podiatrist of Gloucestershire, "During World War II, refugees flooded the town of Hereford (they) turned out to be Scottish, Irish, Welsh and Cornish Poor things were coming to me with awful bunions Quite different from the English ones I was accustomed to see who had broad feet with toes forming a steep angle somewhat pointed from the first to the fifth toe Celtic evacuees had toe tips almost level with one another, and their feet tended to be longer and slimmer except at the base of the big toe where bunions form The English shoe being modeled on the English foot new patients couldn't cram their feet into the shape of the shoe." Jackson took up archaeology and examined skeletal remains of a few Saxon and Celtic bones from a 6th century cemetery and found that the differences held It wasn't just that the Saxons were buried with bronze brooches and amber necklaces--they also had feet shaped like the modern English foot "The cuboid bone was slightly crunched in Saxon feet, but more square in Celts " So now you know how to tell that you're different from the Englishman--just examine your feet! (*Allegheny Co. MD GenSoc, 14-3, Sept. 1997.*)

NEWSPAPERS IN GENEALOGY. There are three reasons why newspapers are valuable newspaper articles help put meat on the information we know about an ancestor, they may be able to confirm or tone down family anecdotes, and they provide information that is not available because the court house has burned down It should be remembered that newspapers are printed on a deadline The reporter may not have time to ascertain and verify all information, or more information may come to light after the paper is printed

Older newspapers were biased in their political leanings and made no bones about it. Also, older newspapers tended to merge articles together without headlines, so it is often necessary to read the paper rather than scanning for headlines

Large city newspapers did not deal with the average person, but there were small newspapers that covered geographical areas of the city or ethnic populations which did cover the lives of average people Local papers sometimes printed advertisements for missing relatives, especially immigrants Beware of published indexes of newspapers The indexer may have included all names mentioned in the paper or may have only indexed certain types of articles Newspaper articles may provide pointers to funeral homes and churches and may mention other locations and other newspapers in surrounding counties

After you have found a death notice, look at issues a week or so before and after the notice Also look at issues a year after the death where you might find memorials printed
(*From a talk by James Reep at 28 May 1997 meeting of the Genealogy Club of the Montgomery Co. Historical Society, as excerpted from minutes by Lorraine Minor in their newsletter "Line Upon Line" for July Aug. 1997, and extracted fm Howard Co., MD GenSoc, Issue 207, Jan. 1998 AND by permission of our own PGCGS member, James Reep.*)

TONGUE IN CHEEK---It's thought that you can use flour to dust old, old tombstones so you can read the inscriptions. Just be sure to use plain flour--don't ever use self-rising in a cemetery

HEARTS and FLOWERS

by Karen Duffy Miles

PGCGS member **Carol A. Smith Randall Dotson** died April 4th at her home in White Plains, MD. A long time member and devoted friend to many of us, Carol rarely missed a meeting. In 1991 Carol made contact with Leonard H. Simmons and set in motion our acquisition of the Thomas F. Murray Funeral Home Records, 1890-1945. A memorial service was held April 7th. Interment at Arlington National Cemetery will take place at a future date.

Condolences to **Irene Beall Unfug** on the death of her husband, **Carl Gustav Unfug**. Mr. Unfug died March 8th, at their home in Christiansburg, VA. Irene's brother, **Raymond M. Beall**, of Gaithersburg, MD, died January 22nd. Members of PGCGS extend their sympathy to the Unfug and Beall families.

Congratulations to member **Joyce Burgess Candland** of Nanjemoy, MD. Joyce was chosen the 1998 Maryland State Mother and represented the State of Maryland at the 63rd Annual Convention of American Mothers, Inc. in Georgia, April 29th-May 3rd.

Family Reunion News

Walker Family Gathering: The yearly gathering of the Walker Families will take place Saturday, August 15, 1998 at Washington Grove in Montgomery County, Maryland. Most of the cousins who have attended these gatherings are descendants of Jonathan Thomas and Jane Amelia (Benson) Walker. All of the folks are descendants of Isaac and Elizabeth (Stuart) Walker who came to Maryland around 1750 and started the family at "Toaping Castle" where Greenbelt, Maryland is now.

This year the gathering will be at the town hall in Washington Grove. Sam Walker, fourth generation in Maryland, was involved in the beginnings of the summer Methodist Church tent meetings and he and several of his children and their families established homes in the Grove. There are quite a few Walker cousins living in the Grove now. The town is celebrating 125 years and the Walker cousins will gather there with Philip and Gloria Winter as our hosts.

If you are an Isaac and Elizabeth Walker relative and have not had information about these reunions from Philip Winter in Montgomery County or Nancy (Walker) Bouvier in Prince George's County and are interested, please call Nancy at 301-627-2258 for more details.

From the Editor

This is my last *Bulletin* as the temporary Editor.
A grateful thank you to everyone for the support and kindness you have shown me. My apologies to Karen Lowman for the errors I made in her Minutes columns. Repeating the January '98 minutes and heading the March minutes with an April date were entirely my fault. Please welcome Mary Fay Nelson as the new *Bulletin* Editor. MWFrazer

Educational Events

by Phyllis Smith Jensen, Education Chairman

SUCCESSFUL FIELD TRIPS: In April during three field trips, a total of 14 people journeyed to the Crofton Library for computer experience. Mary Frazer, Patty Shawker, and Phyllis Jensen, Education Chairman, provided guidance during their hands-on practice. Among the success stories, Josie Beagle, our Treasurer, found her name in a family history on the Internet. Mary, Patty, and Phyllis regarded it as a compliment when one of the Crofton librarians asked if she could join our next group to visit the library. If interest continues, these trips will become an annual event. Many thanks to Mary and Patty for their help and expertise.

VOLUNTEERS LIVE LONGER

A ten-year study, conducted by the University of Michigan, indicates that those who regularly do volunteer work more than any other activity dramatically increase their life expectancy! This was especially significant for men. Men who did no volunteer work had a life expectancy lower than those who volunteered at least once a week. (*Bismarck Mandan, ND Hist&GenSoc, 26-4, Dec. 1997* with the notation "Source: unknown.")

YOU COULD GET ATTACKED BY A TIGER AND DIE.

YOU COULD GET BIT BY A RATTLESNAKE AND DIE.

YOU COULD GET CAUGHT IN AN EARTHQUAKE AND DIE.

YOU COULD GET EATEN ALIVE BY A WHALE AND DIE.

YOU COULD STAY AT HOME ON THE COUCH, EAT POTATO CHIPS AND DIE.

(OR -- YOU COULD VOLUNTEER IN THE PRINCE GEORGES COUNTY GENEALOGICAL SOCIETY AND LIVE A LONG LIFE.)

"THE OLD FASHIONED WAY." Today's genealogists are actively engaged in research via computer. There is much to be gleaned from the Internet, but do not forget that, like other research, information from Internet, CD Roms or even books should always be suspect until verified by primary documents.

Also, remember that the old fashioned method of storing or publishing may be the best. Papers and books survive for hundreds and in some cases, even thousands of years, but a computer is outdated quickly. Remember that any electronic storage of data, from tape players to computers, will have to be continually updated. When parts are no longer available for older machines, the data that they produced will no longer be able to be recovered or read.

We do not know what the future holds. Perhaps the form of energy may be changed, perhaps computers will be by-passed for some unheard of new invention. But you can always read a book and if you do not publish, keep handwritten or typed copies of your data so that future generations may benefit from your work. (*SW LA GenSoc, 22-1, 1998*)

June meeting speaker:

by 1st VP William Robey

Richard Schmidt, the scheduled speaker for the May meeting, was unavoidably detained, however, he has agreed to speak at the June meeting.

Richard Schmidt has spoken to our Society in the past, most recently on the subject "What's In A Name". Mr Schmidt is a native of Baltimore, and has been doing Genealogical research for nearly 25 years. He is a founding member of the Family Historians Genealogy Club of Ft Meade. He has written several articles in genealogical magazines and newsletters, and in 1981, published his own family history book *Sixteen Maryland Families*. He is currently serving on the Board of Directors of the Genealogical Council of Maryland, and is the council's Newsletter Editor.

prepared by Phyllis Smith Jensen, EDUCATION CHAIRMAN

With the warm weather here, a number of you are probably making plans for your next genealogical research trip **Plan your visit with care! To avoid wasted time, do your homework before you leave.** If you expect to visit a variety of places, such as the county recorder's office, town clerk's office, local library, local genealogical or historical society, make a list of those places, addresses, phone numbers, questions for them, and goals you hope to accomplish. Here are a few suggestions

BEFORE YOU GO:

Write or call for the following important information

Does that public place or office house the records you wish to search?

Many original courthouse records are now housed in the local library, the local genealogical society, or the State genealogy society

What days of the week are they open and what are their hours?

Do they close for the noon hour?

Some rural public places with small staffs do not stagger their lunch hour

Consequently, the office is closed while **everyone** goes to lunch. As the saying goes, "When in Rome, do as the Romans do." Please be considerate of their local customs.

Make reservations ahead whether headed for a small rural community or a large city. Sometimes the only accommodations found in small rural communities are located in larger neighboring towns. In three rural neighboring towns in the mid-west where I have searched cemeteries, I found no motels and on Sunday, no restaurants were open. In addition, there were no grocery stores in two of those towns. Even in the larger, county seat town, I found everything closed on Sunday. Plan a trip to the local cemeteries on days when everything is closed. Bed and Breakfast accommodations have now begun to appear in small towns where there are no traditional lodgings so inquire about this possibility. In the larger cities, contact the Chamber of Commerce or Tourist Bureau for a tourist package. Also inquire about transportation and parking to and from your lodging to your research sites. Check out every aspect of your trip before you go so that you are prepared.

SET GOALS: What do you hope to accomplish? Obtain various vital records? Locate and photograph a grave? Locate and photograph the family home or homestead? Search probate or land records? Find an obituary in the town's old newspapers? Again, check to see where they are now housed, if they have been microfilmed, and where the film can be viewed. While there, check the local phone directory for families with the same name? Set goals and prioritize.

ORGANIZE Besides taking along plenty of pens, pencils, and paper or notebooks, take along all pertinent genealogical information such as ancestor charts, family group sheets complete with maiden names, dates, ages, plats or maps, and any other necessary information and needed supplies - all organized for easy access. Also don't forget to take extra record sheets and research log sheets. So as not to duplicate your research efforts, record what records were searched and what was found. And **when nothing is found, that too needs to be noted.** Also take along your camera and plenty of

film Inquire as to whether a copy machine is on the premises and bring along a good supply of change and small bills In some large cities, it is not unusual for the cost to be \$1 00 per page

PROBATE CLERK'S RECORDS

Prince George's County, Maryland

Compiled by Patricia E. Shawker

The following Probate Records were found at the end of the Original Book that contained the Voters List ¹. They appear to be a clerical accounting of the Probate Records of Prince George's County, MD during the years 1915 to 1920. Since these records were obviously added at a later date to the Voters List of 1868-1869, they are not included as a separate item in the Maryland State Archives listings of their holdings. The citation to the ledger is MSA C 1256, MdHR 14,065, 1/24/14/52. This is the complete list.
