Lode Runner: The Legend Returns

{ewl D2HTools, D2H_256Color, LODEt.BMP}

Addicting Arcade Action with a Brain-Teasing Twist!

Product Category   Action/Arcade

Topic   Puzzle Strategy

{ewl D2HTools, D2H_256Color, LODE.BMP}That's right! *Lode Runner*, the classic million-plus seller from 1982, is back and better than ever! The all-new, state-of-the-art *Lode Runner: The Legend Returns* edition asks one simple question -- are you up to the challenge of a non-stop, action-filled, brain-twisting treasure grab? You'd better be, because the Mad Monks of the Evil Empire don't give second chances, especially when they discover a Bounty Hunter trying to steal back the gold they stole in the first place!

As you are pursued through each of 150 mind-mangling mazes by an enemy that knows no fear, you must snag all the treasure, dodge the evil Monks and starting with just your trusty laser-pistol, bore through enough floors and walls to find the extra tools you need to make it to safety.

More than just arcade-style fun, each level of *Lode Runner: The Legend Returns* demands that you quickly come up with a strategy of attack, defense and movement if you expect to get out alive. With Mad Monks at your back, you'd better think quickly and hope your plan works, because pure reflexes won't be enough to defeat the speedy, constantly shifting enemies. Hey, nobody said being a Bounty Hunter was easy!

- Ten different underground worlds. Over 15 levels of think-fast, run-fast challenge in each world, with surprise and danger lurking around every corner!
- Everyone in the family can share the fun figuring out how to grab all the gold, then escape from the bad guys.
- Thoroughly updated, high-resolution graphics, including fluid animation, intriguing play fields, and bold, colorful characters.

MetalTech: Battledrome

{ewl D2HTools, D2H_256Color, BATTLDt.BMP}

Thundering Robotic Combat for those who have guts!

Product Category	Action/Arcade
Topic	Modem-Ready Robotic Combat
Age	Males 12 to 45

{ewl D2HTools, D2H_256Color, BATTLD.BMP}High tension and high stakes fill the Battledrome arena as fully-articulated Herculans wield their might effortlessly across the cyberscape. *Battledrome* puts it all on the line as mighty Hercs fight one-on-one for power, pride and money.

Battledrome, a virtual combat arena where strategy and tactics count as much as firepower. You choose your Herculan (HERC), its weapons, the arena conditions, the level of battle, and the amount to wager. Bet for prize money to build your own arsenal of Hercs. Or, in desperation, bet your Herc!

Battledrome is modem and network ready. Challenge anyone, anywhere in head-to-head combat. Or, pit your Herc against the best of the computer generated opponents in *Battledrome's* own network universe. Win with cunning or win with cannons. Either way, you'll have to challenge and duel your way up the ladder. Only one fighter can be ranked #1.

Battledrome -- Blast into the MetalTech Era.

- Intricate articulation and design take these HERCS to an all new level of robotic animation.
- Network and Modem ready for one-on-one combat with anyone, anywhere.
- Camera remotes for complete arena view; heads-up cockpit display.
- Ten HERC chassis and broad weapons arsenal for customization.

Stellar 7: Draxon's Revenge

{ewl D2HTools, D2H_256Color, DRAXONt.BMP}

Gir Draxon's Back and More Ruthless Than Ever!

Product Category	Action/Adventure
Topic	3DO Space Battle

{ewl D2HTools, D2H_256Color, DRAXON.BMP}The most diabolical tyrant in the galaxy has his sights set on the unified planets of the Terran Confederation! Gir Draxon, supreme Overlord of the Arcturan Empire, is mobilizing for a massive invasion of the Terran System. In a desperate attempt to meet this threat, the Terran Defense Fleet has been dispatched to destroy the Arcturan invasion force as it assembles. Too late, Terran scientists have discovered the existence of Warplinks -- mysterious phenomena allowing the transfer of matter between distant worlds. Gir Draxon is using these Warplinks to marshal his invasion armada in seven space-time quadrants near key Terran colonies and command centers. With the Terran Fleet flung halfway across the galaxy, the only thing standing between humanity and certain annihilation is a prototype assault vehicle, code-named RAVEN. YOU must pilot the RAVEN through the Warplinks and eliminate Gir Draxon's invasion force before it can attack. So grab the controls! Blast and keep blasting! Gir Draxon MUST die!

Game play so new and thunderingly realistic...your neighbors will call in the National Guard!

Draxon's Revenge is a spine-chilling, action-packed, first-person shooter that takes full advantage of the awesome game play capabilities of the 3DO system. Based on the enormously popular *Stellar 7* for the PC, *Draxon's Revenge* is an addictive and visually stunning battle wagon that fills the television screen with astonishing 3-D special effects! Dynamix' ingenious designers have used the machine's 3 Megs of memory to give players sure-footed control, millions of colors, killer CD-quality techno-rock music, and lightning fast in-game action!

Draxon's Revenge brings the 3DO roaring to Life!

- Eye-sizzling explosions reward each enemy hit!
- State-of-the-art, texture-mapped, light-source-shaded, polygon-based art and graphics take full advantage of the astonishing 3DO system to give you true, super-smooth and ultra-realistic 3-D motion!
- House-rattling sound effects and pounding CD music!
- Non-stop game play action so fast your mind will reel as you try to target the Draxon blurs in front of you while simultaneously watching your tail for incoming enemies!
- Take time before you squeeze off a shot!! Each of the game's 7-moons has a hidden Draxon leader -- and you'll need reserve firepower to take him out!
- Voice enhanced, movie-quality film clips bring the 3DO system alive and put you in the center of the game!

The Adventures of Willy Beamish

{ewl D2HTools, D2H_256Color, WILLYt.BMP}

What If You Were Nine Again...Knowing What You Know Now?

Can You Say "Seriously Deep Doo-Doo" Boys and Girls?

Product Category	Adventure
Topic	Comedy Adventure

Just how much trouble do you think you could get yourself into if you could be nine years old again...knowing what you know now?

Remember...

- Your tag-along little sister...Just how hard would you have to push to get her swing to do a loop?
- Ancient Ms. Glass' English class...Hey kiddies, can you spell "cardiac arrest?"
- Good 'ol mom and dad...Dump 'em fast, dump 'em now, look cute and blame everything on your sister.

{ewl D2HTools, D2H_256Color, WILLY.BMP}Welcome to the terminally cute, seriously warped world of Willy Beamish. You'll face neurotic yuppie parents, teachers pushed over the edge, a ghostly grandfather back from the grave, the baby-sitter from hell, a pet jumping frog on steroids, and a plot to blow the city's sewer system sky high. It's chaotic, it's juvenile, it's definitely deranged and you're gonna love every minute of it.

Jeff Tunnell, the creator of *Heart of China* and *Rise of the Dragon* brings together animation talents from *The Little Mermaid*, *Johnny Quest* and *The Simpsons* for a wise-cracking, eye-popping chance of a lifetime...*The Adventures of Willy Beamish*.

Featuring a seriously mental cast of characters, an easy-to-use point-and-click interface, traditional cell animation, hand-painted backgrounds, truly wicked puzzles and an outrageous original soundtrack.

How The West Was Fun!

Return With Us Now To Those Thrilling Days of Yesteryear...When Men Were Men, Women Were Women, And Sheep Were Scared!

Product Category	Adventure
Topic	Comedy Western

"Full of Al Lowe's biting wit and zany characters." -- *Electronic Games*

{ewl D2HTools, D2H_256Color, PHARKAS.BMP}Al Lowe, author of *Leisure Suit Larry*, abuses The Old West in computerdom's first Comedy Western: *Freddy Pharkas, Frontier Pharmacist*. And you get to live that legend...the tall-but-twisted tale of a man raised as a gunslinger, who gave it all up for his first love: pharmacology!

The year is 1888; the setting, post-Gold Rush California. As *Freddy Pharkas, Frontier Pharmacist*, you uncover a treacherous plot to turn your once-thriving metropolis into a ghost town. With pestles and pistols, you defend your bucolic burg from one catastrophe after another: arson, stampedes, hired guns, riverboat gamblers...even terminal flatulence!

Al Lowe has stolen...er, immortalized...every Hollywood Western cliché and character, adding his own perverse twists to produce his funniest game yet! You'll meet the pretty-but-shy Schoolmarm, the Madame with a Heart-of-Gold, the faithful Indian sidekick (Srini Lalkaka Bagdnish), and a cast of the most memorable characters ever to grace your monitor's silver screen.

So come on, buck-a-roos! Strap on your spurs, saddle up your Palomino, and:

- Point-and-click your way through sagebrush, livestock, cacti, buzzards, & swinging saloon doors...just like at the movin' pitcher show!
- Drink your own mistakes from an authentic, working, late 19th-century laboratory!
- Unlock your hidden potential with your very own copy of *The Home Medical Advisor (1881 Edition)*!
- Learn (and quickly forget) the real words to *The Ballad of Freddy Pharkas*!

Topic   Puzzle Action

"*Gobliins* 2 is a great sequel to a great game. You're sure to always be entertained!" -- *Computer Game Review*

"*Gobliins* 2 is sure to keep the best puzzle-solver laughing and adventuring for endless hours." -- *Press Publications*

Sequel to the Winner PC Excellence Award -- *Game Players Magazine*

"Solid, entertaining software. A delightful adventure!" -- *Quest Busters*

{ewl D2HTools, D2H_256Color, GOBLIN2.BMP}"Sierra has devised two more ways to frustrate and delight puzzle game fans. Named Fingus and Winkle, these two gobliins have set out on a seven-episode Gobliin quest. The Landscapes are colorful and the animated gobliin antics even more so. *Gobliins* 2 is a good choice for puzzle lovers." -- *Computer Gaming World*

"Sierra continues to impress us with solid, entertaining software. More involved and intricate than the original *Gobliiins*, but bigger and better! If you enjoyed *Gobliiins*, you'll love *Gobliins* 2!" -- Fred J. Phillip, *QuestBusters*

Mischief, mayhem, and mirth await. A foul fiend has nabbed the Prince! With your help, Fingus and Winkle can rescue him. *All is not lost (yet).*

Bring in the big guns.

Fingus is prudent, patient, and has a penchant for logical puzzle solving. Winkle is reckless, rowdy, and raucous. You need special talent, indeed, to lead these two through seven worlds of madness. Each world is a minefield of twisted traps, wily wizards, and perplexing puzzles.

Hurt them. They like it.

In this journey of sheer lunacy, Winkle and Fingus execute just about any plan you can cook up. Try smashing 'em under giant boulders, squishing 'em in massive machines, or shredding 'em in gruesome monster battles. Your ideas can't really harm them. Besides, it's all in the line of duty to save the little Prince. Winkle and Fingus await your every command. Be gentle.

Even More Gobliiny Goodness!

- Simultaneous multi-character mouse control.
- Highly animated characters with hilarious and often unpredictable personalities.
- Humorous sound effects and lively background music.
- Seven vast worlds to explore, each with up to five scenes of equally odd challenges.

{ewl D2HTools, D2H_256Color, LARRY6t.BMP}

The Best-Selling Computer Nerd Is Back!

Product Category	Adventure
Topic	Comedy

Leisure Suit Larry has never played better, with streamlined always-visible controls, hand-painted graphics over digitized photo backgrounds, and some truly outrageous animation.

{ewl D2HTools, D2H_256Color, LARRY6.BMP}You are Larry. Despite this rather unappealing start, you get your moment of glory as a contestant on one of those "do-all, tell-all" dating game shows. After being humiliated by a trio of women you've only just met, you're awarded a "lovely parting gift:" a two-week vacation in a posh spa resort! What are you to do, surrounded by all this luxury...and all *ten* of these *girls*? No one could mess up an opportunity like this, right? Well, remember: You *are* Larry. So mingle, schmooze, hit on anything in a skirt, and work your way up to a "grand encounter" in the penthouse suite!

- Ultra-high resolution 3-D graphics over digitized photo backgrounds give *Larry* an air of comic realism!
- New Control-panel stays visible at all times!
- Hi-Larry-ous events, dialog & plot twists!

Police Quest III: The Kindred

{ewl D2HTools, D2H_256Color, PQUEST3t.BMP}

Product Category	Adventure
Topic	Police Simulation

{ewl D2HTools, D2H_256Color, PQUEST3.BMP}Your wife's been viciously stabbed. You're at the breaking point, bent on revenge. Can you keep your temper and follow professional police procedure? Can you keep cool while you direct forensic and crime lab investigations? Do you have the guts to make it as a cop in the gritty world of crime, corruption and gore? Find out.

The *Police Quest* series is the most accurate simulation of police action you can get. It's so realistic it's used by police departments across the country as a training tool.

"Jim Walls' 'on the job' experiences add to the realism and danger that are evident throughout the game." -- *Computer Gaming World*

Our most technically advanced game.

- Video-captured human actors with life-like action sequences and realistic sound effects.
- A searing music-card compatible stereo soundtrack by Jan Hammer, of *Miami Vice* soundtrack fame.
- Hand-painted, digitized color scenes and graphics.
- Point-and-click, hands-on, no-typing interface.
- While recuperating from injuries incurred in a real-life shootout, designer Jim Walls was asked by Sierra CEO Ken Williams to translate his experiences as a police officer into a computer game. The result was the *Police Quest* series, praised by law enforcement officials for its realism and detail.
- "...reality role playing." -- *Computer Entertainer*
- "So authentic that you can almost smell the cordite of the firing range and see the glint on the handcuffs." -- Donald B. Trivette
- "...characters in the Police Quest adventures seem alive and three-dimensional." -- *Compute's PC Magazine*

Product Category   Adventure

Topic   Fantasy Role-Playing

Sequel to *Computer Gaming World's* Adventure Game of the Year

{ewl D2HTools, D2H_256Color, QUESTG3.BMP}Disaster threatens the land of Tarna. Your friends Uhura and Rakeesh the Liontaur are threatened by warring tribes. Only you can effect peace through a balance of loyalty, friendship, bravery, and honor. It's the darkest, most deadly quest to date. If you survive, you may discover an unspeakable evil that lives at the very heart of fear and violence. And if you succeed, it will be because you cut to the core of the mystery with your mind, not because you managed to sort through a series of stats or slashed through a thousand mindless monsters.

Combining the character-building, combat, and magic systems of Fantasy Role-Playing games with Sierra's unique style of interactive adventuring, *Wages of War* is truly unique.

Play as a Fighter, Magic User, or Thief. Each calling will lead you down new roads of wonder, danger and excitement.

- Hand-painted, digitized art.
- Video-captured animation.
- Multiple solutions depending on character abilities.
- No-typing interface.
- Full music card support.
- Sophisticated conversation and combat systems.
- Start fresh or import your hero from *Quest For Glory I* or *II*.

Space Quest Collector's Edition

Collector's Edition Celebrating Sierra On-Line's 15th Anniversary

Are You Ready For Some Good Clean Fun?

Product Category	Adventure
Topic	Comedy Adventure Game Collection

{ewl D2HTools, D2H_256Color, SQUESTC.BMP}They call themselves the Two Guys from Andromeda. They're a duo of nicely dressed, nearly mohawked, large-snouted individuals who have brought subtle parody, outright satire, and several on-staff corporate attorneys to the formerly formal world of computer gaming. Boasting impressive resume entries such as "Dishwasher," "Singing Telegram Performer," and "Intergalactic Traveler," these Two Guys have taken computer gamers by storm with bold tales of lunar (loony?) piracy, brain-theft, and interstellar invasions of insurance salesmen who won't take "no" for an answer.

Now the complete works of the Two Guys are available in just one box. From the original, incredibly funny *Space Quest I: The Sarien Encounter*, which broke the mold of adventure gaming forever, to the most recent *Space Quest V: The Next Mutation*, which seems to be growing a little mold of its own, *Space Quest* games have won every major award that the industry has to bestow. And more importantly, they've made the Two Guys a <u>whole</u> lot of buckazoids.

What we duped The Press into saying about *Space Quest*:

"If only Hollywood could make sequels like this." -- *PC Magazine*

"The Space Quest series has been one of our favorites for years." -- *Computer Game Review*

"A prime example of why Sierra is at the top of the computer gaming world." -- *Game Players Magazine*

What's in This Box Anyway?

- *Space Quest I* -- Original Text Input and New Icon-Based Parser versions.
- *Space Quest II*.
- *Space Quest III*.
- *Space Quest IV* -- MPC Multimedia Version.
- *Space Quest V* -- English, French and German versions.
- A video look at the Two Guys from Andromeda.
- A complete history of the development of this industry-leading series.

Alphabet Blocks

{ewl D2HTools, D2H_256Color, ALPHABt.BMP}

Featuring Bananas and Jack

Kids Love To Learn With The Talking Tutors.

Product Category	Children's/Education
Topic	Learning the Alphabet
Age	3 to 6

{ewl D2HTools, D2H_256Color, ALPHAB.BMP}Using proven learning methods, the Talking Tutors, Yobi, Bananas, Jack, Spooky, and Loid, establish a one-on-one relationship with your child while giving positive reinforcement. Challenging puzzles and exciting storylines are skillfully blended with music, sound effects and articulate characters to create an extraordinary learning experience. Build your child's Talking Tutor educational library today.

Magical talking toys bring personal instruction home.

Remember the old wooden alphabet blocks? We have animated those blocks, and added two delightful talking characters who use them to teach your child the ABC's. The result is *Alphabet Blocks*, an entertaining, interactive program that teaches your child to recognize the letters and sounds of the alphabet.

This one-of-a-kind program works its magic through our exclusive Talking Tutor members. Bananas the chimp and Jack the jack-in-the-box are intelligent, animated characters who teach the alphabet by clearly and precisely speaking letters and words using human voices.

Along the way, Bananas and Jack patiently guide your child through the ABC's. Your child can learn how to recognize letter styles (block and cursive), match sounds to letters, identify letter names, and associate, recognize, and pronounce words based on their beginning letter sounds.

Alphabet Blocks. It makes learning about letters as easy as A-B-C.

- Bananas and Jack teach your child the ABC's in a point-and-click environment that's easy for children and requires no supervision.
- ALPHABET -- Each letter is shown and spoken in a clear human voice. Either upper or lower case letters can be shown.
- VOCABULARY -- By introducing your child to words, Alphabet Blocks helps make the transition to reading as easy as it is fun.
- PHONICS -- Alphabet Blocks maintains your child's interest by advancing through progressively challenging skill levels.

Build your child's Talking Tutor educational library today.

Talking toys teach your child to read.

The best way to learn to read is with one-on-one instruction. That is exactly what your child gets with Beginning Reading. In fact, this innovative program provides your child with *two* delightful teachers -- Bananas the chimp and Jack the jack-in-the-box. Both are intelligent, animated talking characters.

Bananas and Jack talk to your child using our exclusive technique of matching human voices to animated lip movements. This innovation ensures that your child connects spoken words to written language. Thus, reading skills are developed more quickly.

Our delightful teachers gently lead your child through the process of learning to read. They ask questions, wait patiently for responses, and reward correct answers with positive feedback. They even remember incorrect responses and ask the questions again later.

Beginning readers will love the way Bananas and Jack teach them two-letter sounds, rhyming words, vocabulary building, sight words, alphabetizing, and story reading.

Beginning Reading -- it gives your child his or her own personal reading coach.

Colonial Craziness!

Pepper has a BIG problem. Her Uncle Fred, the family's mad scientist, has scrambled colonial America into one big hysterical, historical omelet! It looks like the British are going to win the war this time...unless YOU can set the facts straight!

Ben Franklin, Baby!

If you want some help with this sticky situation, you'll have to talk to Ben Franklin, but be careful! Uncle Fred's confused him, too! You'll have to help Ben out, or the world will never know about his accomplishments and inventions. Once you get to know Ben, you'll be amazed by his wisdom...and cracked up by his sense of humor!

Cosmic Canines!

This is all too much for one kid to handle, so Pepper brought some backup -- her mischievous mutt, Lockjaw. You'll actually get to play as a dog! Go on, do all the doggie things you've always wanted to try. Sniff out mysteries. Dig holes. Chew things up. BITE PEOPLE!

You'll have more fun than a mutt in a mountain of soup bones as you discover the outrageous art, incredible puzzles, and hilarious humor of *Pepper's Adventures in Time*!

Parents!

- An entertaining, packed-with-facts learning adventure!
- A "Truth Detector" icon for seeking out historical accuracy!
- A vocabulary-building on-line dictionary!
- Puzzles, quizzes and animated rewards to insure information is retained!
- Fast-paced and funny dialog to maintain interest and build reading skills!

Build your child's Talking Tutors educational library today.

Yobi and Crackers will keep your child spellbound.

If you want your child to be a better speller, introduce him or her to Yobi, the wise, magical wizard of Spelling Blizzard. Yobi cleverly blends the proven techniques of drill-and-practice instruction with lots of fun and games. His mission: to teach children ages nine to twelve how to spell the words most commonly misspelled by this age group.

Yobi and his wisecracking parrot, Crackers, are intelligent, animated, talking characters. Yobi patiently gives hints and phonic rules to help your child master even difficult words. Then he offers memory tricks (mnemonics) that enable your child to remember correct spellings long after he or she completes the game.

Along the way, Yobi and Crackers hold children's interest by enlisting their help in rescuing the animals of the Arctic from a mysterious flood. The only way to stop the flood is by gathering lettered stones in the correct order to spell words.

Spelling Blizzard. It's tested by educators, approved by parents, and irresistible to children.

Betrayal at Krondor

{ewl D2HTools, D2H_256Color, KRONDORt.BMP}

Epic Fantasy Role-Playing From The Mind Of Raymond E. Feist

Product Category	Role-Playing Games
Topic	Fantasy Role-Playing

It begins in a land called Midkemia.

{ewl D2HTools, D2H_256Color, KRONDOR.BMP}A realm of enchantment and ancient magic where elves, dwarves and man once battled an unimaginable evil across rifts in time and space. Tellers of lore would make legendary the tales of the Riftwar -- the boy named Pugh who would one day be called Master Magician. His friend, Tomas, who wielded the unearthly armor of the Valheru and commanded the armies of Elvandar. It was an epic tale. A tale of legends and heroes. Magic and men. Yet it was only the beginning.

Now Dynamix and best-selling author Raymond E. Feist bring the world of Midkemia to life in a revolutionary fantasy role-playing experience combining magic, storytelling and state of the art technology. *Betrayal at Krondor* is an all new tale in the Riftwar legacy where you will take your place among legends in an ancient battle of magic, darkness and deceit.

A Virtual Fantasy Universe.

Betrayal at Krondor combines the visual magic of Dynamix's 3Space 3-D technology with the worlds and characters of Feist's Riftwar Universe. Working closely with Feist on the development of both the story and game design, the writers and designers at Dynamix have created a "virtual fantasy" environment that is epic in scope with some of the best writing ever penned for a computer entertainment product. In size, quality, gameplay hours and scope, *Betrayal at Krondor* is unmatched by the competition.

Features:

- Battle-savage opponents who possess sophisticated artificial intelligence.
- Twenty one cinematic scenes and 2,500 frames of rotoscoped animation combined with Dynamix's famous 3Space visuals to create a "virtual" fantasy universe.
- An all-new Riftwar legend written and designed hand-in-hand with Raymond E. Feist, faithfully building upon one of the most richly detailed fantasy worlds ever created.

Meet Larry.

{ewl D2HTools, D2H_256Color, LARRY.BMP}He's just turned 40 and he's still single. If you can get past the glow of his Grecian formula, you can see his hairline beginning to make a hasty retreat from his forehead. Larry's leisure suit is of the highest quality (100% man-made material; permanent press, too!) He wears at least 11 gold chains and his freshly-capped teeth could blind you in a bright light.

Down at the singles bar, he tells the chicks, "sure I'm single...I got in a fight with my ol' lady and she threw me out." He doesn't tell them the ol' lady' was his mom, or that he was 38 at the time.

Yeah, Larry's a Jerk.

He's the ultimate blind date nightmare. The kind of guy you wouldn't want your daughter to meet, let alone date. But he's also become an unlikely cult-hero of the computer age. And he's the star of this new version of the 3-D Adventure Game classic.

So slip into your leisure suit and venture out into the land of the lounge lizards. We guarantee it will be a night you'll never forget.

"Larry's life might be more interesting than your own..." -- *Rolling Stone magazine*

Features:

- Hand-painted and digitized art in brilliant full color (including many of your favorite fleshtones).
- An improved music card compatible stereo soundtrack that'll have you partying all night long.
- New mouse-controlled "point and grope" commands give you quick, one-hand action scoring.
- Incredible three-dimensional animation. Move Larry in front of speeding cabs, into hot tubs, across the disco dance floor.
- Animated characters that come alive. They walk, they talk...they even ignore your best pick-up lines -- just like in real life.

"83-32, please respond code-2...3-37 near the corner of Palm and Brock...11-41 is enroute."

{ewl D2HTools, D2H_256Color, PQUEST.BMP}Action-packed *Police Quest* lets you experience the tough day-to-day encounters of a real police officer.

A Gripping, Real-Life Story

Based on the real-life experiences of California police officers, this story is seething with raw reality. The "Death Angel" has descended on the once quiet city of Lytton. Now the town is besieged with drug trafficking, robbery and murder. The crime wave is escalating to flashpoint level.

Authentic In Every Detail

Exacting police procedures must be followed if any of your arrests are going to stick. You'll soon find out how tough it is to be a cop. Chosen to go undercover to capture the "Death Angel" you must weave your way through the underworld. One careless mistake or anxious reaction and it's all over.

Accelerating Into The '90's

The original *Police Quest* was a milestone in computer entertainment. Now this best-selling glimpse into the gritty world of real police work has been totally overhauled for a new generation of game players. Cruise dramatic, hand-painted backgrounds, bracing yourself for deadly confrontations with video-captured, expertly animated characters. Authentic sound effects and a high energy music track will get you right into the classic real-life adventure.

"Police Quest slapped the handcuffs on my attention and kept me prisoner for a week of engrossing entertainment." -- *QuestBusters*

"One of the best interactive graphics adventures produced for home computers...tough, realistic adventuring at its finest!" -- *MACazine*

"Reality role-playing." -- *Computer Entertainer*

"Police Quest is a serious training tool...Luck does not play a part in successfully completing the program. The simulation is based on skill and knowledge...The depth of training is enormous." -- *Law and Order Magazine*

Features:

- Over 100 city streets and four highways provide the landscape for hot leads and high-speed pursuits.
- A realistic crime computer provides access to vital information on suspects.

The Most Desperate Battle of W.W. II Is About To Begin

Product Category   Simulation

Topic   Historical Submarine

Between September 1939 and May 1945, as mankind continued to push the boundaries of war beneath the surface of the great oceans, Germany launched over 1,000 U-boats into combat against the Allies. These submersible war machines prowled the stormy seas, striking without warning as deadly phantoms of the deep.

{ewl D2HTools, D2H_256Color, ACEDEEP.BMP}You take command in the most realistic and technically advanced W.W. II German U-Boat simulation ever created. Pushing your tactical abilities to the limits, you will stalk the enemy in the icy waves of the North Atlantic in a battle where the hunter quickly becomes the hunted. Attempt to strangle shipping lanes and outmaneuver convoy escorts. React as technological advances, such as sonar and radar, wreak havoc with the success of your submersible torpedo boat. Dive deep to avoid attacks from the sky. Measure your success in tonnage sunk. As the sounds of depth charges and twisting metal explode in your ears you will discover why the creators of *Red Baron* and *Aces Over Europe* consider this their best simulation ever.

The submarine simulation that sinks the competition.

Building upon the award-winning Great War Planes series, *Aces of the Deep* continues Dynamix's excellence in historic simulations and challenges you with a new field of combat. *Aces of the Deep*, the finest submarine simulation yet.

Features:

- Gouraud shaded subs and ships in a fantastic 3D environment with rolling waves, whitecaps, fog, clouds and weather effects.
- Historically detailed missions from the icy North Atlantic south to the Caribbean with famous battles, captains, ships and aircraft.
- Amazing special effects including explosions, burning ships and dramatic sinkings.
- Evolving technology and tactics used by each side, such as new weapons, detection systems and counter measures.
- Highly sophisticated artificial intelligence provides realistic enemy behavior, such as creeping attacks and plaster attacks.
- CD features interviews with six U-boat Commanders, an on-line manual, cinematic introduction, and digitized German and English speech.

Product Category	Simulation
Topic	WWII Air Combat

{ewl D2HTools, D2H_256Color, ACEPAC.BMP}On December 7, 1941, with Pearl Harbor in smoking ruins, aerial history would be born as American pilots launched into battle against the Japanese Empire. Spanning the entire Pacific, the scope of the war would be monumental with mighty "floating airfields" carrying the battle out across the seas. In the air, on the ground and far out at sea, two warring nations would come face-to-face and a new era of pilots would forever mark their place in history. From the Coral Sea to the battle at Midway, young defenders of nations would take to the skies on wings of steel. They would fight with honor and fly with the spirit of legends and be remembered as "Aces of the Pacific."

Step back into history and experience the emotion, men and machines of W.W. II combat in the Pacific. Up against enemy fighters and aces, you'll intercept bombers, dive-bomb enemy carriers, launch ground attacks to cripple enemy air-bases and experience the terror and exhilaration of carrier landings.

Features:

- Tangle with legendary aces such as Greg "Pappy" Boyington, Hiroshi Nishizawa and America's highest-ranking ace, Richard Bong.
- Over 25 meticulously researched vintage aircraft, including the A6M Zero, the F4U Corsair, the P-38 Lightning, the F6F Hellcat, the P-47 Thunderbolt, the SBD-3 Dauntless Dive Bomber, the B5N Kate Torpedo Bomber, and many more.
- Fly for either America or Japan, experiencing the sights and sounds of air combat in the Pacific: Carrier deck landings and take-offs, torpedo dive bombing, mid-air explosions, billowing clouds of smoke and flame, the roar of radial engines and the explosive firing of .50 caliber machine guns!
- Play a quick single mission or enlist for the full tour between 1941 and 1945. Fly with the land-based Army Air Force, in the island-hopping campaigns of the Solomons, New Guinea, Okinawa and Japan itself! Take-off from carriers as a Navy pilot in the historic carrier battles of the war including Coral Sea, Midway, the Philippine Sea and many others.
- A powerful Mission Recorder lets you save an entire mission to disk and then jump back into the simulation at any point to begin playing again!
- A magnificent 240-page manual, complete with detailed historical overview of the war, photos, war maps, pilot profiles, air combat tactics of the era and over 25 color pages of aircraft illustrations.

Just When You Thought It Was Safe To Roam The World...

Product Category	Simulation
Topic	Virtual Robotic Combat

{ewl D2HTools, D2H_256Color, EARTHSG.BMP}From the designers of the original Mechwarrior robot simulation comes an all-new level of robotic warfare guaranteed to set a new standard. *MetalTech: EarthSiege* is set in the year 2341. The earth is being invaded by sentient Cybrids, dead-set on destroying you to control the planet. Your role -- strap on your HERC, configure your arsenal and lead your squadron in what will be the most challenging battle of your life.

You simply honed your fighting skills in *MetalTech: Battledrome,* perfecting head-to-head HERC combat in an arena. Now, in *EarthSiege*, you and your squadron have control from cockpits inside the Herculans (HERCS). Use squadron tactics to fight intelligent enemy Cybrids and pesky flying ships across four different environments. Keep an eye on your Targeting Acquisition Display System (TADS) while you're dishing out a few trigawatts of firepower from your electron Flux. And if these aren't enough toys for you to play with, then customize your HERC from the home base arsenal or from the remains of destroyed enemy Cybrids.

MetalTech: EarthSiege combines fluid HERC movement with photo-realistic cinematic sequences and ambient animations of battle activities for a unique, on-screen visual performance. A random mission generator creates challenging new battle elements every time you play through each of 30 missions. Weapons technology evolves throughout the battle.

Alien Legacy

{ewl D2HTools, D2H_256Color, ALIENt.BMP}

You Are Not The First Human To Battle The Ancient Alien Legacy. But If You Lose, You'll Be The Last.

Product Category	Strategy
Topic	Science Fiction

{ewl D2HTools, D2H_256Color, ALIEN.BMP}The silent planets of a distant sun glimmer and swirl before you. Trillions of miles behind you are the shattered remnants of Earth. You command the seedship *U.N.S. Calypso*, in search of a lost human colony that preceded you to the Beta Caeli star system. Your mission here, in this unknown quadrant of the galaxy, is to explore and colonize as a means of discovering a faster-than-light propulsion device. But beware! The blackness around you is teeming with ancient mysteries; some that can save your fledgling civilization, others that want to totally annihilate it.

This stunning new science-fiction discovery game from Sierra weaves your favorite game elements -- adventure, strategy, and simulation -- into one bold, captivating storyline. Explore unknown planets and moons to discover vital resources, inscrutable artifacts, and unforeseen perils. Build sophisticated planetary and orbital colonies, complete with interdependent supply pipelines, habitats, power plants, factories, and research labs. Race against time to develop awesome new technologies and decipher the clues to your survival. Decide the fate of humanity as you grapple with the *Alien Legacy*.

Explore the outer reaches of the Beta Caeli star system in this science-fiction strategy game, *Alien Legacy,* from Sierra. Search and colonize the solar system that now holds the key to your future. The fate of human civilization rests on your intuition and decision-making. In this highly-detailed strategy adventure game you must discover and harness natural resources, colonize and fight off enemy alien forces while you search for a faster-than-light propulsion technology. You're not the first human to battle the ancient alien legacy. But if you lose, you'll be the last....

Features:

- Created by Joe Ybarra, designer of *Starflight* and *Yserbius.*
- Solve five major plot lines to save humanity.
- Interface with key advisors to determine the fate of your ship, the *U.N.S. Calypso.*
- Explore detailed fractal landscapes as you fly over uncharted planets.
- Explore and colonize the Beta Caeli star system.
- Discover ancient alien artifacts that offer vital clues to your success.
- Battle alien life forms that threaten your survival.
- Face natural disasters of epic proportions.
- Your strategic decisions determine the fate of humanity.
- Explore space, colonize, invent technologies, and battle aliens to save humanity.
- Build orbital and planetside colonies to generate needed resources.
- Detailed fractal graphics with bitmap overlays are used to create realistic planets and ground detail.
- Consult with your officers and advisors, who each have distinct personalities and motives.
- Consult your officers for tactical advise.
- Explore the Beta Caeli star system.
- Construct planetside and orbital colonies.
- Fly over detailed planets in search of essential resources and clues.

Battle Bugs

{ewl D2HTools, D2H_256Color, BBUGSt.BMP}

You may think they are funny, but don't you dare underestimate them!

Product Category   Strategy

Topic   Bug Warfare on a Junk Food Battlefield

{ewl D2HTools, D2H_256Color, BBUGS.BMP}That itsy-bitsy spider bites.   That geeky long-legged grasshopper will jump you and kick your guts out.   That busy bee will buzz deep behind your lines - after he drops a bomb on you, he will sting you until you die.   Its nothing personal - its just their nature.   Its what they do.

Meet the Battle Bugs: professional insect soldiers who are tough, skilled, brave, and completely disciplined.   They will follow your orders without hesitation, and fight to the death.   But so will the enemy bugs - miscue an attack, and the enemy will annihilate all of you without remorse.

As a Battle Bugs general, you face a campaign of 56 battles that progresses from simple Boot Camp exercises to vast, sprawling conflicts such as Dessert Storm.   While every battle is winnable, few are easy.   There are 22 types of Battle Bugs, and the number, type, and deployment of each is different for each battle.   When the numbers are against you (and they usually will be), you will need to use terrain, mobility, formations, timing, and special weapons and tactics in your strategy to achieve the mission objective.   Sometimes the objective is to capture food, such as Plop Tarts or Excramints.   Sometimes, its to beat the game clock.   Sometimes, the only goal is to survive.

The game records your solo campaign victories automatically, and lets you save additional campaigns at any point.   With continued success, you will gather a thoraxful of gleaming medals from Queen Elizabug. In GENERAL VS. GENERAL mode, you can face off with a friend on any battlefield, and set orders time to balance the odds.

However, you choose to play Battle Bugs, get ready for hours of intense strategy play.   The pun-filled battlefields and cartoon characters are for fun, but the challenge is for real - dont you dare underestimate it.

Features:

- In-depth strategy game design based on sophisticated military tactics.
- Very humorous bug graphics/antics and twisted parodies involving common consumer goods from an insects perspective.
- High resolution graphics and excellent user interface - very quick to learn, very intuitive.
- 22 different personified bugs, each with different mobility, strength characteristics, and military weapon power.
- One and two player levels.
