

## Sunspots

Registration Information on registering Sunspots.

The object of this game is to change all the 'Black Holes'  into blazing 'Suns' .

The board starts out with NO Suns. Choose a Black Hole and click the LEFT mouse button. This will change that Black Hole into a Sun. This is the starting Sun.

After the starting Sun is chosen, play can begin.

Choose any Sun, click the LEFT mouse button and the sun will go 'Nova' .

Then choose any two consecutive Black Holes to the LEFT, RIGHT, TOP or BOTTOM of the Nova by clicking the LEFT mouse button on the Black Hole next to the Nova.

This will change the Nova into a Black Hole, and the chosen Black Holes will become blazing new Suns!

Example:

From    to  
   to  
  

In this manner, fill the board with blazing Suns.

To win, leave only ONE Black Hole remaining on the board.

The game is over when there are no more moves left.
