Language School Phonics
(English - Spanish - French)

Shareware Version is restricted to 16 pictures and words, changes to word list are temporary. Registered Version contains 100 pictures and 100 words per language. Changes to word list are saved.

L.S. Phonics main purpose is to drill the student with repetitive Picture to Word association in the language selected. L.S. Phonics has six lessons;

1) Match the whole word with one of five pictures
2) Match the word is missing the first letter with one of five pictures
3) Match the word is missing the last letter with one of five pictures
4) Match the word is missing all vowels with one of five pictures
5) Match the word with first letter with one of five pictures
6) Match the word with first two letters with one of five pictures

You, the student are ask to match the displayed word to one of the five pictures displayed. Each lessons looks for ten right answers, then will move to the next lesson. Lessons will restart at lesson one when all lessons are complete.

(Options.)

<u>Edit Word list.</u>
        You may exchange your own pictures and words with any one of the pictures and words provided. When creating your pictures, pictures must be 100x100 with 256 colors. Try to use the same palette as the pictures supplied.
