SHAREWARE VENDOR DISTRIBUTION POLICIES

Vendors who wish to distribute Fantasy Tools on diskette, CD ROM, or other physical media may do so freely as long as the following guidelines are followed:

1. The offering and sale of Fantasy Tools will be stopped at *any* time the author so requests.
2. Vendors may *only* distribute the shareware version of Fantasy Tools.
3. All the files that are part of the original shareware distribution of Fantasy Tools must be included in the vendor's distribution of Fantasy Tools, including especially this help file and any other information about how to contact Maurice S. Villarreal to register Fantasy Tools and to receive technical support.
4. Your library's catalog or listing must state that this program is not free, but is copyrighted software that is provided to allow the user to evaluate it before paying.
5. Vendors who charge their clients a fee to receive their materials containing Fantasy Tools must make it clear to their customers that the fee does not include the purchase price or registraion fee for Fantasy Tools. This clarification should be included, in writing, with the vendor's distribution.
6. Problems or complaints about the program will be reported to the author for investigation.

Any questions about these policies should be directed to:
