SOLARIS SUBSCRIPTION SERVICE

Solaris for x86 or SPARC
and
SupportPack Developer Support

★★★★Developer Price $1,595.00★★★★

Solaris Subscription Service:

Take advantage of the Solaris Subscription Service from SunSoft to make sure you receive Early Access and First Customer Ship version of the Solaris 2 operating environment and Software Developer Kit (SDK) for your SPARC or x86 application development. Subscribers automatically receive update releases during the 12–month subscription period, and can take advantage of SupportPack resources to get answers to code–level development questions. The affordable Solaris Subscription Service gives developers a simple, convenient way to order software, updates, and support for a full 12 months. With the initial shipment, Solaris Subscription Service subscribers will also receive their choice of a SunPro compiler (Compiler updates are not included).

Benefit to you:

No missed releases or updates with automatic quick shipments.
