WINDOWS NT SERVER AND NETWARE 3.X INTEGRATION

Novell NetWare clients

NetWare
VLM client

NetWare
NETX client

Microsoft network clients
(no NetWare clients loaded)

Windows
NT client

Windows 95
client

Windows
for Work-
groups client

Network backbone

Gateway services
for NetWare (GSNW)

File and Print Services
for NetWare (FPNW)

Laser printer

NetWare 3.12 server
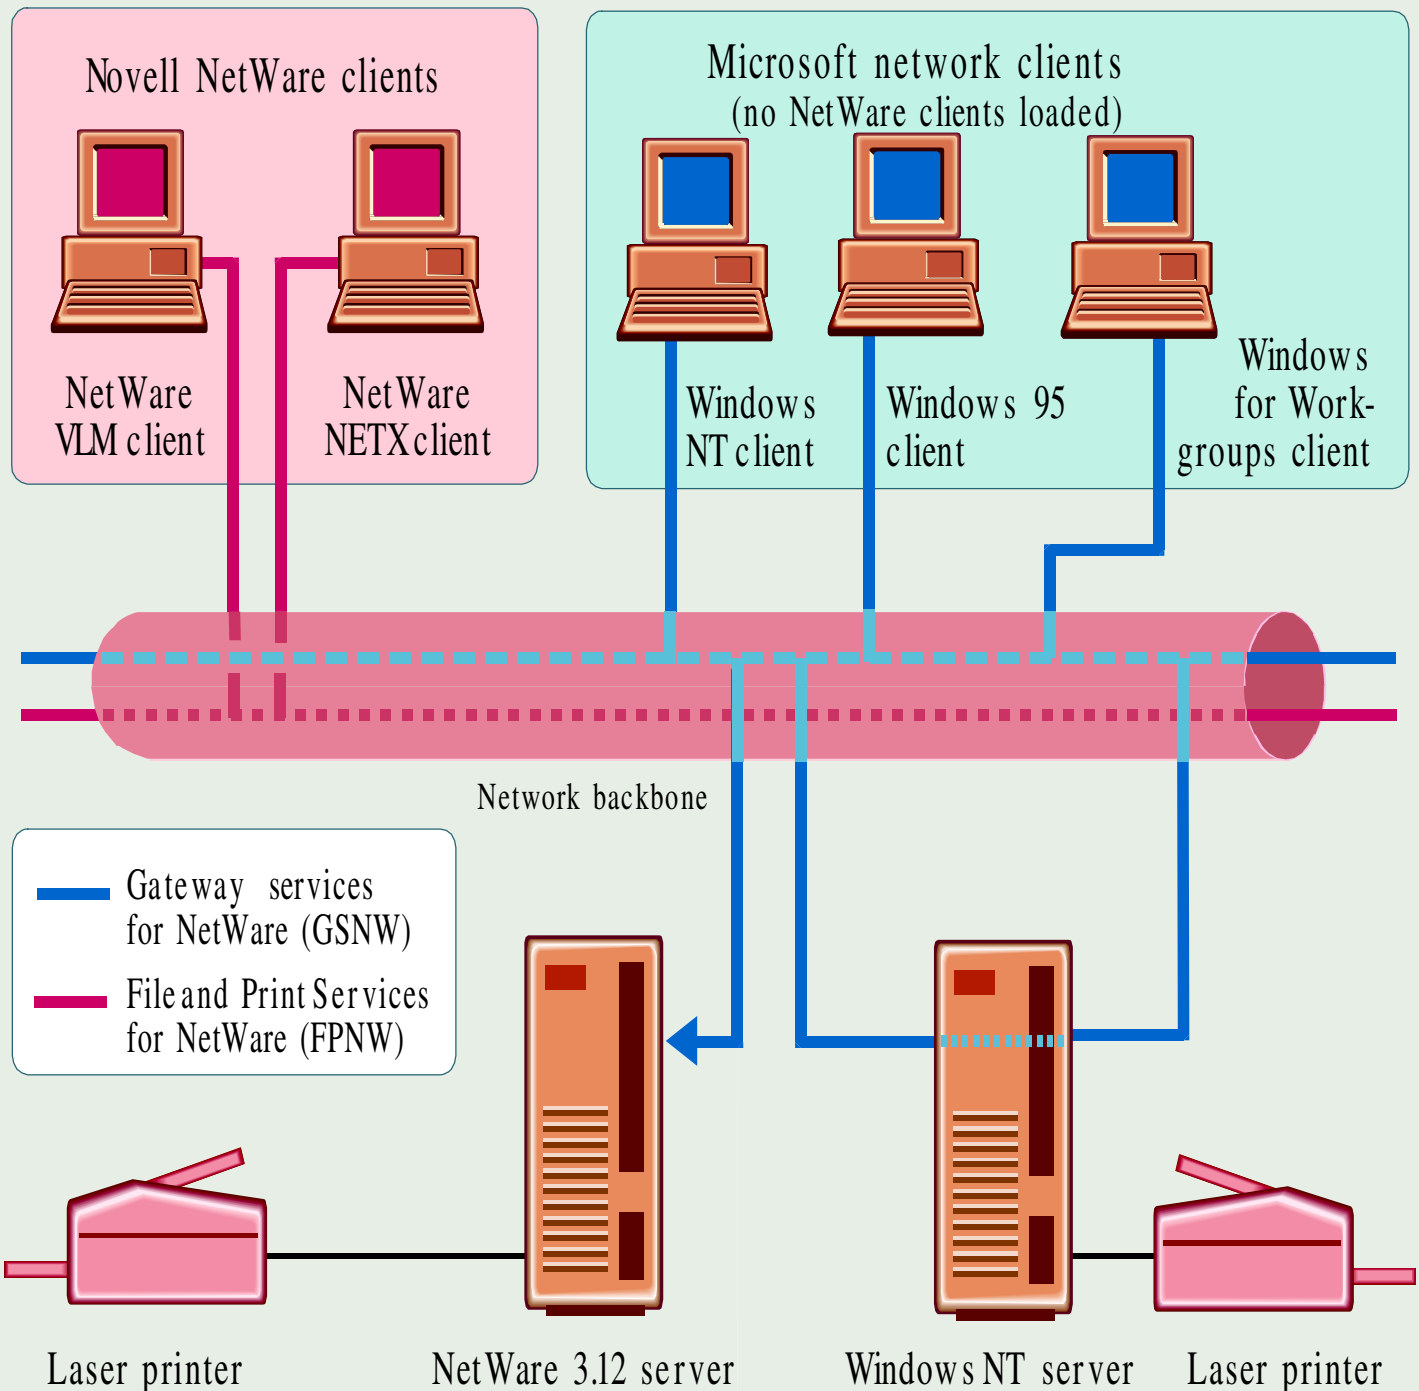

Windows NT server

Laser printer

NT services allow NT servers to coexist with NetWare by allowing MS network clients to access NetWare servers (GSNW); FPNW lets NetWare clients access NT servers.
