\* Get More Information About Windows 95 \*

For more information about Microsoft Windows 95, take a look at Microsoft's WinNews file sections, which can be found on most major online services and networks.

On the Internet use ftp or the World-Wide-Web  
 (ftp://ftp.microsoft.com/PerOpSys/Win\_News, http://www.microsoft.com).

On The Microsoft Network, open Computers and Software\Software Companies\Microsoft\Windows 95\WinNews.

On CompuServe, type GO WINNEWS.

For drawing arrowhead lines Video Two 2 Network On Modem Off

  
 Set Up The Microsoft Network
