

Welcome to "Tokyo Nightlife Interactive".

* **How to Play**

To run "Tokyo Nightlife Interactive", use Run command in the file menu of the Windows Program Manager to run the **OPEN.EXE** program in the root directory on this CD-ROM.

Click upper point of your computer screen to skip the current movie.
Click the lower point of your computer screen to fast forward the current movie.

* **Tips & Hints**

1. You must click on one of the hidden points in your apartment, eg. turn on the stove, sink, or other hidden points, to go out to the night street of Tokyo for the first time.
2. When you are in the convenience store, don't forget to check out the magazines for interesting places to visit.

* **Hardware / Software requirements**

You will need Video for Windows to run this program. If you do not already have it, it is included on the disk. To install Video for Windows, use the Run command in the file menu of the Windows Program Manager to run the Setup program in the Runtime directory.

Other Hardware / Software recommended:

80486 (25MHz) or faster CPU.

8 megabytes of memory.

A CD-ROM drive supported by Microsoft Windows (access time less than 350ms, and sustained transfer rate at least 150K per second)

Mouse (or other pointing device) supported by Microsoft Windows.

Sound card supported by Microsoft Windows.

For optimal viewing, a 16-bit (32,000 colors) or 24-bit (16.7 million) accelerated color video adapter is strongly recommended.

Microsoft Windows 3.1.
